Story Of Britain A Peoples History:

Story of Britain Roy Strong, 1998-10-01 **The Story of Britain** Roy Strong, 1998 In this book the author tells the story of Britain as continuous narrative in chapters which give life meaning and point to every period he covers from Celtic times to the era of Margaret Thatcher **A People's History of London** John Rees, Lindsey German, 2012-06-19 In the eyes of Britain's heritage industry London is the traditional home of empire monarchy and power an urban wonderland for the privileged where the vast majority of Londoners feature only to applaud in the background Yet for nearly 2000 years the city has been a breeding ground for radical ideas home to thinkers heretics and rebels from John Wycliffe to Karl Marx It has been the site of sometimes violent clashes that changed the course of history the Levellers doomed struggle for liberty in the aftermath of the Civil War the silk weavers match girls and dockers who crusaded for workers rights and the Battle of Cable Street where East Enders took on Oswald Mosley's Black Shirts *A People's History of London* journeys to a city of pamphleteers agitators exiles and revolutionaries where millions of people have struggled in obscurity to secure a better future *A People's History of the Cold War* Colin Turbett, 2023-03-23 Between the closing battles of the Second World War and the collapse of the Soviet Union in 1991 the Cold War cast a shadow over the lives of people throughout the world while open conflict was avoided between the ideologically competing superpowers and their principal allies millions died in battlegrounds in parts of the world that were usually far from Moscow Washington and London The threat of nuclear annihilation was omnipresent but at the same time mutually assured destruction tempered conflict and focused minds Subtle and not so subtle attempts to influence popular opinion either way were apparent in everyday life on both sides of the divide while the power of the dollar and the burgeoning costs of the arms race eventually broke the Soviet economy the idea that capitalism won the Cold War seems misplaced especially if one considers events that have happened since including very recent armed conflict The book takes the reader through main events of the period but focuses on the impact on ordinary citizens East and West and the view of events from their perspective This is a story of how economies on both sides were built around war preparations and the advance of destructive technologies that had no social benefits apart from the provision of employment Sources used are unusual in not fitting the western based narratives that pervade both academic histories and popular accounts However this book is not an apology for the more oppressive aspects of Soviet policy as the USSR struggled to build really existing socialism within its own borders and the Eastern Bloc countries under its immediate influence Instead it brings a people's perspective from both sides onto this important period of recent history whose consequences are very much still with us as we face modern challenges around climate change and growing inequality across our world *A People's History of the Cold War* Stories from East and West captures the mood of the times with its extensive contemporary illustrations *Bringing History Alive through Local People and Places* Lynne Dixon, Alison Hales, 2013-12-04 A much needed and delightful book It shows how history can be taught with the meaningful experiences of each child at its

centre making connections between the child the locality and community the national and global past and concepts of time Throughout the authors empower teachers to adopt their philosophy by showing them how to plan select resources and strategies and reflect on ideas and case studies Hilary Cooper Emeritus professor of history and pedagogy The University of Cumbria UK Bringing History Alive through Local People and Places puts the local environment and community at the heart of history showing how it can be used as the context for successful history teaching across the primary age range It considers how to develop children s concepts and skills through local history how to link local national and global aspects of history and helps you develop your own historical knowledge understanding and confidence in teaching the subject Practical topics explored include Investigating children s cultural and geographical roots through fieldwork Finding and visiting local museums archives and heritage sights Choosing and using resources Using significant people events and buildings to link with national history Environmental education and sustainable development through local history Understanding the links between history and everyday life Planning and assessing history Based on the latest research and practice in the field Bringing History Alive through Local People and Places offers an exciting template of creative ideas and activities to show teachers how they can make history relevant to all children

Finding List of Books Except Fiction in the Public Library of the City of Dener with Author and Subject Indexes Denver Public Library,1903 *Children's Catalog* Detroit Public Library,1908 *Books and Apparatus ...* University of the State of New York,1891 **The Story of England** Michael Wood,2010-09-30 A VILLAGE AND ITS PEOPLE THROUGH THE WHOLE OF ENGLISH HISTORY The village of Kibworth in Leicestershire lies at the very centre of England It has a church some pubs the Grand Union Canal a First World War Memorial and many centuries of recorded history Bought in the thirteenth century by William de Merton who founded Merton College Oxford it also lodges 750 years of village history Michael Wood tells the extraordinary story of one English community over fifteen centuries from the moment that the Roman Emperor Honorius sent his famous letter in 410 advising the English to look to their own defences to the village as it is today He builds on this unique archive enlisting the help of Kibworth s inhabitants in a village wide archaeological dig and the first complete DNA profile of an English village The story of Kibworth is the story of England itself a Who Do You Think You Are for the entire nation Better than any historian for decades Wood brings home not just the ways in which buildings landscapes and written texts may be read but the sensual beauty of encounters with them TLS **Subject Index of the Modern Works Added to the British Museum Library** British Museum.
