Social Work Practice:

Techniques and Guidelines for Social Work Practice Bradford W. Sheafor, Charles R. Horejsi, 2006 0205446175
Sheafor Techniques and Guidelines for Social Work Practice 7e The latest edition of this classic book continues to provide students and practitioners of social work with a one of a kind resource designed to emphasize the different techniques needed for successful practice Carefully updated to provide social workers with easy access to the most current information on professional techniques and guidelines and organized to support a generalist practice perspective Techniques and Guidelines for Social Work Practice illustrates multiple ways in which both direct and indirect intervention activities are a part of the social worker s repertoire Touching upon everything from cultural competence to macro practice the content of this text is so widely applicable it is an invaluable aid in making the transition to a professional career in social work and a staple of professional social work libraries In a classroom it is ideal for use in advanced practice capstone and field work courses Parts I and II summarize the essential foundation elements of social work practice while Parts III through V set out 157 clearly described techniques and guidelines that can be used by students and new practitioners The latest edition includes many changes that make it just as essential as previous editions Techniques deleted from prior editions due to space restrictions are now available at www.ablongman.com/sheafor7e New techniques include guidelines for assessing small group functioning family group conferencing and building mentoring relationships as well as addressing client concerns related to spirituality and religion and serving the client or community experiencing an emergency or disaster Following the lessons of 9 11 new content is included to prepare social workers to deal a client or community emergency Information is included on Family group conferencing a new approach based on the principles of restorative justice about which social workers should be knowledgeable New guidelines for using mentoring relationships in which senior practitioners without direct administrative responsibilities support and nurture developing social workers are included in this edition along with new guidelines for assessing small group functioning as a means of strengthening subsequent intervention activities with groups Chapter 14 now includes a straight forward description of techniques for conducting empirical direct practice evaluation with current illustrations based on students applications of the most commonly used evaluation tools

Social Work Practice in Health Care Settings Michael J. Holosko, Patricia A. Taylor, 1992 Social Work Practice in Health Care Settings is written by social work practitioners for colleagues in health care settings It is aimed at teaching social workers how to survive in a rapidly changing health care system The text emphasizes the role of the social worker in a variety of health care settings with a variety of unique patient disease groups From community health centres to hospitals and from cancer patients to Alzheimer s victims this book brings together for the first time the special expertise of social work in responding to various health care needs One unique feature of this text is the emphasis on the potential for social work role development in each of the particular areas covered With each article written in a standardized format it is appropriate for

both undergraduate and graduate courses in schools of social work as well as for social work practitioners in the field and allied health professionals

Social Work Practice Kim Strom-Gottfried,1999 An ideal supplement for courses in Social Work PRACTICE and METHODS Covers the full range of generalist practice skills as prescribed by Council on Social Work Education The 36 exercises each keyed to specific skills and client groups offers the most comprehensive coverage available today An early exercise 4 is devoted exclusively to the NASW Code of Ethics enabling the students to understand the Code and how it applies to a variety of case vignettes Throughout the exercises the student is provided with hands on experience with individuals families groups communities and organizations

The Common Base of Social Work Practice Harriett Moulton Bartlett,Beatrice N. Saunders,1970 *Direct Practice Skills for Evidence-Based Social Work* Elizabeth C. Pomeroy,Renée Bradford Garcia,2017-12-28 Featuring an evidence and strengths based approach to practice methods this new text teaches students how to apply social work skills in a variety of settings Designed to enhance self awareness professionalism ethical reasoning cultural sensitivity and an appreciation for social justice issues this text introduces readers to social work s core values and practice methods to help them assimilate the skills needed for working in the field Cases and skills based exercises demonstrate how to make accurate assessments and design effective intervention plans After laying the groundwork in theory values and ethics the authors review methods for working with individuals children and families from an individual and environmental strengths based perspective Client engagement assessment intervention evaluation and termination and documentation are then reviewed Readers are introduced to the foundational concepts of social work practice and through application learn to successfully work with clients Key Features Integrates the Council on Social Work Education s EPAS standards and core competencies throughout including engagement assessment intervention evaluation social justice ethics critical thinking professional conduct and decision making and cultural competency and diversity Case scenarios in client interview format that closely resemble actual interactions followed by questions test readers understanding of the practice skills needed to work in the field Skill building exercises including individual and group activities role plays simulations and discussion questions that provide an opportunity to apply one s knowledge and skill sets Personal reflections that encourage students to examine their own beliefs to help them assimilate social work ethics and values into their professional demeanor Icons throughout the text that draw attention to useful tips for developing direct practice skills A strengths based approach that heightens understanding and results in a higher level of proficiency in the change process Introduces challenging situations often encountered in practice to help readers acquire the more advanced practice skills necessary for assessment and intervention Resources including PowerPoints test questions sample syllabi and suggested answers to text exercises and discussion questions

