Brown, 2017-03-17 Designed for both Hebrew and non Hebrew students *A Handbook to Old Testament Exegesis* offers a fresh hands on introduction to exegesis of the Old Testament William P Brown begins not with the biblical text itself but with the reader helping students to identify their own interpretive lenses before engaging the biblical text Brown guides the student through a wide variety of interpretive approaches including modern methodologies feminist womanist Latino a queer postcolonial disability and ecological approaches alongside more traditional methods This allows students to critically reflect on themselves as bona fide interpreters While covering a wide range of biblical passages Brown

The Dead Sea Scrolls and the Origins of the Bible Eugene

Ulrich, 2023-07-03 The Dead Sea Scrolls from Qumran provide the oldest best and most direct witness we have to the origins of the Hebrew Bible Prior to the discovery of the Scrolls scholars had textual evidence for only a single late period in the history of the biblical text leading them to believe that the text was uniform The Scrolls however provide documentary evidence a thousand years older than all previously known Hebrew manuscripts and reveal a period of pluriformity in the biblical text prior to the stage of the uniformity In this important collection of studies copublished by Eerdmans and Brill one of the world's foremost experts on the Dead Sea Scrolls outlines a comprehensive theory that reconstructs the complex development of the ancient texts that eventually came to form the Old Testament Eugene Ulrich who has examined all the texts closely is the pioneer of the multiple literary editions theory that is replacing older views of the origins of the Bible His work in this volume represents the leading edge of research in the exciting field of Scrolls studies

Dictionary of the Old Testament: Wisdom, Poetry and Writings TREMPER LONGMAN III, PETER ENNS, 2020-05-21 The Old Testament books of wisdom and poetry carry themselves differently from those of the Pentateuch the histories or the prophets The divine voice does not peal from Sinai there are no narratives carried along by prophetic interpretation nor are oracles declaimed by a prophet Here Scripture often speaks in the words of human response to God and God's world The hymns laments and thanksgivings of Israel the dirge of Lamentations the questionings of Qohelet the love poetry of the Song of Songs the bold drama of Job and the proverbial wisdom of Israel all offer their textures to this great body of biblical literature Then too there are the finely crafted stories of Ruth and Esther that narrate the silent providence of God in the course of Israelite and Jewish lives This third Old Testament volume in IVP's celebrated Black Dictionary series offers nearly 150 articles covering all the important aspects of Job Proverbs Ecclesiastes Psalms Song of Songs Lamentations Ruth and Esther Over 90 contributors many of them experts in this literature have contributed to the Dictionary of the Old Testament Wisdom Poetry and Writings This volume maintains the quality of scholarship that students scholars and pastors have come to expect from this series Coverage of each biblical book includes an introduction to the book itself as well as separate articles on their ancient Near Eastern background and their history of interpretation Additional articles amply explore the literary dimensions of Hebrew poetry and prose including acrostic ellipsis inclusio intertextuality parallelism and rhyme And there are well rounded treatments of Israelite wisdom and wisdom literature including wisdom poems sources and theology In addition a wide range of interpretive approaches is canvassed in articles on hermeneutics feminist interpretation form criticism historical criticism rhetorical criticism and social scientific approaches The Dictionary of the Old Testament Wisdom Poetry and Writings is sure to command shelf space within arm's reach of any student teacher or preacher working in this portion of biblical literature
