Sociological Theory What Went Wrong Diagnosis And Remedies:

Sociological Theory: What Went Wrong? Nicos Mouzelis, 2003-09-02 Written with precision and clarity this is a compelling analysis of the central problems of sociological theory today and of the means to resolve them Argues that we should build on ideas from the 50s and 60s and not dismiss them **Sociological Theory** Nicos P. Mouzelis, 1998

Applied Linguistics as Social Science Alison Sealey, Bob Carter, 2004-01-01 Genre theory in the past few years has contributed immensely to our understanding of the way discourse is used in academic professional and institutional contexts However its development has been constrained by the nature and design of its applications which have invariably focused on language teaching and learning or communication training and consultation This has led to the use of simplified and idealised genres In contrast to this the real world of discourse is complex dynamic and unpredictable This tension between the real world of written discourse and its representation in applied genre based literature is the main theme of this book

Snowboarding Bodies in Theory and Practice H. Thorpe, 2015-12-04 This book provides the first in depth analysis of the global phenomenon of snowboarding culture Adopting an interdisciplinary approach it offers key insights into the sport lifestyle industry media gender relations travel and physical experience of snowboarding in both historical and contemporary contexts **Reader in Qualitative Methods in Migration Research** Ibrahim Sirkeci, Carla DeTona, Theodoros

Iosifides, Annalisa Frisina, 2019-02-28 This edited collection published in Migration Letters were selected to reflect on methodological challenges faced by researchers and students when conducting qualitative studies on migration Beginning with papers focusing on broader discussions of methodological issues and some options available to researchers the latter half of the book explores the narrative methodology in depth with references to several cases The chapters included in this book was originally published in regular issues and two special issues of Migration Letters journal from 2009 onwards We have regrouped and ordered these studies to enhance the flow and transition in the book The first six chapters look into more general issues and debates in migration research methodologies while chapters seven to ten offer cases studies on alternative qualitative methodologies and then the final six chapters focus on narratives and challenges of the narrative methodology applied in migration studies

Crime, Genes, Neuroscience and Cyberspace Tim Owen, 2017-09-18 This book applies Owen s unique genetic social framework to the study of crime and criminal behaviour with an emphasis on cybercrime Moving beyond challenges which confront contemporary criminological theorizing such as the stagnation of critical criminology the relativistic nihilism of the cultural turn posthumanism and virtual criminology the author codifies and applies the latest version of the framework to the study of crime both in and out of cyberspace Drawing upon evolutionary psychology behavioural genetics and the philosophy of Heidegger he introduces new terms such as Neuro Agency and notions of Embodied Cognition into criminological theorizing Adopting a soft compatibilist approach to free will and Realist ontology Owen s meta theoretical focus provides a new direction for criminological theorizing in particular in the direction of

the conceptualization and prediction of cyber violence Exciting and timely this book will appeal to scholars and advanced students of criminology law sociology social policy psychology philosophy policing and forensic investigation

Reconstructing Postmodernism Jason L. Powell, Tim Owen, 2007 There has been an array of literature on the notion of postmodernism in social science literature in recent years This exciting book focuses on three broad continuities one debunking the central theoretical tenets of postmodernism with reference to identity methodology governance and modernist theory two the book engages with current social issues and events in popular culture for example film professional power masculinity and terrorism three the book also rethinks postmodernism in light of under researched variables of analysis of time and ageing the body biology and choice *Qualitative Methods in Migration Studies* Dr Theodoros Iosifides, 2013-01-28 Recent years have witnessed growing interest in a series of issues related to migration including identity formation and change the role of social capital and social networks ethnic discrimination racism and xenophobia socio political participation and mobilisation and the complex nature of the causal mechanisms linked to migration issues that are better highlighted and investigated using qualitative methods Moving away from the quantitative and empiricist positivist approaches that have often characterised migration research *Qualitative Methods in Migration Studies* explores in a concise but comprehensive way the key issues involved in researching migratory phenomena in a qualitative manner It addresses themes including the basic characteristics of contemporary migration qualitative research into social processes related to migration and the relationship between theory research design and practice Drawing upon empirical case studies and a series of real and hypothetical examples the book develops a critical realist alternative both to empiricism and interpretivist social constructionist and post structuralist relativism in qualitative migration research With special emphasis on the meta theoretical dimensions of qualitative research practice this volume connects qualitative findings to policy formation and politics making exploring the multiple dimensions involved in researching migratory phenomena such as ontology epistemology methodology ethics and research practice As such it will be of interest to students and researchers in migration across the social sciences **The Oxford Handbook Sport and Spectacle in the Ancient World** Alison Futrell, Thomas F. Scanlon, 2021-09-09 Sport and spectacle in the ancient world has become a vital area of broad new exploration over the last few decades This Handbook brings together the latest research on Greek and Roman manifestations of these pastimes to explore current approaches and open exciting new avenues of inquiry It discusses historical perspectives contest forms contest related texts civic and social aspects and use and meaning of the individual body Greek and Roman topics are interwoven to simulate contest like tensions and complementarities juxtaposing for example violence in Greek athletics and Roman gladiatorial events Greek and Roman chariot events architectural frameworks for contests and games in the two cultures and contrasting views of religion bodily regimens and judicial classification related to both cultures It examines the social contexts of games namely the evolution of sport and spectacle across cultural and political boundaries and how games

