The Life that Jack Lived Jack Troup, 1997 **The Hidden Lives of Jack the Ripper's Victims** Robert Hume, 2019-12-19 An in depth look at the lives of the women murdered by the infamous 19th century London serial killer Mary Ann Nichols Annie Chapman Elizabeth Stride Catherine Eddowes and Mary Jane Kelly are inextricably linked in history Their names might not be instantly recognizable and the identity of their murderer may have eluded detectives and historians throughout the years but there is no mistaking the infamy of Jack the Ripper For nine weeks during the autumn of 1888 the Whitechapel Murderer brought terror to London's East End slashing women's throats and disemboweling them London's most famous serial killer has been pored over time and again yet his victims have been sorely neglected reduced to the simple label prostitute The lives of these five women are rags to riches to rags stories of the most tragic kind There was a time in each of their lives when these poor women had a job money a home and a family Hardworking determined and fiercely independent individuals it was bad luck or a wrong turn here or there that left them wretched and destitute Ignored by the press and overlooked by historians it is time their stories were told Hume presents us with clear and concise biographies of the Ripper's victims and while it is tempting to think of them as all being prostitutes their backgrounds gone into in this much detail shows them as something completely different You will have to you must read this brilliant book it puts a whole new perspective into the canon of literature about the most infamous murderer of the last two centuries Books Monthly The Several Lives of Orphan Jack Sarah Ellis, 2004-07-26 When at the age of twelve he is sent out from the Opportunities School for Orphans and Foundlings to be a bookkeeper's apprentice Jack finds his heretofore predictable life full of unusual adventures The Many Lives of Jack Wells Michelle Files, Jack Wells is executed for a crime he did not commit Then things get worse After his execution 42 year old Jack wakes up as a 19 year old and he remembers everything from his past life The only thing he doesn't know is who killed those boys The murders have yet to be committed Can Jack save the boys in time and his own life in the process Over several lifetimes Jack races through time to find the answers This is one fight to the finish you won't want to miss Teens and adults alike will love this time travel thriller Get your copy of this gripping time travel series The Ivy Mystery series The Many Lives of Ivy Wells The Many Lives of Sam Wells The Many Lives of Jack Wells The Many Lives of Georgie Wells *Jack London's Racial Lives* Jeanne Campbell Reesman, 2011-03-15 Jack London 1876-1916 known for his naturalistic and mythic tales remains among the most popular and influential American writers in the world Jack London's Racial Lives offers the first full study of the enormously important issue of race in London's life and diverse works whether set in the Klondike Hawaii or the South Seas or during the Russo-Japanese War the Jack Johnson world heavyweight bouts or the Mexican Revolution Jeanne Campbell Reesman explores his choices of genre by analyzing racial content and purpose and judges his literary artistry against a standard of racial tolerance Although he promoted white superiority in novels and nonfiction London sharply satirized racism and meaningfully portrayed racial

others most often as protagonists in his short fiction Why the disparity For London racial and class identity were intertwined his formation as an artist began with the mixed heritage of his family His mother taught him racism but he learned something different from his African American foster mother Virginia Prentiss Childhood poverty shifting racial allegiances and a psychology of want helped construct the many houses of race and identity he imagined Reesman also examines London s socialism his study of Darwin and Jung and the illnesses he suffered in the South Seas With new readings of *The Call of the Wild* *Martin Eden* and many other works such as the explosive Pacific stories Reesman reveals that London employed many of the same literary tropes of race used by African American writers of his period the slave narrative double consciousness the tragic mulatto and ethnic diaspora Hawaii seemed to inspire his most memorable visions of a common humanity
