**From Africa to the Heart of the GOP** David O. Agbeti,2005 This book is a true account of the events on a long ago night when two angels from heaven visited me It is the story of that angelic encounter as I experienced it It happened many years ago but the impressions are still vivid in my memory It was not a fleeting glimpse of ethereal beings

clothed in cloudy mist Those angels were real If seen from a distance they probably would have seemed like ordinary men Close up however no one could have mistaken them for men Anyone would have known they were angels who had come down from heaven During their first appearance it seemed to me their speech to me lasted a long time In retrospect that time period probably could have been measured in minutes That is true even though they seemed like very long minutes They were silent during their brief second appearance albeit puzzled and inquisitive These angels had about them a mysterious air of another world They stood in front of my chair in my living room with an indescribable and lofty majesty Their posture and demeanor spoke of another sphere of existence A sphere about which writers have speculated for thousands of years They somehow reeked of an indescribable physical and mental power that was beyond my comprehension My initial reaction was fright A fright so great it overwhelmed my senses I thought they had come to kill me That was a certainty in my numbed mind That fear quickly became life threatening I did not know it at the time but their actions and speech would be forever impressed on my memory During their first visit they were extremely anxious to reassure me They did not wish me to fear them Their speech was sympathetic and reassuring They told me they had not come to injure me in any way They then explained the reason for their intrusion into my presence Nothing that I have found anywhere in literature except perhaps the bible tells a similar story My personality underwent a complete change that night The brief account of that experience is now told for the first time in the 40 years since that encounter