are adapted to multiple contexts and multiple purposes reinforcing social hierarchies performing shared values and playing out deep cultural tensions The volume also considers other directing forces in the ancient Mediterranean such as Bronze Age Egypt and the Near East Etruria and early Christianity It addresses important themes common to both antiquity and modern society such as issues of class gender and health as well as the popular culture of the modern Olympics and gladiators in cinema With innovative perspectives from authoritative scholars on a wide range of topics this Handbook will appeal to both students and researchers interested in ancient history literature sports and games Explaining Society Berth

Danermark, Mats Ekstrom, Liselotte Jakobsen, Jan ch. Karlsson, 2005-06-29 This book will be immensely valuable for students and researchers in social science sociology and philosophy in that it connects methodology theory and empirical research It provides an innovative picture of what society and social science is along with the methods used to study and explain social phenomena *Handbook of Archaeological Theories* R. Alexander Bentley, Herbert D. G. Maschner, Christopher

Chippindale, 2009-09-16 This handbook a companion to the authoritative Handbook of Archaeological Methods gathers original authoritative articles from leading archaeologists on all aspects of the latest thinking about archaeological theory It is the definitive resource for understanding how to think about archaeology **Bridging the Divide** Jason L.

Powell, 2025-02-24 In today's complex and rapidly changing globe understanding the link between social theory and social policy is crucial for addressing the diverse challenges that diverse societies face This book aims to provide a thorough critical analysis of how social theory shapes social policy and how effective policies can be informed by theoretical frameworks emanating from history and the present This book is both important and significant by bridging the gap between theory and policy this book seeks to contribute to the development of evidence based policies that promote social cohesion social justice and well being The book is one of the first to open up theoretical strategies and applicability to social policies Social

Capital and Participation in Everyday Life Paul Dekker, Eric M. Uslaner, 2003-12-16 This timely volume puts emphasis on the effect of social capital on everyday life how the routines of daily life lead people to get involved in their communities Focussing on its micro level causes and consequences the book's international contributors argue that social capital is fundamentally concerned with the value of social networks and about how people interact with each other The book suggests that different modes of participation have different consequences for creating or destroying a sense of community or participation The diversity of countries institutions and groups dealt with from Indian castes to Dutch churches from highly competent everyday makers in Scandinavia to politics avoiding Belgian women and Irish villagers offers fascinating case studies and theoretical reflections for the present debates about civil society and democracy *Reconstructing*

Development Theory E.A. Brett, 2009-07-08 The book provides a systematic assessment of the evolution of development theory its relationship to orthodox social science analysis and the liberal pluralistic orthodoxy that now dominates the mainstream approach to international development showing how we can transcend its failure to address some key problems

of late and uneven development *There is No Such Thing as a Social Science* Phil Hutchinson, Rupert Read, 2016-02-17 The death of Peter Winch in 1997 sparked a revived interest in his work with this book arguing his work suffered misrepresentation in both recent literature and in contemporary critiques of his writing Debates in philosophy and sociology about foundational questions of social ontology and methodology often claim to have adequately incorporated and moved beyond Winch's concerns Re-establishing a Winchian voice the authors examine how such contentions involve a failure to understand central themes in Winch's writings and that the issues which occupied him in his *Idea of a Social Science and its Relation to Philosophy* and later papers remain central to social studies The volume offers a careful reading of the text in alliance with Wittgensteinian insights and alongside a focus on the nature and results of social thought and inquiry It draws parallels with other movements in the social studies notably ethnomethodology to demonstrate how Winch's central claim is both more significant and more difficult to transcend than sociologists and philosophers have hitherto imagined

