Social Inequality in Canada James Curtis, Edward G. Grabb, Neil Guppy, 2004 Appropriate for courses in social inequality or social stratification Courses are usually found in sociology departments but sometimes also in history philosophy political science and economics departments *Social Inequality in Canada Patterns Problems and Policies* introduces students to the major aspects or dimensions of social inequality in Canada This collection of thirty one articles addresses topics that are central to a range of courses including Social Inequality Social Class Social Stratification Social Issues and Canadian Society The new edition has been revised to reflect important new research and changes in the nature of social inequality *Social Inequality in Canada* James E. Curtis, Edward G. Grabb, Neil Guppy, 1993 *Social Inequality in Canada* James E. Curtis, 1988

Gender, Interaction, and Inequality Cecilia L. Ridgeway, 2013-03-09 Causal explanations are essential for theory building In focusing on causal mechanisms rather than descriptive effects the goal of this volume is to increase our theoretical understanding of the way gender operates in interaction Theoretical analyses of gender s effects in interaction in turn are necessary to understand how such effects might be implicated with individual level and social structural level processes in the larger system of gender inequality Despite other differences the contributors to this book all take what might be loosely called a microstructural approach to gender and interaction All agree that individuals come to interaction with certain common socially created beliefs cultural meanings experiences and social rules These include stereotypes about gendered activities and skills beliefs about the status value of gender rules for interacting in certain settings and so on However as individuals apply these beliefs and rules to the specific contingent events of interaction they combine and reshape their implications in distinctive ways that are particular to the encounter As a result individuals actively construct their social relations in the encounter through their interaction The patterns of relations that develop are not completely determined or scripted in advance by the beliefs and rules of the larger society Consequently there is a reciprocal causal relationship between constructed patterns of interaction and larger social structural forms The constructed patterns of social relations among a set of interactants can be thought of as micro level social structures or more simply microstructures *Dimensions of Inequality in Canada* David A. Green, Jonathan R. Kesselman, 2011-11-01 Is Canada becoming a more polarized society Or is it a kind hearted nation that takes care of its disadvantaged This volume closely examines these differing views through a careful analysis of the causes trends and dimensions of inequality to provide an overall assessment of the state of inequality in Canada Contributors include economists sociologists philosophers and political scientists and the discussion ranges from frameworks for thinking about inequality to original analyses using Canadian data to assessments of significant policy issues methodologies and research directions What emerges is the most detailed picture of inequality in Canada to date and disturbingly one that shows signs of us becoming a less just society An invaluable source of information for policy makers researchers and students from a broad variety of disciplines *Dimensions of Inequality in Canada* will also appeal to readers

interested or involved in public debates over inequality

Handbook of Social Indicators and Quality of Life Research

Kenneth C. Land, Alex C. Michalos, M. Joseph Sirgy, 2011-11-25 The aim of the Handbook of Social Indicators and Quality of Life Research is to create an overview of the field of Quality of Life QOL studies in the early years of the 21st century that can be updated and improved upon as the field evolves and the century unfolds Social indicators are statistical time series used to monitor the social system helping to identify changes and to guide intervention to alter the course of social change Examples include unemployment rates crime rates estimates of life expectancy health status indices school enrollment rates average achievement scores election voting rates and measures of subjective well being such as satisfaction with life as a whole and with specific domains or aspects of life This book provides a review of the historical development of the field including the history of QOL in medicine and mental health as well as the research related to quality of work life QWL programs It discusses several of QOL main concepts happiness positive psychology and subjective wellbeing Relations between spirituality and religiousness and QOL are examined as are the effects of educational attainment on QOL and marketing and the associations with economic growth The book goes on to investigate methodological approaches and issues that should be considered in measuring and analysing quality of life from a quantitative perspective The final chapters are dedicated to research on elements of QOL in a broad range of countries and populations

