Story Of The Patria:

The Magical and Sacred Medical World Éva Pócs, 2019-01-15 This collection of papers explores the sacred and magical aspects of ethno medicine The subject area is marked out by the points of connection between religious anthropology ethno medicine and medical anthropology focusing on topics such as magical and religious concepts of health and disease causes of disease religious and magical averting and healing rites healing gods saints and last but not least the role that these play in the society religion mentality and everyday life of a community as well as their various representations in folklore literature or art This volume includes without restrictions of a methodological temporal or geographical nature works from the fields of folklore studies anthropology cultural history comparative historical and textual philology as well as research findings using the latest methods of analysis in textual folklore or based on archival research or fieldwork in or outside of Europe This book will appeal to researchers and students of religion folklore and medical anthropology as well as general readers interested in the humanities and cultural history

The Prince R.M. Koster, 2013-03-26 Kiki the son of a twice ex president has inherited his father s thirst for power and the presidency But to become president of Tinieblas takes a Machiavellian intelligence for one must outwit not only political foes but the strong American interests An insightful furious and funny depiction of twentieth century Latin America The Prince is an essential novel for readers of history and magical realism alike

The Cult of St Anna in Byzantium Eirini Panou, 2018-05-11 The Cult of St Anna in Byzantium is the first undertaking in Byzantine research to study the phenomenon of St Anna s cult from the sixth to the fifteenth centuries It was prompted by the need to enrich our knowledge of a female saint who had already been studied in the West but remained virtually unknown in Eastern Christendom It focuses on a figure little studied in scholarship and examines the formation establishment and promotion of an apocryphal saint who made her way to the pantheon of Orthodox saints Visual and material culture relics and texts track the gradual social and ideological transformation of Byzantium from early Christianity until the fifteenth century This book not only examines various aspects of early Christian and Byzantine civilisation but also investigates how the cult of saints greatly influenced cultural changes in order to suit theological social and political demands The cult of St Anna influenced many diverse elements of Christian life in Constantinople including the creation of sacred spaces and the location of haghiasmata fountains of holy water in the city imperial patronage the social reception of St Anna s story and relic narratives This monograph breaks new ground in explaining how and why Byzantium and the Orthodox Church attributed scriptural authority to a minor figure known only from a non canonical work

Homeland Aaron E. Sánchez, 2021-01-21 Ideas defer to no border least of all the idea of belonging So where does one belong and what does belonging even mean when a border inscribes one s identity This dilemma so critical to the ethnic Mexican community is at the heart of Homeland an intellectual cultural and literary history of belonging in ethnic Mexican thought through the twentieth century Belonging as Aaron E S nchez s sees it is an interwoven collection of ideas that defines human

connectedness and that shapes the contours of human responsibilities and our obligations to one another In *Homeland* Sanchez traces these ideas of belonging to their global national and local origins and shows how they have transformed over time For pragmatic ideological and political reasons ethnic Mexicans have adapted adopted and abandoned ideas about belonging as shifting conceptions of citizenship disrupted old and new ways of thinking about roots and shared identity around the global From the Mexican Revolution to the Chicano Movement in Texas and across the nation journalists poets lawyers labor activists and people from all walks of life have reworked or rejected citizenship as a concept that explained the responsibilities of people to the state and to one another A wealth of sources poems plays protests editorials and manifestos demonstrate how ethnic Mexicans responded to changes in the legitimate means of belonging in the twentieth century With competing ideas from both sides of the border they expressed how they viewed their position in the region the nation and the world in ways that sometimes united and often divided the community A transnational history that reveals how ideas move across borders and between communities *Homeland* offers welcome insight into the defining and changing concept of belonging in relation to citizenship In the process the book marks another step in a promising new direction for Mexican American intellectual history

Hollywood's Melodramatic Imagination Geoff Mayer, 2021-12-23 Melodrama is the foundation of American cinema It is however a poorly understood term While it is a pervasive and persuasive dramatic mode it is not tied to any specific moral or ideological system It is not a singular genre rather it operates as a genre generating machine capable of determining the aesthetics and structure of the drama within many genres Melodrama centers the conflict around the clash between good and evil and provides a sense of poetic justice but the specific values embedded in notions of good and evil are determined by the culture and they shift from nation to nation region to region and period to period This book explores the populist westerns of the 1930s the propaganda films that followed the Japanese attack on Pearl Harbor and the popularity of Sax Rohmer's master villain Fu Manchu Melodramas of passion and film noir also offer a challenge to melodrama with its seemingly alienated protagonists and downbeat endings Yet with few exceptions Hollywood was able to assimilate these genres within its melodramatic imagination

A History of the Israeli-Palestinian Conflict Mark A. Tessler, 1994 Mark Tessler's highly praised comprehensive and balanced history of the Israeli Palestinian conflict from the earliest times to the present updated to the first decade of the twenty first century provides a constructive framework for understanding recent developments and assessing the prospects for future peace New chapters elucidate the Oslo peace process including the reasons for its failure and the political dynamics in Israel the West Bank and Gaza at a critical time of transition Jacket

R. Murray Schafer L. Brett Scott, 2019-01-21 R Murray Schafer A Creative Life is the authoritative exploration of the life and work of this preeminent Canadian composer artist educator and activist Working closely with the composer and his family L Brett Scott has created the most up to date and accurate exploration of Schafer Scott draws on many public and private sources including the composer's own journals and correspondence which have not been previously

available to researchers Scott discusses Schafer's extensive writings including his research writings on Ezra Pound and E T A Hoffmann and his multiple works of fiction The volume also includes a detailed summary of Schafer's work in the field of acoustic ecology and recognition of his role as founder of the World Soundscape Project as well as an overview of his writings on creative music education With complete discussions of his theater works choral compositions compositions for voice chamber pieces orchestral compositions and early and transitional works and a chronological list of compositions and select discography this volume presents the most comprehensive study of Schafer and his enduring legacy *The History of the Law of Primogeniture* Radhabinod Pal,1929 **Political Innovation and Conceptual Change** Terence Ball,James Farr,Russell L. Hanson,1989-04-28 This book defends the claim that politics is a linguistically constituted activity and shows that the concepts which inform political beliefs and behaviour undergo changes related to real political events Having set out and discussed this theme the editors and contributors go on to analyse the evolution of thirteen particular concepts all central to political discourse in the western world They include revolution rights democracy property corruption public interest public opinion and ideology The volume will be illuminating to political theorists intellectual historians and philosophers **The American Girl Goes to War** Liz Clarke,2022-01-14 Introduction American Girls and National Identity Fighting Femininity on Home Soil in Civil War Films 1908 to American Revolution and Other Wars Featuring Preparedness and Peace or America and the European War Part I From Serial Queens to Patriotic Heroines or America and the European War Part II The American Girl and Wartime Patriotism Conclusion
