The Code Tony Burroughs, 2008-03-01 The Code boldly presents readers with a true workable solution for the challenges facing our world today Based on a new Code of Conduct that anyone can relate to it is full of real life stories uniquely designed first to help readers become self empowered and more proficient at manifesting so that they are no longer at the mercy of people and forces outside themselves and second to provide a simple tried and true format for coming together in community to create peace freedom and the high quality living environment that everyone longs for and deserves Tony Burroughs was living and farming in Hawaii when a mentor came to him and over the course of fifteen years taught him lessons he simply referred to as The Information Burroughs and two others formed a spiritual circle to practice the lessons provided by the mentor and distilled them into a personal honor code available to all people wishing to prepare for a time of great change The time is now at hand and Burroughs along with thousands of others who have formed Intenders Circles throughout the world is sharing a simple and powerful message that which you are reaching toward is also reaching out toward you The practice is literally as easy as one two three say your intentions out loud dailygo to an Intenders Circlestate that in order for your

intentions to manifest they must serve the Highest and Best Good of the Universe yourself and everyone concerned Since there are no limits on what you can think about there are no limits on what you can intend **Universal Laws** Jennifer O'Neill, 2013-06-07 When it comes to working with the Law of Attraction or manifesting your desires there are many so called secrets When movies are produced or books are published on either of these two subjects some of the most important information is well let s just say missing You re only provided with half of the information that you need Is it on purpose Maybe sometimes Is it on accident Probably most of the time Is it because they don t know the entire truth themselves Most likely You will never ever be able to fully understand how to manifest things into your life without understanding the how the ENTIRE manifestation process works And I want you to succeed In this book you will learn How to understand Universal Laws Why Universal Laws are important to manifesting your desires What it feels like when working with Universal Laws and manifesting Manifesting Exercises Manifesting Meditation 6 Common blocks to manifesting your desires I have taught thousands of people how to manifest their desires and I have a huge success rate And if you follow these things I have no doubt in my mind that you too will be successful However this book is not for everyone Before you read this book You must have an open mind You must be willing to challenge your beliefs and how you think the world currently works around you You must also be okay with being different and thinking different then those who you choose to surround yourself with And not worry that they will make fun of your new perspective or think you re crazy If you re willing to learn what s in this book then take this knowledge and integrate it into your everyday life you will embark on the most rewarding journey of your life
