The Late Great Future

Jerome R. Corsi

The Late Great Future:

The Late Great Future Gregory Fitz Gerald,1976 **The Late Great United States** Mark Hitchcock,2010-05-18 Will God Bless America Even in the End Times Every day brings more news of a world that seems to teeter on a disastrous precipice Wars of genocide Massive earthquakes and typhoons The rising cost of foreign oil Terrorist bombings Economic disasters and lost security Crushing federal debt Famine and worldwide hunger a tidal wave of illegal immigrants How many of these events and crises are signs of the end times And what will become of the United States Will America continue to slip as today s lone world superpower and will it even exist when the sounds of warfare rumble at the Battle of Armageddon Clearly explaining the end time prophecies of Scripture Mark Hitchcock shows that today s geopolitical situation corresponds remarkably to what the Bible predicted thousands of years ago Prophecies previously dismissed as unbelievable now read like news headlines Learn of America s final fate and the outcome of dire events at the end of the age as Mark Hitchcock teaches how to find the only lasting hope in a God who will not forsake us no matter what cataclysms we experience on earth

The Late Great Planet Earth Hal Lindsey,2016-10-11 The impact of The Late Great Planet Earth cannot be overstated The New York Times called it the no 1 non fiction bestseller of the decade For Christians and non Christians of the 1970s Hal Lindsey s blockbuster served as a wake up call on events soon to come and events already unfolding all leading up to the greatest event of all the return of Jesus Christ The years since have confirmed Lindsey s insights into what biblical prophecy says about the times we live in Whether you re a church going believer or someone who wouldn t darken the door of a Christian institution the Bible has much to tell you about the imminent future of this planet In the midst of an out of control generation it reveals a grand design that s unfolding exactly according to plan The rebirth of Israel The threat of war in the Middle East An increase in natural catastrophes The revival of Satanism and witchcraft These and other signs foreseen by prophets from Moses to Jesus portend the coming of an antichrist of a war which will bring humanity to the brink of destruction and of incredible deliverance for a desperate dying planet *The Late Great USA* Jerome R. Corsi,2009-02-17

The author of the New York Times bestseller *Unfit for Command* argues that the benignly named Security and Prosperity Partnership created at a meeting between George W Bush Stephen Harper and Vincente Fox is in fact a kind of regional integration plan **The Late Great Me** David Maas,2015-09-23 This story covers the controversial topic of what happens when you die what you experience and the phenomenal power of the mind to work consciously unconsciously and sub consciously It also covers the way that death leads me to live a life with brain damage I literally had to learn to live again Extracts of the text have been used to teach university students who study topics associated with closed brain damage This is a step by step account of how my crippled mind was taught to work my struggle to understand how it works and the implications of its consciousness **The Late Great USA** Larry Pahl,2003-01-01 **The Last Days of the Late Great United States** Richard Pawley,2009-06 For thousands of years money was real usually gold or silver until the Chinese invented paper

money to replace real money They however had such a bad time with it with so many losing everything time and time again that it had been outlawed in China for more than a generation before western bankers thought up the idea and convinced King William in 1694 to replace the gold and silver and copper that Englishmen used with their newly printed paper Thus began a grand experiment that may soon come to an end The use of paper money and a debt based economy once known as colonialism or imperialism then capitalism now called globalization may soon be grinding down to a halt as nations around the world try to keep up with the United States in their printing of money Because of derivatives everyone owes everyone else many times more money than the worth of the entire planet The Kings of this Banker s Kingdom are killing the golden goose of taxpayers who have been supporting their lavish lifestyle for generations So entitled are these super rich that they see nothing wrong with goosing the taxpayers of the world for whatever they want The United States and indeed the nations of the world exist for their benefit If you understand this then so much of what goes on in the world becomes understandable but even they are going to grievously suffer in the near future Everyone is going to be affected The Book of Revelation the last book in the Bible refers to what I believe will be a banking world dictatorship which will require all citizens of earth to carry the world leader s mark micro chip or micro computer in their right hands or forehead in order to buy or sell anything It specifically says that this will be required of even a king which in today s parlance would also include prime ministers and presidents Also Interesting is the mention that this mostly One World Government will be controlled from Babylon Iraq Much will have to happen to bring all this about but events happening right now seem to be leading in that direction Unfortunately fewer and fewer people seem to believe the truths of the Bible or to heed it s warnings Even with the discovery in the late 20th Century of an actual code hidden within the ancient Hebrew text and accessible only by computer a code which seems to contain much of the future existence on this planet scoffers still tend to look on the Bible as merely history or worse yet myth We truly live in interesting times and they are going to get incredibly more interesting very soon We have already passed the tipping point but only a few see it Even with the advice in this book your life is going to be greatly different in less than a decade perhaps by next year Ignore this book entirely and there is a much higher probability that you will be one of the victims of The Last Days of The Late Great United States

The Late, Great Lakes William Ashworth, 1987 The Late Great Lakes is a powerful indictment of man s carelessness ignorance and apathy toward the Great Lakes The Late Great Lakes is a powerful indictment of man s carelessness ignorance and apathy toward the Great Lakes With the longest continuous coastline in the United States they hold one fifth of the world s freshwater supply Author William Ashworth presents a compelling history of the Great Lakes from their formation in the Ice Age to their discovery by Samuel de Champlain in 1615 and finally to their impending death in our time Ashworth systematically deals with the wild life that once flourished in the region beaver salmon whitefish and trout and describes the threatening elements which have displaced them the predatory sea lamprey the alewives toxic waste and volatile solids

Library of Congress. Copyright Office, 1978 **After Dispensationalism** Brian P. Irwin, 2023-05-03 What God wants his people to know about the end times Christians fixation on the end times is not new While eschatological speculation has sometimes resulted in distraction or despair Scripture does speak about the end So what does God most want us to know and do with prophecy In *After Dispensationalism* Brian P Irwin and Tim Perry sympathetically yet critically sketch the history beliefs and concerns of dispensationalism Though a minority view in the sweep of church history and tradition dispensationalism is one of the most influential end times systems today and there is much to learn from it And yet sometimes it gets sidetracked by overlooking the prophets main concerns Irwin and Perry reexamine the key texts and show that Ezekiel Daniel and Revelation primarily give a word of hope to God s people
