William Alexander, 1892 **Leading Ideas of the Gospels** William Alexander, 1894 **A Guide to the Gospels** William Graham Scroggie, 1948 Acknowledged by many as a classic work of biblical scholarship A Guide to the Gospels by Dr W Graham Scroggie provides a book by book treatment of the foundational New Testament books Every element of the four Gospels is covered under the three divisions of this study The Gospels viewed synthetically The Gospels viewed analytically The Gospels viewed Christologically Filled with a wealth of charts maps and lists A Guide to the Gospels provides a ready source of information analysis and source material for the pastor teacher or Bible student Scroggie's insightful treatment of the English text furnishes the comprehensive scholarship necessary for a thorough grasp of each book of the Gospels Back cover **The Spiritual Gospel** Maurice F. Wiles, 2006-03-16 This book surveys the Greek fathers interpretations of the Gospel of John from the earliest surviving commentary Heracleon c 170 up to the early fifth century It examines key themes and passages from the gospel and the varying methods of exegesis applied to them by different commentators giving special attention to the contrast between the schools of Alexandria notably Origen and Cyril and of Antioch Theodore of Mopsuestia and John Chrysostom Maurice Wiles identifies the distinctive insights of each commentator and teases out the rich diversity of interpretations that flourished in this early period This discussion is set within the wider context of early Christian thought including the controversies between the Gnostic modalist and monarchian heresies and orthodox Nicene doctrine **The Leading Ideas of the Gospels** William Alexander, 1872 The Leading Ideas of the Gospels Alexander William 1824-1911, Abp., HardPress, 2013-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy *The Four Gospels* William S. Stobb, 2015-06-18 The Four Gospels have been read and studied for nearly 2 000 years As early as the second century Irenaeus Church father and martyr declared that four accounts of the life of Christ were needed no more and no less Yet many Christians in spite of the numerous and excellent commentaries available today cannot answer the question Why four Gospels This in depth volume which took 20 years to research and 10 years to write clearly reveals the necessity of a four fold portrait of Christ Selected excerpts from some of the most celebrated writers of the past such as A Edersheim Chas Erdman F W Farrar Edw Gibbon F L Godet D S Gregory F

W Krummacher H H Milman G Campbell Morgan Arthur Pink Sir Wm Ramsay Chas Rollin R C Trench B F Westcott and scores of others are incorporated throughout the book in order to explain and substantiate the historical background and characteristic differences of the Four Gospels This work is an excellent reference for teachers students and historians but is designed for Christians in all walks of life A homeschooling mother stated that the work is quite readable even by a pressured mom and very worthwhile I especially like the organization of the book which helped me keep my bearings The history is fascinating and helpful **The Southern Review** ,1877