Understanding Collective Decision Making Lasse Gerrits, Peter Marks, 2017-07-28 One of the main challenges facing contemporary society is to understand how people can make decisions together *Understanding Collective Decision Making* builds on evolutionary theories and presents an analytical tool to analyse and visualise collective decision making By combining theoretical research with real world case studies the authors provide a coherent and conclusive solution to the often fragmented and dispersed literature on the subject *Working the Ruins* Elizabeth St. Pierre, Wanda Pillow, 2002-05-03 From some of the leading feminist scholars in education comes a collection of writings discussing how they use feminist poststructural theory in their classrooms and research Drawing on real life situations in their work they show how using this theory has transformed their work Topics covered include theory in everyday life ethnography writing the body emotions in the classroom qualitative research and gossip as a counter discourse The range of topics processes and styles presented provides the reader with a variety of examples illustrating the diversity and power of the effects of poststructural theory as well as showing the possibilities of work still to be done **New Perspectives on Health and**

Social Care Jason Powell, 2023-02-22 The relationship between health social care and the teaching of disciplines such as sociology social work and social policy are increasing in many regions worldwide This book explores the relationship between wider social theory and social welfare though an understanding of how power and resistance impinges on how helping professions operate in health and social spaces in the twenty first century The book presents a critical analysis of major Foucauldian theories and social issues in the construction and practice of health and social welfare It discusses important theoretical and substantive contributions to current debates and presents an engaging comprehensive and innovative perspective to address both how power and resistance shape the way we live and how the way we live shapes the way in which we understand social relations among professionals policy makers and user groups in comparative contexts The purpose of this book is to critically inform debates concerning the abstract and empirical features of health and social care

examined through the lens of innovative theoretical perspectives emanating from Foucauldian theories **Platform and Agency** Mark Carrigan, 2025-12-31 This book examines how digital platforms are reconfiguring the parameters of agency and reflexivity in contemporary social life Drawing on Margaret Archer's social realist framework it moves beyond treating platforms merely as tools or environments to conceptualize them as distinct sociotechnical structures with emergent properties and powers that shape human action without determining it The book develops the concept of platform and agency to explore the temporal dimensions of sociotechnical change tracing how platforms condition personal and collective reflexivity through mechanisms of distraction cultural abundance and multiplying communication channels While affirming the analytical distinction between structure culture and agency it demonstrates how platforms constitute a fourth dimension necessary for understanding contemporary social morphogenesis Through the conceptual pairing of psychobiography and personal morphogenesis the book offers a nuanced account of how individuals become who they are within platformized lifeworlds Rather than announcing an epochal break with previous social forms the analysis illuminates the accumulating consequences of platform mediation across biographical timescales This book will interest researchers and graduate students in social theory philosophy of technology digital sociology platform studies media and communication studies critical data studies internet studies surveillance studies sociology of knowledge digital anthropology and social informatics *Action Theory* Helmut Staubmann, 2006 The volume explores the legacy of the general theory of action in order to exploit it for contemporary debates on the methodology of the social sciences It includes the important but so far unpublished Parsons manuscript *The Sociology of Knowledge and the History of Ideas* and essays by Thomas Fararo University of Pittsburgh On the Foundations of Action Theory Victor Lidz Drexel University and Harold Bershad University of Pennsylvania Parsons Tacit Metatheory Giuseppe Sciortino Universit degli studi di Trento Toward a Structural Theory of Social Pluralism David Sciulli Texas A Helmut Staubmann University of Innsbruck *The Affective Structure of the Social World* Helmut Staubmann is professor at the Institute for Sociology at the Leopold Franzens University Innsbruck Austria
