## **Six Fundamentals Of Success:**

The Six Fundamentals of Success Stuart Levine, 2007-12-18 The business environment is so uncertain that no one can afford to miss a step. Some forces are out of our control: recessions, cutbacks, layoffs. But being the best we can be at our job is not. We have total control over that. From the Introduction of *The Six Fundamentals of Success* Everyone has his or her own style at work. But if you look at the people who are successful, you will see similarities. They always do the most important things first; they know how to prioritize. They can sum up how their company stands out from the pack in only a few minutes. They work with a sense of urgency every day. These are the kinds of qualities and habits that never go out of style. Moreover, they are crucial to any successful career and life. By pursuing them regularly, you and your company are more likely to get ahead. In *The Six Fundamentals of Success*, CEO and business consultant Stuart Levine spells out exactly how to practice the constants of business success, whether it's satisfying customers, developing strong relationships, or communicating clearly through six fundamental principles gained from decades of experience working with top executives. But it's the way Levine zeroes in on these fundamentals, adds value, communicates well, delivers results, acts with integrity, invests in relationships, and gains perspective and brings them to life through dozens of pithy, to-the-point rules that makes the book so practical and useful. With no nonsense lessons like "Face time counts," "Do breakfast," and "Share the good news and the bad," Levine offers concrete examples of how to behave, respond, and motivate others. Aimed at business people and entrepreneurs at all levels, whether they work in companies large or small, *The Six Fundamentals of Success* provides the smart, action-oriented guidance people need in today's challenging climate. *The Six Fundamentals of Success* Stuart R. Levine, 2005 A no-nonsense guide to what you must do to succeed at work and in your career. Already a bestseller in the US, this book succeeds in getting across the basic principles of success to a wide audience. Pithy to the point, rules in the same style as bestsellers such as *How to Become a CEO* by Jeffrey Fox and *Selling the Invisible* by Harry Beckwith. Potentially a cult business classic, timeless and down-to-earth advice aimed at making a difference in anyone's life. Wide review and feature coverage in business media expected.
