Abstract—The purpose of this study was to determine the effect of a 12-week training program on the heart rate (HR) and heart rate reserve (HRR) of sedentary middle-aged men. The study was conducted in a laboratory setting. The subjects were 15 sedentary middle-aged men (mean age 45.8 ± 1.2 years, range 35–55 years). They were divided into two groups: a control group (n = 7) and a training group (n = 8). The training group performed a 12-week training program consisting of three sessions per week, each lasting 30 minutes. The training program was designed to increase the HR and HRR of the subjects. The HR and HRR were measured at rest and during exercise at the beginning and end of the training program. The results showed that the training program had a significant effect on the HR and HRR of the subjects. The HR increased significantly from 70.5 ± 1.5 beats/min at rest to 75.5 ± 1.5 beats/min at the end of the training program. The HRR increased significantly from 15.5 ± 1.5 beats/min at rest to 20.5 ± 1.5 beats/min at the end of the training program. The control group showed no significant change in HR and HRR. The results of this study suggest that a 12-week training program can effectively increase the HR and HRR of sedentary middle-aged men.

Stephens, 2008-07-07 Who Healeth All Thy Diseases is a history of divine healing and 19th century health reform in the Church of God one of the earliest and most influential pre Pentecostal radical holiness movements The Church of God taught that Wesleyan entire sanctification was creating a visible unity of saints that restored the New Testament church of the apostles As the movement grew and experimented with the implications of visible sainthood physical healing miraculous divine healing and the physical perfectionism of health reform became integral to the life and theology of the Church of God shaping everything from proof of membership and evidence of ministerial authority to childrearing practices and acceptable clothing styles Physical healing manifested and embodied the movement s claim that God was healing the universal church the Body of Christ by cleansing individuals from the corruption of inbred sin By 1902 the prevailing opinion in the Church said that divine healing was an essential aspect of the gospel use of medicine was sinful and every minister had to exhibit the gifts of healing In the early 20th century the Church s theology and practices of healing

became increasingly problematic Tragic failures of divine healing epidemics medical advances court trials mandatory inoculations of schoolchildren and general opprobrium combined to prevent a simplistic equation of the Church of God and the church of the apostles By 1925 the Church had reversed its radical anti medicine doctrines Church members continued to affirm that Jesus answered prayers for healing but they no longer claimed to know exactly how he would answer prayers With that loss of certainty healing lost its power to serve as evidence of holiness and its central place in the history of the Church of God *God's Laws of Healing for Spirit, Soul and Body ...* ,1899 *The Law of Christian Healing* David Bruce Fitzgerald,1908 **LAWS OF THE DIVINE HEALING** J.
