The Latvians A Short History Studies Of Nationalities:

The Latvians Andrejs Plakans,1995 This postperestroika historical narrative should contribute significantly to assessing the likelihood of Latvia's survival as an independent republic BOOK JACKET *East and Central European History Writing in Exile 1939-1989* Maria Zadencka,Andrejs Plakans,Andreas Lawaty,2015-07-28 The studies in East and Central European History Writing in Exile 1939 1989 all written by experts in the history of the region give answers to the comprehensive question of how the experience of exile during the time of the Nazi and Communist totalitarianism influenced and still influences history writing and the historical consciousness both in the countries hosting exile historians as well as in the home countries which these historians left The volume comprises difficult to access information about the organization and the work of historians exiled from the Baltic States including Baltic Germans Belorussia Ukraine and Poland And it provides reflections on the intellectuals networking between their own national and the foreign traditions in the exile Contributors are Olavi Arens Mirosław Filipowicz Jörg Hackmann Volodymyr Kravchenko Oleg Łatyszonek Andreas Lawaty Iveta Leitene Artur M. Karski Andrzej Nowak Gert von Pistohlkors Andrejs Plakans Toivo Raun Rafa Stobiecki Mirosław A. Supruniuk Jaan Undusk and Maria Zadencka **Central and East European Politics** Sharon L. Wolchik,Jane Leftwich Curry,2008 This long needed text explores the other half of Europe the new and future members of the European Union along with the problems and potential they bring to the region and to the world stage Clear and comprehensive it offers an authoritative and up to date analysis of the transformations and realities in Central and Eastern Europe the Baltics and Ukraine Divided into two parts the book presents a set of comparative country case studies as well as thematic chapters on key issues including EU and NATO expansion the economic transition and its social ramifications the role of women persistent problems of ethnicity and nationalism and political reform Leading scholars provide the historical context for the current situation of each country in the region They explain how communism ended and how democratic politics has emerged or is struggling to emerge in its wake how individual countries have transformed their economies how their populations have been affected by rapid and wrenching change and how foreign policy making has evolved For students and specialists alike this book will be an invaluable resource on the newly democratizing states of Europe Macedonia and the Macedonians Andrew Rossos,2013-09-01 Throughout history every power that has aspired to dominate the Balkans a crucial crossroads between Europe Asia and Africa has sought to control Macedonia But although Macedonia has figured prominently in history its name was largely absent from the historical stage representing only a disputed territory of indeterminate boundaries until the nineteenth century Successive invaders Roman Gothic Hun Slav Ottoman passed through or subjugated the area and incorporated it into their respective dynastic or territorial empires This detailed volume surveys the history of Macedonia from 600 BC to the present day with an emphasis on the past two centuries It reveals how the Macedonian question has long dominated Balkan politics and how for nearly two centuries it was the central issue dividing Balkan peoples as neighboring

nations struggled for possession of Macedonia and denied any distinct Macedonian identity territorial political ethnic or national The author concludes that Balkan acceptance of a Macedonian identity nation and state has become a necessity for stability in the Balkans and in a united Europe The Moldovans Charles King,2013-09-01 The first English language book to present a complete picture of this intriguing East European borderland The Moldovans Romania Russia and the Politics of Culture illuminates the perennial problems of identity politics and cultural change that the country has endured *The Modern Uzbeks* Edward A. Allworth,2013-09-01 In this study of the modern Uzbeks Professor Edward A Allworth provides a comprehensive and authoritative survey of an important group of Muslim people who live within the boundaries of the Soviet Union After the Russians and the Ukrainians the Uzbeks are the largest ethnic group in the Soviet Union and the strongest of a number of Muslim communities that populate the vast region of Central Asia Estonia and the Estonians Toivo U. Raun,2002-02-01 Estonia and the Estonians provides the first compendious survey in any language of Estonian history from prehistoric times to the twenty first century Estonia s strategic geopolitical location a crossroads where the major powers of northeastern Europe have struggled for influence and the small number of ethnic Estonians are crucial factors that have shaped the history of the area and its inhabitants The book emphasizes the period since the mid nineteenth century when a national movement calling for Estonian cultural and political autonomy began to emerge During the two world wars Estonia gained and lost political self determination Yet a modern Estonian culture was firmly established and a strong sense of national identity survived the Soviet era **A Pastoral Approach for the Journey of Healing and Wholeness Through Sharing One's Latvian Grief Story** Ruth Sonia Ziedonis,1997 Author explores the benefits of telling grief stories to arrive at self acceptance and acceptance of others **The Baltic Transformed** Walter C. Clemens,2001 Why isn t the Baltic region like the Balkans Why have the Baltic republics not experienced ethnic cleansing border wars authoritarian rule and social chaos Instead peace democracy and market economies have taken root since the fall of communism Walter C Clemens Jr here uses complexity theory which analyzes the role of self organization in complex adaptive systems to explain the Baltic miracle He argues that the theory is a vital tool for understanding the remarkable strides made by Estonia Latvia and Lithuania since 1991 in coping with the transition to partnership with the new Europe The Baltic peoples have adapted well to the demands of democracy a market economy and a constructive role in world affairs The achievements of Estonia Latvia and Lithuania in the past decade are the more amazing when considered against the hundreds of years they were dominated by Teutonic knights Hanseatic merchants Sweden Russia and the USSR Clemens uses this history as a springboard to analyze how Balts self organize today to meet the challenges of transition One of the first books to apply complexity theory to a major sphere of world politics The Baltic Transformed will provoke constructive debate with its ambitious and well grounded analysis of not only Baltic developments but European security more generally Despite its theoretical foundation the book is written in a clear and accessible style that will make it invaluable for courses on comparative politics political development international

relations security or transition studies **Between Giants** Prit Buttar, 2013-05-20 During World War II Latvia Lithuania and Estonia found themselves trapped between the giants of the Soviet Union and Nazi Germany Over the course of the war these states were repeatedly occupied by different forces and local government organizations and individuals were forced to choose between supporting the occupying forces or forming partisan units to resist their occupation Devastated during the German invasion these states then became the site of some of the most vicious fighting during the Soviet counter attack and push towards Berlin Many would be caught up in the bitter fighting in the region and in particular in the huge battles for the Courland Bridgehead during Operation Bagration when hundreds of thousands of soldiers would fight and die in the last year of the war By the end of the war death and deportation had cost the Baltic States over 20 per cent of their total population and Soviet occupation was to see the iron curtain descend on the region for four decades Using numerous first hand accounts and detailed archival research Prit Buttar weaves a magisterial account of the bitter fighting on the Eastern Front and the three small states whose fates were determined by the fortunes and misfortunes of war
