Management Centre, 1986 Based on studies carried out at the Bradford Management Centre in Britain 1970 1984 Strategic Decision-making Chris Gore, Kate Murray, Bill Richardson, 1992 A study of effective decision making in business at the strategic level It emphasizes how to improve decision making and provides a framework for analysis of techniques appropriate to particular organizations and circumstances Case study material is provided at the end of each chapter **Business Strategy** Jeremy Kourdi, 2003-10-01 Jeremy Kourdi presents tools tactics and techniques for making effective strategic decisions in the complex modern business environment On these decisions hangs the future of the business how successful it is even whether it is successful Yet business history is full of strategic decisions both big and small that were weak poorly conceived and consequently disastrous This book looks at the whole process of strategic decision making the forces that influence decision makers the traps they fall into the times when a rational approach to decision making is required and those when intuition is needed the techniques that can help managers reach a strategically sound decision and the questions they should ask themselves before coming to a decision By looking at the range of strategic decisions that companies face and the techniques old and new that can help this book provides insights into how to make effective strategic decisions **Strategic Decision Making** Simon Haslam, Ben Shenoy, 2018-01-03 Making strategic decisions is a fundamental skill for leaders and managers However in a business environment that is in a constant state of change making strategic decisions has never been more difficult Strategic Decision Making addresses this challenge by providing a framework that can be used to make sound decisions in an uncertain world Structured around the core concepts of framing experimenting and scaling this book will ensure that efforts are focused where the need is greatest that interventions are tested evaluated and revised if necessary and that successful initiatives are effectively rolled out across the business Packed with real world examples and backed up by academic research Strategic Decision Making will allow today's leaders and the leaders of tomorrow to make successful and defensible business choices It shows how to avoid decision making bias overcome organizational inertia manage the difficulties of rigid organizational structures and avoid being side tracked by outdated or irrelevant experience Essential reading for business practitioners and management students alike this comprehensive guide provides a robust approach to achieving strategic success **Strategic Decisions** Vassilis Papadakis, Patrick Barwise, 2012-12-06 Over the past ten years there has been growing interest in the process of strategic decision making among both managers and researchers Strategic decisions are important for five main reasons They are large scale risky and hard to reverse they are a bridge between deliberate and emerging strategies they can be a major

source of organizational learning they play an important part in the development of individual managers and they cut across functions and academic disciplines Strategic Decisions summarizes the current state of the art in research on strategic decision making with chapters prepared by leading strategy researchers The editors also present implications for current application and proposed directions for future research Strategic Decisions and Weak Signals Humbert Lesca,Nicolas Lesca,2014-05-09 An increasing number of business executives managers and political leaders are using the concept of weak signals nowadays There are also an increasing number of people trying to find out exactly what this concept means as well as when and how to use it Such questions arise particularly when it comes down to making strategic decisions To help with these questions this book defines the concept of the weak signal and then demonstrates how it would be useful in relation to strategic decisions and more precisely in relation to three moments of the strategic decision i e The trigger of the strategic decision what is the trigger why and when The development of the strategic decision The implementation of the strategic decision *Decision Making and Business Performance* Eric J. Bolland,Carlos J. Lopes,2018 This breakthrough study examines how business decisions explain successful and unsuccessful performance Real world and academic research is evaluated including interviews and cases studies to create a model of how decisions and performance are connected for businesses of all sizes Recommendations are made to optimize decision making and projections about the future of decision making and performance are provided **The Essence of Strategic Decision Making** Charles R. Schwenk,1988
