**Sociology and the Public Agenda** William Julius Wilson, 1993-03-02 Published in Cooperation with the American Sociological Society Sociology has had a long and convoluted relationship with the public policy community While the field has historically considered its mission one of effecting social change in recent decades this has become only a minor part of the sociological agenda The editor of this volume MacArthur Fellow and former ASA President William Julius Wilson asserts that sociology's ostrich like stance threatens to leave the discipline in a position of irrelevance to the world at large and compromises the support of policymakers funders media and the public Wilson's vision is of a sociology attuned to the public agenda influencing public policy through both short and long range analysis from a sociological perspective Using a variety of policy issues perspectives methods and cases the distinguished contributors to this volume both demonstrate and emphasize Wilson's ideas Undergraduates graduate students professionals and academics in sociology political science policy studies and human services will find this argument for sociology's civic duty to be both compelling and refreshing The eighteen chapters on issues ranging from cultural and historical definitions of citizenship to American welfare policies and American corporate mergers are strong examples of solid social research where authors draw out policy implications and based on their research make policy proposals Sociology and the Public Agenda is an insightful book for scholars of social policy and also those interested in research design issues The book is very relevant for political scientists engaged in policy research interested in innovative research designs and wondering about the place of the social scientist in setting public agendas Policy Currents

**Psychology at the Turn of the Millennium, Volume 2** Lars Backman, Claes von Hofsten, 2002-04-04 These two volumes represent the cutting edge of contemporary theory and research in psychological science Based on the keynote and state of the art lectures from the 27th International Congress of Psychology the volumes feature a collection of chapters written by international leaders in psychological scholarship The chapters reflect the diversity of current research topics in psychology where old boundaries have become obsolete and subdivisions from the past merge to form new objects of study Volume 1 addresses cognitive biological and health perspectives It includes sections on the neural mechanisms underlying psychological processes the core areas in experimental psychology perception attention learning and memory the multiple aspects of psychological health the interaction between cognitive and emotional processes and higher cognitive processes with special focus on decision making and language Volume 2 deals with social developmental and clinical perspectives The sections highlight human development across the life span basic and applied issues in personality emotion and clinical psychology social psychology ranging from experimental work through social constructivism and gender

**Handbook of the Life Course** Jeylan T. Mortimer, Michael J. Shanahan, 2007-12-14 This comprehensive

handbook provides an overview of key theoretical perspectives concepts and methodological approaches that while applied to diverse phenomena are united in their general approach to the study of lives across age phases In surveying the wide terrain of life course studies with dual emphases on theory and empirical research this important reference work presents probative concepts and methods and identifies promising avenues for future research *Sociological Lives* Matilda White

Riley,1988-08-01 *Sociological Lives* gives the reader a glimpse into the sociology of sociology by presenting autobiographical accounts dealing with varied aspects of the interplay between social structures and human lives The contributors reveal something of how their own sociological lives have been influenced by changing social structures and how in turn their lives are variously located in the structure and history of sociology and marked by societal and intellectual trends spanning nearly a century The introspection and retrospection give the reader rare access to the inner experiences of some of the field s leading scholars as well as their appraisal of sociological trends and their ideas of the shape of future trends The c **Social**

**Structures and Human Lives** Matilda White Riley,Bettina J. Huber,Beth B. Hess,1988-09 *Social Structures and Human Lives* consists of papers from the 1986 American Sociological Association annual meeting selected to reflect the rich and diverse array of conceptual methodological and substantive reports presented there Leading academics and researchers in the field offer information about aging over the life course the relationship between aging and the changing structure of families firms state and society as a whole and implications for equality of opportunity for people of differing age gender race and socioeconomic status A final chapter links selected topics from previous chapters to established sociological concerns and clarifies the broad scope of the book s central the **Sociological Perspectives** ,1988 *Invitation to the Life Course*

Richard Settersten,2018-02-06 *Invitation to the Life Course* Toward New Understandings of Later Life discusses in depth the challenges of age time and social contexts for the study of aging and later life Understanding aging as a process and later life as a period must be accompanied by serious attention to the life course This brings significant challenges related to time as gerontologists must describe and explain life patterns over many decades It also brings significant challenges related to place as gerontologists must examine how social contexts structure pathways into and through later life and how those contexts affect the nature and meaning of experiences along the way This book is a natural extension of the editor s previous work *Lives in Time and Place* The Problems and Promises of Developmental Science Baywood 1999 **The Social Context**

**of AIDS** Joan Huber,1992 Theoretical models for understanding AIDS in relation to society and the general question of high risk sexual practice often the means of transmission of the virus are among the issues discussed in this volume It also explores the social context of policy and programme development in fighting AIDS organizing drug users forced blood testing and family support groups for example Versions of these articles were originally delivered as papers in thematic sessions of the 1989 American Sociological Association annual meeting Collectively they represent the cutting edge of sociological work on the AIDS crisis **Macro-Micro Linkages in Sociology** Joan Huber,1991-03 In this volume twenty leading sociologists

consider the dichotomy between micro and macro level analysis in social research All demonstrate the inescapable connections between the two and attempt to link them together This topic is approached from various theoretical perspectives including the interrelationship of large scale and small scale theories variables and concepts It is studied more specifically in relation to institutions such as education work and family gender and demographic research *Handbook of Research Design and Social Measurement* Delbert C. Miller,1991-07-05 Includes bibliographical references and index
