Strange Lust The Psychology Of Homosexua:

Strange Lust Angelo Hesnard,1933 One of the first serious treatments of the topic **Strange Lust - The Psychology of Homosexuality** A. Hesnard,2008-11 Originally published in 1933 One of the first serious publications to deal with this subject Contents Include General Psychological Principles of the Problem of Homosexuality Primary Infantile Survivals and Maternal Influence as Cause of Sexual Inversion Homosexuality and Sensualism Erotic Narcissism among Homosexuals Homosexuality and Neuroticism Homosexuality Among Women Homosexual Biographies Secondary Infantile Survivals as Cause of Homosexuality etc Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive Home Farm Books are republishing these classic works in affordable high quality modern editions using the original text and artwork **Sexual Behavior in the Human Female** Alfred C. Kinsey,Institute for Sex Research,1998-05-22 On female sexuality *Bookleggers and Smuthounds* Jay A. Gertzman,2011-09-02 Between the two world wars at a time when both sexual repression and sexual curiosity were commonplace New York was the center of the erotic literature trade in America The market was large and contested encompassing not just what might today be considered pornographic material but also sexually explicit fiction of authors such as James Joyce Theodore Dreiser and D H Lawrence mail order manuals pulp romances and little dirty comics *Bookleggers and Smuthounds* vividly brings to life this significant chapter in American publishing history revealing the subtle symbiotic relationship between the publishers of erotica and the moralists who attached them and how the existence of both groups depended on the enduring appeal of prurience By keeping intact the association of sex with obscenity and shameful silence distributors of erotica simultaneously provided the antivice crusaders with a public enemy Jay Gertzman offers unforgettable portrayals of the pariah capitalists who shaped the industry and of the individuals organizations and government agencies that sought to control them Among the most compelling personalities we meet are the notorious publisher Samuel Roth the Prometheus of the Unprintable and his nemesis John Sumner head of the New York Society for the Suppression of Vice a man aggressive in his pursuit of pornographers and in his quest for a morally united and ethnically homogeneous America *Homosexuality and Psychology, Psychiatry, and Counseling* Wayne R. Dynes,Stephen Donaldson,1992 [Same Sex Love, 1700-1957](#) Gill Rossini,2017-07-31 Family history is often seen as the stories of people who were part of a traditional family unit married to someone of the opposite gender had children and lived their lives as normally as possible But what of the relatives who could not accept that this was the life for them and were attracted to same sex partners Was it possible for them to live their life as they wished to with their chosen partner and without hindrance ridicule or attack Would they be breaking the law in doing so and how would family and society react if they were found out Some of those concerned married and had children like the majority and buried their feelings in the bustle of everyday life others stayed single but abstained from relationships altogether as a way of keeping safe A number managed to live openly

and proudly as themselves challenging the prejudices and misconceptions of the day This is the story of all those people the brave the discreet the frightened the loving and the loved as well as love against all the odds more than likely it is a story that can be found in every family history Told in an empathetic and clear sighted way this is the first history of same sex relationships aimed specifically at family historians and offers valuable insights into the lives of those who were often seen as outcasts It includes research guidance for genealogists researching this often neglected aspect of family history and offers invaluable insights into the families society and culture they lived in *Speaking for Vice* Jonathan Weinberg, 1993-01-01 Grapples with the problems of identifying homosexual content in a work of art showing how artists often used sexual codes to communicate to their subculture The major part of the book is a discussion of Demuth s and Hartley s lives and works