Social Work Practice Marion Bogo,2006-04-11 Social Work Practice synthesizes the latest theories and research findings in social work and related fields and demonstrates how this information is used in working with clients Because the interview is the medium in which much of social work practice

takes place learning the processes and skills to conduct a productive interview is a critical part of social work education

Social Work Practice Benyamin Chetkow-Yanoov, 1997 Replete with numerous diagrams charts tables and exercises the second edition of *Social Work Practice A Systems Approach* brings alive the systems model of social work practice This user friendly guide will allow you to integrate micro and macro modes of intervention sensitize your practice enhance your conflict resolution skills and analyze system environment structures and currents With its outline of a one semester master s level course in systems analysis and its discussion of the 20th century paradigm shift from reductionism to wholeness *Social Work Practice A Systems Approach Second Edition* will be a great asset to social workers both within and beyond the classroom

The Integration of Social Work Practice Ruth J. Parsons, James D. Jorgensen, Santos H. Hernández, 1994 Providing a much needed framework for directing social work practice into the dynamics of social problems this scholarly text shows students how to approach generalist practice in an integrative way The authors suggest social problems i e school drop outs as the focus for thinking about generalist practice and utilize a deviance and labeling a perspective of social problems to provide a context for looking at labeling victimization and disempowerment of the client population The six professional roles of conferee enabler broker advocate mediator and guardian are presented as having applicability across multi level client systems from victim based rehabilitation and education to creation of needed service delivery systems and mobilizing social welfare policies Using an empowerment framework as a principle around which to organize intervention the authors define and apply social work roles in generalist practice and include strategic interventive approaches within those roles Macro Social Work Practice Dennis D. Long, Carolyn J. Tice, John D. Morrison, 2006 Providing an in depth introduction to community and organizational practice this macro practice text gives students a philosophical foundation of core macro practice concepts and skills This text utilizes the strengths perspective as its unifying theoretical model and offers detailed premises and strategies for working with communities and organizations and for promoting social justice It is presented in structured fashion that is both theoretical and applied in nature and makes use of summaries key terms and case examples to help students master the content **Principles of Social Work Practice** Molly R Hancock, 2012-12-06 *Principles of Social Work Practice* is the first textbook to deal exclusively and thoroughly with the significant principles of social work practice and methods that integrate these principles into the common base of practice You will learn from case examples how to apply crucial ethical personal and methodological principles to different practice areas As you increase your understanding of the nature of professional social work and the essence of its value base and Code of Ethics you also learn to develop approaches to social work practice that are sensitive to a multicultural clientele You will leave this book with useful skills and a flexibility that allow you to work not only with individuals but also with families couples groups organizations and communities As you read *Principles of Social Work Practice* you will heighten your sensitivity to the professional worker client relationship and its role as a primary instrument of positive change Using this book as a guide you can develop your own strategies for

facilitating change and growth that will result in the satisfaction of long term personal and social goals Simultaneously you will build a framework for social work practice that has at its foundation a strong sense of individual worth and dignity A unique combination of theory and practice readers gain insight into confidentiality the nonjudgmental attitude controlled emotional involvement self determination respect for the individual empowerment Principles of Social Work Practice illustrates for advanced undergraduates and graduate students how to effectively intervene in the conflicts that evolve between clients needs for well being and development and the demands or restrictions of public attitudes or social policy You will sharpen your skills and construct indispensable methods for helping individuals establish vital links with their communities

The General Method of Social Work Practice Maria O'Neil McMahon, 1984 Includes bibliographical references and index
