Benor,2012-02-01 Benor s study offers a systematic Aristotelian account of Maimonides philosophy of religion that reconciles the ideals of rabbinic Judaism with the sensibilities of a medieval Jewish philosopher coherently unifies his work and shows where Maimonides uncompromising radicalism presents enduring and challenging insights to the history and the philosophy of religion Worship of the Heart explores Maimonides contribution to the understanding of prayer examining it against the background of two contrasting notions dialogue and contemplation The author argues that Maimonides integrates fundamental elements of these conceptions with his own insights to forge a mediating conception of prayer a conception as constitutive of a world view

**Treason of the Heart** David Pryce-Jones,2011-07 Treason of the Heart is an account of British people who took up foreign causes Not mercenaries then but ideologues Almost all were what today we would call radicals or activists who thought they knew better than whichever bunch of backward or oppressed people it was that they had come to save Usually they were applying to others what they saw as the benefits of their culture and so obviously meritorious was their culture that they were prepared to be violent in imposing it Some genuinely hated their own country however and saw themselves promoting abroad the values their own retrograde government was blocking The book deals with those like Thomas Paine who saw American independence as the surest means to hurt England the many who hoped to spread the French revolution and then have Napoleon conquer England historic characters like Lord Byron and Lawrence of Arabia who fought for the causes that brought them glory finally those who took up Communism or Nazism Treason of the Heart is nothing less than the tale of intellectuals deluded about the effect of what they are doing and therefore with immediate reference to today s world

The Call of the Heart Bruce Babington,Charles Barr,2018-11-07 The profusion of research on film history means that there are now few Hollywood filmmakers in the category of Neglected Master John M Stahl 1886 1950 has been stuck in it for far too long His strong association with melodrama and the womans film is a key to this neglect those mainstays of popular cinema are no longer the object of critical scorn or indifference but Stahl has until now hardly benefited from this welcome change in attitude His remarkable silent melodramas were either lost or buried in archives while his major sound films such as *Imitation of Life* and *Magnificent Obsession* equally successful in their time have been overshadowed by the glamour of the 1950s remakes by Douglas Sirk Sirk is a far from neglected figure Stahls much longer Hollywood career deserves attention and celebration in its own right as this book definitively shows Drawing on a wide range of film and document archives scholars from three

continents come together to cover Stahls work as director and also producer from its beginnings during World War I to his death as a still active filmmaker in 1950 Between them they make a strong case for Stahl as an important figure in cinema history and as author of many films that still have the power to move their audiences **Speaking from the Heart**

**Tales from the Heart of the Balkans** Bonnie Marshall,2001-08-15 The diverse peoples of the former Yugoslavia offer us a rich folk tradition with lively tales to delight readers of all ages Marshall has selected 33 stories that represent all major population groups of the region including South Slavic Yugoslav Albanian and Yugoslav Romany Translated from their original languages and retold for a broad audience these tales demonstrate the diversity and unity of the region A fascinating historical overview background information color photos of the people and the land maps and more make this a wonderful resource for entertainment and study [A Heart at Fire's Center](#) Steven C. Smith,2002-05-31 No composer contributed more to film than Bernard Herrmann who in over 40 scores enriched the work of such directors as Orson Welles Alfred Hitchcock Francois Truffaut and Martin Scorsese In this first major biography of the composer Steven C Smith explores the interrelationships between Herrmann s music and his turbulent personal life using much previously unpublished information to illustrate Herrmann s often outrageous behavior his working methods and why his music has had such lasting impact From his first film Citizen Kane to his last Taxi Driver Herrmann was a master of evoking psychological nuance and dramatic tension through music often using unheard of instrumental combinations to suit the dramatic needs of a film His scores are among the most distinguished ever written ranging from the fantastic Fahrenheit 451 The Day the Earth Stood Still to the romantic Obsession The Ghost and Mrs Muir to the terrifying Psycho Film was not the only medium in which Herrmann made a powerful mark His radio broadcasts included Orson Welles s Mercury Theatre on the Air and The War of the Worlds His concert music was commissioned and performed by the New York Philharmonic and he was chief conductor of the CBS Symphony Almost as celebrated as these achievements are the enduring legends of Herrmann s combativeness and volatility

Smith separates myth from fact and draws upon heretofore unpublished material to illuminate Herrmann's life and influence. Herrmann remains as complex as any character in the films he scored: a creative genius, an indefatigable musicologist, an explosive bully, a generous and compassionate man who desperately sought friendship and love. Films scored by Bernard Herrmann: *Citizen Kane*, *The Ghost and Mrs. Muir*, *Vertigo*, *Psycho*, *Fahrenheit 451*, *Taxi Driver*, *The Magnificent Ambersons*, *The Man Who Knew Too Much*, *North by Northwest*, *The Birds*, *The Snows of Kilimanjaro*, *Cape Fear*, *Marnie*, *Torn Curtain*, among others.
