Social Geography Of Paisley:

A Social Geography of Paisley Mary McCarthy,1969 Arras, 1917 Walter Reid,2011-07-01 Arras 1917 is a biography of the author's uncle Ernest Reid who died in 1917 an officer in the Black Watch of wounds sustained in the Battle of Arras Born and raised in Paisley educated at Paisley Grammar School then Glasgow University Ernest Reid intended to become a lawyer before he volunteered for war service The author the climate in which he grew up and the influences which formed him and his generation the generation which supplied the subalterns of the Great War As a result although the book remains primarily a biography of its subject it also explored the spirit in which Britain still essentially Victorian went to war in 1914 This is the true and poignant account of a young Scottish officer pinned down and fatally wounded in No man's land on the first day of the Battle of Arras on Easter Monday 1917 The gripping narrative creates a mood of sombre inevitability It does not simply set out the events of Captain Ernest Reid's life but puts Ernest's life into its moral as well as its historical context and describes the cultural influences the code of duty an unquestioning patriotism that moulded him and his contemporaries for service and sacrifice in the killing fields of France and Flanders In retrospect he and they seem almost programmed for the role they were required to play and in this lies the pathos at the heart of this moving book **The Irish in the West of**

Scotland, 1797-1848 Martin Mitchell,2001-01-01 The prevailing historical view of the Catholic Irish in the first half of nineteenth century Scotland is that they were despised by native workers because of their religion and because most were employed as strike breakers or low wage labour As a result of this hostility the Catholic immigrants were viewed as a separate isolated community concerned mainly with Irish and Catholic issues and unable or unwilling to participate in trade unions strikes and radical reform movements The Protestant Irish immigrants on the other hand were believed to have integrated with little difficulty mainly because of religious families and cultural ties with the Scots This study presents a radically different view It demonstrates that whereas some Irish workers were used as a blackleg or cheap labour others participated in trade unions and strikes alongside native workers most notably in spinning weaving and mining industries The various agitations for political change in the region are analysed revealing that the Irish Catholic and Protestant were significantly involved in all of them It is also shown that Scottish reformers welcomed and indeed actively sought Catholic Irish participation The campaigns for Catholic emancipation and the repeal of the Act of Union of 1800 are reviewed as are the attitudes of the Scottish Catholic clergy to the political activities of their overwhelmingly Irish congregations

Scottish Textile History John Butt,Kenneth G. Ponting,1987 **Politicians in the Pulpit** Eileen Groth Lyon,2018-12-20 First published in 1999 the world of Christian radicalism in the first half of the nineteenth century is reconstructed here with thorough research by Eileen Groth Lyon Christian radicals during this period sought to incite political action through the use of Scripture using such themes as the rights of man as founded in God's gift of creation the deliverance of oppressed peoples and the perceived favour towards the poor shown in the Gospels The author tracks the

