The Liberation Of Men:

The Liberation of Men John Irwin,1994-01-01 **The Liberation of Men** John Irwin,Harvey Jackins,Charlie Kreiner,1992-01-01 *What Men Owe to Women* John C. Raines,Daniel C. Maguire,2001-01-04 Men from a wide range of traditions discuss gender justice in world religions *Boys Don't Cry?* Milette Shamir,Jennifer Travis,2002 We take for granted the idea that white middle class straight masculinity connotes total control of emotions emotional inexpressivity and emotional isolation That men repress their feelings as they seek their fortunes in the competitive worlds of business and politics seems to be a given This collection of essays by prominent literary and cultural critics rethinks such commonly held views by addressing the history and politics of emotion in prevailing narratives about masculinity How did the story of the emotionally stifled U S male come into being What are its political stakes Will the release of straight white middle class masculine emotion remake existing forms of power or reinforce them This collection forcefully challenges our most entrenched ideas about male emotion Through readings of works by Thoreau Lowell and W E B Du Bois and of twentieth century authors such as Hemingway and Kerouac this book questions the persistence of the emotionally alienated male in narratives of white middle class masculinity and addresses the political and social implications of male emotional release

The Republic of Men Geoff Read,2014-05-12 In *The Republic of Men* Geoff Read explores the intersection of gender bias and the eight most important political parties in interwar France breaking new scholarly ground in profound ways The first to compare gender discourse across the political spectrum in a national context and trace the origins of the fascist new man in other political traditions Read evaluates the impact of gender discourse upon policy during a pivotal period in French history Skillfully exploring how differing political traditions from left to right influenced and reacted to each other Read shows that regardless of the party predominant notions of gender manifested themselves in misogyny and double standards when it came to women s emancipation Despite the hostility of male politicians and party members and despite women s exclusion from both parliament and the vote Read argues that women were nonetheless crucial to politics and visibly prominent within almost every political party in interwar France Read explains this seeming contradiction by demonstrating the existence of a conservative trend in gender politics that by the mid 1930s had enveloped even the Communist Party Through his masterful analysis Read closes significant gaps in the existing historiography and presents a truly revisionist assessment of early twentieth century French politics
