**Family and the State of Theory** David J. Cheal, 1991-01-01 Family studies play an increasingly important role in contemporary sociology David Cheal provides an up to date and comprehensive survey of modern sociological theories about family life While recognizing that these theories are both diverse and fragmented he argues that such divisions are a positive and integral aspect of studying contemporary family theory Cheal takes a broad comparative approach to the theories analysed using empirical examples

from North America Europe and Australia and examining how old and new approaches interact with one another He argues that it is possible to make sense of a contemporary family theory by analysing its divisions as the result of different experiences of modernity These experiences lie along three axes first the opposition between social modernism and its anti modernist critics second the ideological effects of contradictions within modernity itself and third the emerging difference between modernist idealism and post modernist scepticism Another major theme of the book is the profound impact of feminism on contemporary family studies and how this has been the catalyst for so much rethinking of the subject in recent years By comparing a wide range of theories in this way and providing a conceptual framework to explain and encourage theoretical pluralism David Cheal has produced a major new work for students and researchers of family sociology and social theory worldwide

**Weberian Sociological Theory** Randall Collins,1986-02-28 A new interpretation of Weberian sociology showing its relevance to current world issues

Constructing Social Theory David C. Bell,2009 Constructing Social Theory discusses the nature of social theory and theoretical orientations Organized by forty three theoretical orientations in seven domains exchange power adaptation reinforcement social bond altruism functionalism and identity the text includes a tutorial on how to identify an appropriate theoretical orientation and create a theory given a particular research question Bell separates the theoretical orientation of causal logic from theory itself illuminating the mechanisms of scientific revolutions where new theoretical orientations are created and the procedures of normal science in which theories are developed using the logic of existing theoretical orientations

*Handbook of Family Violence* Alan S. Bellack,Michel Hersen,R.L. Morrison,Vincent B. Van Hasselt,1987-11-30 In the last decade there has been heightened clinical and investigative activity in the area of family violence This of course is partly attributable to recent surveys showing a high incidence of family violence in the United States For example there are indications that nearly 30% of married women in this country are victims of physical abuse by spouses at some point in their marriage Further FBI statistics show that approximately 13% of all homicides are husband wife killings Moreover it has been projected that such figures are likely to increase over the next several years Consistent with these trends funding of family violence research by both federal and private agencies has increased Indeed federal agencies such as the National Institute of Mental Health and the National Institute of Law Enforcement and Criminal Justice have provided considerable support for work in this area In addition family violence particularly wifebattering child abuse and sexual abuse of children has been the focus of media attention at the national level and has generated intensive interest in both lay and professional publications Moreover there have been several recent governmental hearings and investigations regarding the prevalence of these problems
