Cotham,1979      Christian Social Ethics Elmar Nass,2022-09-21 World events have made clear that liberal society must become more resilient in the face of totalitarian challenges But how is liberal society to do that In this groundbreaking work social ethicist Elmar Nass presents the ethical and anthropological foundations of a liberal social order within a Christian conception of humanity and society in an ecumenical spirit In doing so Nass revives the long neglected discussion on the ethics of order Christian foundations and claims are currently confronted with alternative social ethical concepts from other religions traditions and social philosophies Nass argues that Christian social ethics has a critical role to play as it engages the world Nass vividly discusses fundamental and concrete social challenges for human

dignity freedom and justice such as peace integrity of creation euthanasia family social justice digitalization behavioral economics and many more in the light of the threefold Christian responsibility before God before oneself before one another He articulates ethical orientations derived with clarity from a Christian foundation of values The Christian social ethics system presented by Nass is a transparent value template that can be applied to ever new challenges in the present and in the future With this understanding of social responsibility questions of racism migration gender and sexuality the environment and public health and pandemics among many others can thus be addressed and answered Nass offers a full throated and robust Christian position for the value discussions of our time

**African-American Perspectives on Biomedical Ethics** Harley Flack, Edmund D. Pellegrino, 1992 By analyzing the amalgam of Greek philosophy Jewish and Christian teachings and secular humanism that composes our dominant ethical system the authors of this volume explore the question of whether or not Western and non Western moral values can be commingled without bilateral loss of cultural integrity They take as their philosophical point of departure the observation that both ethical relativism and ethical absolutism have become morally indefensible in the context of the multicultural American life and they variously consider the need for an ethical middle ground

**Christian Social Ethics** Ron Stites, 2023

The Priestly Kingdom John Howard Yoder, 1985-01-31 In this volume of essays John Howard Yoder projects a vision of Christian social ethics rooted in historical community and illuminated by scripture Drawing upon scriptural accounts of the early church he demonstrates the Christian community s constant need for reform and change Yoder first examines the scriptural and theoretical foundations of Christian social ethics While personally committed to the radical reformation tradition he eschews denominational categorization and addresses Christians in general The status of Christian community he argues cannot be separated from the doctrinal content of beliefs and the moral understanding of discipleship As a result the Christian s voluntary commitment to a particular community as distinct from secular society offers him valuable resources for practical moral reasoning From a historical perspective Yoder reviews the efforts of sixteenth century radical or Anabaptist reformers to return to the fundamental ethical standards of the New Testament and to disengage the community as a biblically rooted call to faith that does not imply withdrawal from the pluralistic world Rather radical commitment to Christianity strengthens and renews the authentic human interests and values of the whole society His analyses of democracy and of civil religion illustrate how Christianity must challenge and embrace the wider world

**New Testament Social Ethics for Today** Richard N. Longenecker, 1984 This is a print on demand book and is therefore non returnable To answer the question of what role the New Testament should play in the formation and expression of Christian social morality today Richard Longenecker here

proposes a developmental hermeneutic which distinguishes between declared principles and described practices in the New Testament writings With this distinction in mind he focuses on the three couplets of Galatians 3 28 neither Jew nor Greek slave nor free male nor female showing how these matters were treated in early Christian thought and explaining their meaning for us today In so doing Longenecker lays a hermeneutical foundation for the much larger discussion of Christian social ethics

**Global Dictionary of Theology** William A. Dyrness,Veli-Matti Kärkkäinen,2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti Kärkkäinen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today's global context

A History of Catholic Moral Theology in the Twentieth Century James F. Keenan,2010-01-17 This is an historical survey of 20th Century Roman Catholic

Theological Ethics also known as moral theology The thesis is that only through historical investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The first by Odon Lottin asks whether moral theology is adequately historical Fritz Tillmann asks whether it s adequately biblical and Gerard Gilleman whether it s adequately spiritual Bernard Haering integrates these contributions into his Law of Christ Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with Humanae vitae and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturatism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally
