Terror in the Heart of Freedom Hannah Rosen, 2009-06-01 The meaning of race in the antebellum southern United States was anchored in the racial exclusivity of slavery coded as black and full citizenship coded as white as well as male These traditional definitions of race were radically disrupted after emancipation when citizenship was granted to all persons born in the United States and suffrage was extended to all men Hannah Rosen persuasively argues that in this critical moment of Reconstruction contests over the future meaning of race were often fought on the terrain of gender Sexual violence specifically white on black rape emerged as a critical arena in postemancipation struggles over African American citizenship Analyzing the testimony of rape survivors Rosen finds that white men often staged elaborate attacks meant to enact prior racial hierarchy Through their testimony black women defiantly rejected such hierarchy and claimed their new and equal rights Rosen explains how heated debates over interracial marriage were also attempts by whites to undermine African American men's demands for suffrage and a voice in public affairs By connecting histories of rape and discourses of social equality with struggles over citizenship Rosen shows how gendered violence and gendered rhetorics of race together produced a climate of terror for black men and women seeking to exercise their new rights as citizens Linking political events at the city state and regional levels Rosen places gender and sexual violence at the heart of understanding the reconsolidation of race and racism in the postemancipation United States

The June 10th Journal of a New Freedom & New Happiness Joseph Anthony (Fred), 2008-07-18 This book is a compilation of many writings poems prose essays and some dialogue about the invaluable life of sobriety my continued recovery from alcoholism for over 26 years in the 12 Steps of Recovery and in union with God However this work is not limited to one subject Some of this book

Journey of Freedom from Illness and Disease Halina B. Slowik, 2020-09-15 The gift of health and wellbeing given to you at birth by God is your responsibility to maintain throughout your life in matters of your heart and mind When you let hostility or sadness into your life with no room for acceptance or forgiveness you open the door for adversity In the Journey of Freedom from Illness and Disease author Halina B Slowik discusses the importance of maintaining positive thought to prevent illness As a nurse for many years she understands the importance of taking care of one's physical health as well as spiritual health While channeling with the Lord for the last twenty years she has learned of His teachings and wisdom on this subject This narrative from the voice of God expresses His deep desire for all to know of His great love for all people He seeks for all to have wellness of body mind and spirit

The Concept of Freedom in the Writings of St. Francis de Sales Eunan McDonnell, 2009 Through the examination of the concept of freedom in the writings of St Francis de Sales the author concludes that in contradistinction to a contemporary understanding of freedom perceived as self determination a Salesian understanding privileges freedom's relationship to the good This situates St Francis de Sales in the classical Thomistic tradition of freedom's necessary relationship to the good but involves a methodological shift as he employs the Renaissance starting point of the turn to the subject This study demonstrates how St Francis arrives inductively at what St Thomas demonstrated deductively namely the essential relationship of freedom to the good Along with this Thomistic influence the author analyses the Salesian indebtedness to Augustinian anthropology which explains the primacy St Francis gives to the will and consequently to love Love understood as the heart's movement towards the good allows the Salesian approach to move beyond the confines of a traditional faculty psychology to embrace a more biblical understanding of the human person This examination of love's relationship to freedom reveals their teleological and archaeological natures coming back to our origins wherein we discover the source of our freedom bestowed on us as a gift from God