Parental Involvement and Social Background in Canada and Germany Imogen Feld, 2018 Results of the Progress in International Reading Literacy Study 2011 PIRLS 2011 illustrate yet again that the association between reading achievement of fourth graders and social background in Germany is high compared to the OECD country mean This relation is less pronounced for the Canadian Provinces that are participating in PIRLS 2011 The present study conducts a comparative analysis between Germany and the participating Canadian Provinces concerning the association between parental involvement social background and reading achievement This direct country comparison is extended by conducting analyses on performance groups as well as on differences between the Canadian provinces Quebec and Ontario The approach of the current study is to use general results of large scale assessment data to identify differences between countries and groups and to provide a more in depth analysis of the data A broad literature review helps to interpret the results more accurately taking additional information about the country contexts into account Dr Imogen Feld Studium der Soziologie an der Philipps Universität Marburg 2016 Promotion an der Universität Hamburg seit 2012 wissenschaftliche Mitarbeiterin im Arbeitsbereich Evaluation von Bildungssystemen in der Fakultät Erziehungswissenschaft an der Universität Hamburg Forschungsschwerpunkte Soziale Disparitäten elterliche Eingebundenheit im Schulkontext Citizenship Education und international vergleichende Erziehungswissenschaft Imogen Feld studied sociology at the Philipps University Marburg She received her PhD from the Faculty of Education of the University of Hamburg She worked for several years in the working group Evaluation of Educational Systems

Guppy,2013-07-25 While providing a rock solid foundation of sociology Introduction to Sociology Canadian Version by renowned sociologists George Ritzer and Neil Guppy illuminates traditional sociological concepts and theories as well as some of today s most compelling social phenomena Globalization consumer culture and the Internet Ritzer and Guppy bring students into the conversation by bridging the divide between the outside world and the classroom The international version of the book by Ritzer has been redesigned with an explicitly Canadian core The result is this compelling Canadian version featuring George Ritzer s distinctive voice and style blended with Neil Guppy s definitive views on Canadian sociology highlighting the place of Canada in a globalizing world Recent Social Trends in Quebec, 1960-1990 Simon

Langlois,Baillargeon,1992-02-05 Readers will follow an intense period of social change in Quebec during which there was a remarkable increase in the level of modernization They will note a massive entry of women into the labour force and a growing service sector that now constitutes seventy percent of all economic activity They will observe also that the Qu b cois have dramatically increased their television viewing and that while they express a generally high level of satisfaction with life the Qu b cois must contend with escalating crime and suicide rates Widening Access to Education as Social Justice

Akpovire Oduaran,Harbans S. Bhola,2006-07-10 Among the greatest challenges of the twenty first century is that of providing adequate educational opportunities to all citizens of the globe The broad availability of such opportunities and the genuine ability to take advantage of them are fundamental components of any equitable society In examining how widening access to education contributes to social justice this anthology composes a tribute to the life and work of the Nigerian educationist Michael A Omolewa The twenty seven contributions to this volume discuss foundational issues related to the educational dimensions of social justice present overviews of approaches related to widening access and analyze case studies

from around the world as well as consider future directions in education policy and research This thematic depth is matched by the geographic representativeness of the work with contributors coming from the global South and North Widening Access to Education as Social Justice speaks with a credible and powerful voice about how making greater formal and informal educational opportunities available to men and women young adults and children everywhere can help bring about more equitable ways of living together thereby fostering the goods of cultural diversity tolerance and respect along with the creativity and responsibility vital to bringing about actual social harmony

Affective Equality K. Lynch,J. Baker,M. Lyons,2016-04-30 This groundbreaking book provides a new perspective on equality by highlighting and exploring affective equality the aspect of equality concerned with relationships of love care and solidarity Drawing on studies of intimate caring or love labouring it reveals the depth complexity and multidimensionality of affective inequality

Richer and Poorer Allahar, Anton,Côté, James E.,1998 Inequality increased in Canada throughout the 1990s Despite government programs designed to confront the problem more people than ever lived below the poverty line with the young women and visible minorities at greatest risk Richer and Poorer describes the problem of inequality and explains why it is so hard to eradicate The authors discuss why public policy and programs have not succeeded in ending gender racial or other types of inequality and why without action inequality in Canada will only increase Richer and Poorer is an acute and detailed analysis of the disparities of wealth and poverty as experienced in 1990s Canada
