Hawkins's *Life* complements, clarifies and often corrects numerous aspects of Boswell's *Life*. Samuel Johnson (1709–84) is the most significant English writer of the second half of the eighteenth century; indeed, this period is widely known as the Age of Johnson. Hawkins was Johnson's friend and legal adviser and the chief executor of his will. He knew Johnson longer and in many respects better than other biographers, including Boswell, who made unacknowledged use of Hawkins's *Life* and helped orchestrate the critical attacks that consigned the book to obscurity. Sir John Hawkins had special insight into Johnson's mental states at various points in his life: his early days in London; his association with the *Gentleman's Magazine*; and his political views and writings. Hawkins's use of historical and cultural details, an uncommon literary device at the time, produced one of the earliest life-and-times biographies in our language. The Introduction by O. M. Brack Jr. covers the history of the composition, publication and reception of the *Life* and provides a context in which it should be read. Annotations address historical, literary and linguistic uncertainties, and a full textual apparatus documents how Brack arrived at this definitive text of Hawkins's *Life*.
