J. Higham, 2005-07-05 Unlike other titles on King Arthur our book takes a serious look at the legend rather than just an appreciative one Looks closely at the role that Arthur played Discusses why King Arthur s myth is so important Well illustrated with maps and photos of suspected Arthurian sites *King Arthur in Legend and History* Richard White, 1998 Presenting selections from medieval Latin Welsh English French and German literature Richard White traces the Arthurian legend from the earliest mentions of Arthur in Latin chronicles to Thomas Malory s *Le Morte d Arthur* Many of these selections are translated here for the time into English Bringing together an extensive range of diverse material which reveals the development of the figure of Arthur this anthology enables the reader to understand how the Arthurian legend developed over a period of more than five hundred years *King Arthur in Legend and History* also includes a chronology of key Arthurian texts an appendix of the Arthurian Courts a list of sources suggestions for further reading and bibliography Also includes five maps **The Story of King Arthur and His Knights** , 1916 **The Story of King Arthur and His Knights** , 1950 **King Arthur** Charles River Editors, 2025-05-02 King Arthur is one of the most famous names in history and his name still evokes visions of fantasy chivalry bravery and more even today Arthur remains a pop culture fixture around the globe made famous in various Arthurian tales written by writers like Chretien de Troyes Arthur came to embody the ideals of the Middle Ages strength chivalry bravery and more Along the way his Excalibur sword the Holy Grail his queen and more have all become household words Arthur has long been identified as a folk hero and there are countless tales that comprise the Arthurian legend but was there an actual person that the original stories were based on People still search for the seeds of truth in the Knights of the Round Table and the historical figure that inspired the Arthurian tales Of course as with all great myths and even those with a kernel of truth behind them there is no real Arthur Arthur is now comprised of the works written by diverse storytellers most of which have built upon the ancient stories and possibly history It is from there that a primordial seed of myth remains at the heart of all the retellings At the same time Arthur s story is one of transformation as he is brought from the Middle Ages into the Renaissance and more modern times And that story also includes the famous contemporaries in his stories and other important historical figures like Geoffrey of Monmouth the imprisoned Sir Thomas Mallory and Walt Disney When looking for the historical and mythical Arthur scholars try to understand how the Arthur of these tales and of others like Disney s *Sword in the Stone* and Monty Python and the *Holy Grail* came to be What are the origins of the Arthur legend and what can they tell people about the past What is the historical basis for King Arthur if any *King Arthur The History and Folklore of the Arthurian Legend* comprehensively examines the history and stories of the Arthurian legend while also looking at how they affected English history and became as popular as they are
