Socialist Construction and Marxist Theory Philip Corrigan, 1978-06-17 *Socialist Construction and Marxist Theory: Bolshevism and Its Critique* Philip And Others Corrigan, 1978 **Promissory Notes** Sonia Kruks, Rayna Rapp, Marilyn Blatt Young, 1989 Revolutionary socialist movements have held out the promise in both theory and practice that women can achieve liberation through their participation in the revolutionary process But many women in post revolutionary societies have watched in frustration as this promise has been pushed into the future or dropped from the agenda altogether The essays in Promissory Notes renew the debate about the connections between feminism and socialism by examining the position of women in socialist thought from the time of Marx to the present The book looks at the central theoretical formulations of the Woman Question in classical Marxist thought then explores their applications first in the Soviet Union and China then in a series of third world regimes and contemporary Eastern European countries The volume ends with a roundtable debate in which a number of scholars and activists take up the central theoretical issues raised throughout the book Contributors include Joan B Landes Elizabeth Waters Wendy Zeva Goldman Christina Gilmartin Muriel Nazzari Maxine D Molyneux Sonia Kurks and Ben Wisner Christine Pelzer White Amrita Basu Marilyn B Young Mary Buckley Barbara Einhorn Martha Lampland Lourdes Beneria Zillah Eisenstein Delia D Aguilar Delia Davin Kumari Jayawardena and Rayna Rapp **Chinese Marxism in Flux 1978-84** Bill Brugger, 2018-09-18 This book first published in 1985 considers the state of Marxist thought in China at the time a time when the country's leadership appeared more concerned with attaining modernisation and economic development than Marxist theory It considers the problems that Chinese Marxist intellectuals were facing and relates them to the actions of the political leadership The Gang of Four their utopianism and dogmatism had been denounced and this book argues that rather than being in retreat Chinese Marxism was in fact enjoying a productive period **Routledge Library Editions: China Under Mao** Various, 2021-06-23 This 13 volume collection of previously out of print titles reissues some key works in the study of Mao Zedong's huge influence on China its politics economics and development into the power that it is today Foreign policy the Cultural Revolution the fate of opponents Chinese Marxist thought all are covered here and more in this essential reference resource **Rethinking Theory and History in the Cold War** Richard Saull, 2001 Rethinking Theory and History in the Cold War focuses on what we mean by politics and international relations and how such assumptions have come to determine our understanding of the Cold War Using an historical materialist method the author criticizes conventional conceptions of international politics that tend to focus on the agency of and relations among states and offers an alternative historical sociology of the Cold War through an analysis of the relationship between formal political authority and socio economic production Seen from this perspective the state the modern conceptions of politics can be seen as products of a capitalist modernity in which politics is based on the separation of the spheres of politics in the state and economics in civil society BOOK JACKET **The Cambridge Handbook of**

Class Theory and History Stephen A. Resnick, Richard D. Wolff, 2013-12-16 Class Theory and History takes an ambitious and ground breaking look at the entire history of the Soviet Union and presents a new kind of analysis of the history of the USSR examining its birth evolution and death in class terms Utilizing the class analytics they have developed over the last three decades resnick and Wolff formulate the most fully developed economic theory of communism now available and use that theory to answer the question did communism ever exist in the USSR and if so where why and for how long Their initial and controversial conclusion Soviet industry never established a communist class structure This conclusion then leads to the hypothesis that the USSR and private capitalism in the United States to discuss the future of private capitalism state capitalism and communism

Socialism In The Ussr And Eastern Europe **Lenin and the Logic of Hegemony** Alan Shandro, 2014-07-10 In *Lenin and the Logic of Hegemony* by means of a careful textual and contextual analysis of the writings of Lenin and his Marxist contemporaries Alan Shandro traces the contours of the anti metaphysical event identified by Gramsci in Lenin's political practice and theory the emergence of the philosophical fact of hegemony In so doing he effectively disputes conventional caricatures of Lenin's role as a political actor and thinker and unearths the underlying parameters of the concept of hegemony in the class struggle He thereby clarifies the conceptual status of this pervasive but now increasingly elusive notion and the logic of theory and practice at work in it Planning Labour Alina-Sandra Cucu, 2019-04-09 Impoverished indebted and underdeveloped at the close of World War II Romania underwent dramatic changes as part of its transition to a centrally planned economy As with the Soviet experience it pursued a policy of primitive socialist accumulation whereby the state appropriated agricultural surplus and restricted workers consumption in support of industrial growth Focusing on the daily operations of planning in the ethnically mixed city of Cluj from 1945 to 1955 this book argues that socialist accumulation was deeply contradictory it not only inherited some of the classical tensions of capital accumulation but also generated its own which derived from the multivocal nature of the state socialist worker as a creator of value as living labour and as a subject of emancipatory politics **Ideology and the Collapse of the Soviet System** Neil Robinson, 1995-01-01 this is an excellent book which sheds considerable light upon the role of ideology particularly in the last years of the Soviet Union Graeme Gill Europe Asia Studies this work is a serious attempt to bring ideology back into discussions about the end of the Soviet Union Bartholomew Goldyn Slovo This innovative book offers a critical history of the development of Soviet ideology discussing its centrality to Soviet politics and the destructive effect that it had on the Gorbachev reforms Neil Robinson analyses the nature and historical evolution of Soviet ideology between 1917 and 1985 to demonstrate the structural importance of Soviet ideological discourse and the uncertain place that it allocated to the communist party in the Soviet political system On the basis of this analysis Dr Robinson provides a fresh interpretation of Gorbachev's political reforms He describes the ideological dynamic that underwrote the development of perestroika how Gorbachev's ideas on democratization sent contradictory messages to the communist party and how this stimulated opposition to perestroika from party cadres and Soviet society *A Radical History of Development Studies* Uma Kothari, 2019-09-15 *A Radical History of Development Studies* traces the history of the subject from the late colonial period all the way through to contemporary focus on poverty reduction In this now classic genealogy of development the authors look at the contested evolution and roles of development institutions and explore changes in development discourses Combining personal and institutional reflections with an examination of key themes including gender and development NGOs and natural resource management *A Radical History of Development Studies* challenges mainstream development theory and practice and highlights concealed critical discourses that have been written out of conventional stories of development The volume is intended to stimulate thinking on

future directions for the discipline It also provides an indispensable resource for students coming to grips with the historical continuities and divergences in the theory and practice of development *The Norton Dictionary of Modern Thought* Alan Bullock, Stephen Trombly, 1999 Nearly four thousand entries cover terms in all disciplines contributed by experts in each field with suggestions for further reading **Professionals, Power and Solidarity in Poland** Michael D. Kennedy, 1991-02-14 The Solidarity movement of the early 1980s not only triggered a transformation in Polish society it forced a fundamental reconsideration of the nature of socialism throughout the Soviet Union and Eastern Europe Seen as one of the most important social movements of the century this pathbreaking study analyses Solidarity's significance in Soviet societies **Stakhanovism and the Politics of Productivity in the USSR, 1935-1941** Lewis H. Siegelbaum, 1988 The movement's significance as a symbol of a shift in official Soviet priorities from construction of the means of production to intensive use of capital and labor is emphasized in this analysis **Soviet Communists in Power** R. Sakwa, 1988-06-21