origin and fate of the movement for the first time from its beginnings in the eighteenth century through its implementation in the major politic agitations of the early and mid nineteenth century to its fruition in the achievements of the campaigns for parliamentary factory and poor law reform By focusing on the Christian radical programme Politicians in the Pulpit advances a new understanding of the most important political initiatives of early Victorian Britain *Mill Girls and Strangers* Wendy M. Gordon,2012-02-01 In the nineteenth century mill towns of Preston England Lowell Massachusetts and Paisley Scotland there were specific demands for migrant and female labor and potential employers provided the necessary respectable conditions in order to attract them Using individual accounts this innovative and comparative study examines the migrants lives by addressing their reasons for migration their relationship to their families the roles they played in the cities to which they moved and the dangers they met as a result of their youth gender and separation from family Gordon details both the similarities and differences in the women s migration experiences and somewhat surprisingly concludes that they became financially independent rather than primarily contributors to a family economy **The Physic Garden** Catherine Czerkawska,2014-03-01 Moving poetic and quietly provocative The Independent City life in the early nineteenth century was never short of drama poverty and pollution preyed on all but the lucky few and resurrection men prowled the streets to procure corpses for anatomists to experiment on Life is improving however for young William Lang who begins courting Jenny a fine needlewoman and forms an unlikely friendship with botanist Dr Thomas Brown while working in the physic garden for a leading professor of surgery At first William relishes the opportunity to extend his knowledge of plants and their healing properties while foraging in the countryside in the service of his new friend The young couple s relationship blossoms until seeds of trouble threaten to grow out of control **Image and Identity** Dauvit Broun,2001-01-01 This volume looks at the way that perceptions of Scottish identity have changed through the centuries from early medieval to modern times The idea of Scotland as a single country corresponding to the realm of the king of Scots and of the Scots as all the kingdom s inhabitants may only have taken root during the 13th century Dauvit Broun The 18th century is marked by a period of often competing Scottish identities and the emergence of the British state as a complicating factor in the equation R J Finlay Scottish identity has never been a fixed immutable idea whether held in the head or in the gut some of the most enduring myths of Scotland s Protestant identity were like Ireland s Catholic identity creations of the 19th century they included Jenny Geddes as a Protestant Dame Scotia throwing a stool into the works of an Anglican style church and the Magdalen Chapel in Edinburgh the home of a staunchly Catholic graft guild throughout much of the 1560s becoming the workshop of the Reformation in John Knox s time Michael Lynch **The Historical Geography of Scotland Since 1707** David Turnock,2005-08-04 This is the first book to take a comprehensive view of the historical geography of Scotland since the Union The period is divided into sections separated by the Napoleonic Wars and the First World War and each section offers a general view followed by detailed studies giving a balanced coverage of regional and urban rural criteria and the economic

infrastructure The book contains a number of original researches and Dr Turnock attempts to set the Scottish experience in a framework of general ideas on modernisation *Unionist Scotland, 1800-1997* Catriona M. M. Macdonald, 1998 The roots of Unionism as both a political and philosophical movement are the subject of this compilation that seeks to clarify the true complexity of Scottish political culture and the nature of the much debated Scottish identity **The Scottish Historical Review** James Macle hose, 1985 A new series of the Scottish antiquary established 1886 *The Scottish Educational Journal* , 1920 Local Population Studies , 1984 **Securing an Urban Renaissance** Rowland Atkinson, Gesa Helms, 2007-07-11 This collection adds weight to an emerging argument that policies to make cities better are inextricably linked to an attempt to pacify and regulate crime and disorder It provides discussions from a range of scholars examining policy connections that can be traced between social urban and crime policy and the wider processes of regeneration *Scottish Libraries, 1966-1968* Scottish Library Association, Moira Burgess, 1969 **Capital and Class in Scotland** Tony Dickson, 1982 UK Monograph on social conflict in Scottish capitalism describing social class consciousness in historical context analyses group dynamics entrepreneurial political power problems of solidarity within the working class the labour movement and in politics interest group alliances etc In face of economic recessions unemployment the division of labour woman worker employment contemporary working conditions and trade union action Bibliographys and references **Integrating Geographic Information Systems into Library Services: A Guide for Academic Libraries** Abresch, John, Hanson, Ardis, Heron, Susan Jane, Reehling, Peter J., 2008-04-30 With the onslaught of emergent technology in academia libraries are privy to many innovative techniques to recognize and classify geospatial data above and beyond the traditional map librarianship As librarians become more involved in the development and provision of GIS services and resources they encounter both problems and solutions Integrating Geographic Information Systems into Library Services A Guide for Academic Libraries integrates traditional map librarianship and contemporary issues in digital librarianship within a framework of a global embedded information infrastructure addressing technical legal and institutional factors such as collection development reference and research services and cataloging metadata as well as issues in accessibility and standards *British Books in Print* , 1986 *The Review of reviews* , 1892 **American Monthly Review of Reviews** Albert Shaw, 1893
