The Vulgarization of Christ's Church Ronnie W. Rogers, 2017-04-14 This book seeks to clarify and demonstrate the incalculable and injurious influence that progressive education has had and is having upon preaching thinking Christianly and the local church Progressive education began at the turn of the twentieth century replacing classical education with what is purportedly a science based education which necessarily results in scientism This seismic shift in public education has not only affected what we learn but how we think In order to enable the church to detect progressivism s deleterious sway and protect herself by being equipped with the progressive revelation of God and thereby counter the influence of progressive education of man I seek to highlight some of the underlying intolerable essentials of progressive education In the companion book to this one *The Equipping Church Somewhere Between Fundamentalism and Fluff* I explain the biblical model for the local church and how to build such a church

Sandro Segre,2020-03-31 Bauman Elias and Latour on Modernity and Its Alternatives provides a comparison between the conceptions of modernity and its alternatives in the works of Bauman Elias and Latour Their work and research are linked to their distinct views on modernity and its alternatives For Bauman the rationality effectiveness and impersonality that characterize present day bureaucratic apparatuses are the distinguishing features of modernity Its post modern or liquid alternative has none of these traits For Elias modernity has two different and contrasting faces that of civilization and barbarity Elias conceives of civilization as a process connoted by self control and pacification which prevail as a consequence of the restraint which honor and morality exert on individuals By contrast the breakdown of civilization involves barbarity For Latour modernity if defined by a separation between society and nature or humans and non humans has never existed By virtue of their intimate association humans and non humans have formed hybrids whose proliferation is the hallmark of our age Modernity therefore has never prevailed Alternatives to hybrids are in the current age failed hybrids The set of alternatives is then as follows modernity vs post modernity Bauman civilization vs barbarity Elias and successful vs unsuccessful hybrids Latour
