My Dad and the Foul Beast Within Cassandra Smith,2017-02-17 The authors father was a man who had an angry sinister soul inside of him which she called the foul beast within him How the author and her siblings survived all the tragedies bestowed upon them is unimaginable They were starved beaten and in winter left with frostbite their summers were filled with extreme dehydration and long exhausting days Even though police and social services agencies in two states were called hundreds of times they were unable to catch the perpetrator To these nine children it seemed like the burden of saving their own lives had fallen to themselves That was exactly what they did in the fall of 1994 when they pressed charges against their father To this day the siblings are haunted by all the horror and abuse they went through Yet the love these children had for one

another was incredible Even today they share a special closeness to one another and the desire to protect each other After dropping out of high school and living through a failed marriage the author pursued higher education in order to support herself and her young son Out of her darkness and tragedy she created light love and success The Legacy of Absence Pasquale De Marco,2025-08-13 In the face of mortality we are all seekers of meaning searching for answers to life s greatest mysteries This book is a profound exploration of death grief and the enduring power of love Through a tapestry of personal narratives philosophical reflections and expert insights we embark on a journey to confront the inevitable and discover the transformative potential of loss As we navigate the labyrinth of emotions that accompany the loss of a loved one we uncover the resilience of the human spirit We learn to embrace the waves of sorrow anger and despair and emerge from the depths of grief with a renewed sense of purpose and appreciation for life Along the way we delve into the cultural and societal rituals surrounding death and dying gaining insights into the ways in which different societies and individuals cope with the finality of existence The journey of confronting death also leads us to contemplate the nature of life itself We ponder the existential questions that have plagued humanity for centuries What is the meaning of life What happens after we die Is there a purpose beyond our earthly existence Through a blend of scientific inquiry spiritual exploration and personal anecdotes we explore the mysteries of consciousness the nature of reality and the possibility of an afterlife Furthermore we examine the impact of death on our relationships with others We explore the dynamics of grief within families the complexities of love and loss in romantic partnerships and the unique challenges faced by those who have lost a child Through these intimate stories we gain a deeper understanding of the human capacity for love resilience and the enduring power of connection Ultimately this book is an invitation to embrace death as an integral part of life It is a call to live more fully to cherish the moments we have with those we love and to find meaning and purpose in the face of the inevitable By confronting our mortality we discover the true essence of life and the beauty of the human experience This book is a must read for anyone who has experienced loss anyone who is contemplating the meaning of life and anyone who seeks solace and understanding in the face of mortality It is a powerful and transformative work that will change the way you think about death and life If you like this book write a review
