Stranger Danger:

Stranger Danger Peggy Panchella, 2005-01-14 Looks at how to stay safe around strangers describing who a stranger is what types of tricks a stranger uses and who to go to for help if needed *Stranger Danger* Christie Marlowe, 2015-02-03 You might have heard people say Strangers are just friends you haven't met yet That's true in many cases but not all strangers are kind and friendly Some strangers can be dangerous Staying away from people you don't know is often the best way to keep yourself safe Stranger Danger Paul M. Renfro, 2020-05-01 Beginning with Etan Patz's disappearance in Manhattan in 1979 a spate of high profile cases of missing and murdered children stoked anxieties about the threats of child kidnapping and exploitation Publicized through an emerging twenty four hour news cycle these cases supplied evidence of what some commentators dubbed a national epidemic of child abductions committed by strangers In this book Paul M Renfro narrates how the bereaved parents of missing and slain children turned their grief into a mass movement and alongside journalists and policymakers from both major political parties propelled a moral panic Leveraging larger cultural fears concerning familial and national decline these child safety crusaders warned Americans of a supposedly widespread and worsening child kidnapping threat erroneously claiming that as many as fifty thousand American children fell victim to stranger abductions annually The actual figure was and remains between one hundred and three hundred and kidnappings perpetrated by family members and acquaintances occur far more frequently Yet such exaggerated statistics and the emotionally resonant images and narratives deployed behind them led to the creation of new legal and cultural instruments designed to keep children safe and to punish the strangers who ostensibly wished them harm Ranging from extensive child fingerprinting drives to the milk carton campaign from the AMBER Alerts that periodically rattle Americans smart phones to the nation's sprawling system of sex offender registration these instruments have widened the reach of the carceral state and intensified surveillance practices focused on children Stranger Danger reveals the transformative power of this moral panic on American politics and culture showing how ideas and images of endangered childhood helped build a more punitive American state Stranger Danger? Anne Fine, 1994 Safety Yells Back Fran Sutton, 2008-09 Our children are not prepared for Stranger Danger as we know it Although there is no quick fix to the problem there are many things we as adults can do to positively address the issue and make sure our children are aware of the rules of safety Safety Yells Back takes A J and his friends through common situations that have the potential to become dangerous When confronted by strangers will your child make the right decision or will they put themselves in harm's way Are you concerned that your child may be too polite or trusting when faced with questionable circumstances Put your mind at ease as you educate your child using the Tiki Torch series of real life situations and adventures Join these neighborhood kids as they learn some important facts to staying safe Use the questions and answers printed at the end of Safety Yells Back to build confidence for both you and your child Be Aware of Stranger Danger Nancy Greenwood, 2017-12-15 From a young age children are taught to steer clear of
