Navigantium Atque Itinerantium Bibliotheca Or, a Complete Collection of Voyages and Travels John Harris, 1764 *Law and the Stranger* Austin Sarat, Lawrence Douglas, Martha Merrill Umphrey, 2010-07-06 Law calls communities into being and constitutes the we it governs This act of defining produces an outside as well as an inside a border whose crossing is guarded maintaining the identity coherence and integrity of the space and people within Those wishing to enter must negotiate a complex terrain of defensive mechanisms expectations assumptions and legal proscriptions Essentially law enforces the boundary between inside and outside in both physical and epistemological ways Law and the Stranger explores the ways law identifies and responds to strangers within and across borders It analyzes the ambiguous place strangers occupy in communities not their own and reflects on how dealing with strangers challenges the laws and communities that invite or parry them As the book reveals strangers are made through law rather than born through accidents of geography *The Stranger and the Chinese Moral Imagination* Haiyan Lee, 2014-11-12 In the last two decades China has become a dramatically more urban society and hundreds of millions of people have changed residence in the process Family and communal bonds have been broken in a country once known as a society of kith and kin There has been a pervasive sense of moral crisis in contemporary China and the new market economy doesn't seem to offer any solutions This book investigates how the Chinese have coped with the condition of modernity in which strangers are routinely thrust together Haiyan Lee dismisses the easy answers claiming that this moral crisis is merely smoke and mirrors conjured up by paternalistic overwrought leaders and scholars or that it can be simply chalked up to the topsy turvy of a market economy on steroids Rather Lee argues that the perception of crisis is itself symptomatic of a deeper problem that has roots in both the Confucian tradition of kinship and the modern state management of stranger sociality This ambitious work is the first to investigate the figure of the stranger foreigner peasant migrant bourgeois intellectual class enemy unattached woman animal across literature film television and museum culture Lee's aim is to show that hope lies with a robust civil society in which literature and the arts play a key role in sharpening the moral faculties and apprenticing readers in the art of living with strangers In so doing she makes a historical comparative and theoretically informed contribution to the on going conversation on China's civil society *The Mass Internment of Japanese Americans and the Quest for Legal Redress* Charles J. McClain, 2013-09-05 In 1942 U S military authorities invoking a presidential order and an Act of Congress forcibly evacuated over 110 000 persons of Japanese ancestry most of them U S citizens from their homes on the West Coast to what in fact were prison camps inland The essays and articles in this volume explore this most extraordinary episode in American constitutional history **The Gift of the Stranger** David Smith, Barbara Maria Carvill, 2000 A pioneering look at the implications of Christian faith for foreign language education It has become clear in recent years that reflection on foreign language education involves more than questioning which methods work best This new volume carries current discussions of

the value laden nature of foreign language teaching into new territory by exploring its spiritual and moral dimensions David Smith and Barbara Carvill show how the Christian faith sheds light on the history aims content and methods of foreign language education They also propose a new approach to the field based on the Christian understanding of hospitality

Parliamentary Debates New Zealand. Parliament,1888 **Parliamentary Debates (Hansard)** New Zealand. Parliament,New Zealand. Parliament. House of Representatives,1888 Senate documents ,1877 **Persian Art** Robert Murdoch Smith,1876 **Law and the Citizen** Austin Sarat,2020-09-09 This volume brings together an international and interdisciplinary array of scholars to explore issues around citizenship and law With chapters on different elements of the relationship between law and citizenship the volume makes a key contribution to the field and is essential reading for legal scholars
