Friis, 2021-11-12 White Light The Poetry of Alberto Blanco examines the interplay of complementary images and concepts in the award winning Mexican writer s cycle of poems from 1979 to 2018 Blanco s poetic trilogy A la luz de siempre is characterized by its broad range of form and subject and by the poet s own eclectic background as a chemist maker of collages and musician Blanco speaks the language of the visual arts science mathematics music and philosophy and creates work with deep interdisciplinary roots This book explores how polarities such as space and place reading and writing sound and silence visual and verbal representation and faith and doubt are woven through A la luz de siempre These complements reveal how Blanco s poetry like the phenomenon of white light embraces paradox and transforms into something more than the sum of its disparate and polychromatic parts **Encyclopedia of American Poetry: The Twentieth Century** Eric L. Poetry Criticism, 1992 *Cazú Zegers* Philip Jodidio, 2024-09-24 A look at the most significant architectural and territorial projects by the world renowned Chilean architect a leader in the geopoetic methodology in architecture This is the first major book on Zegers who practices an intensely artistic and ecological form of architecture based on landscapes in which she builds Working frequently in timber Zegers reaches unique sustainable and recyclable solutions that combine and rescue the traditional work of Chilean carpenters with modern techniques In an almost metaphysical journey in which organic forms curves diagonals and verticals are combined Zegers affirms her rising presence as a force in ecologically minded architecture The book includes private residences hotels and sacred spaces that evoke the geographical magnitude of the Andean landscape Each project contains poems and sketches made by the architect In the Soplo Breath House living occurs without imposed spatial hierarchies in a continuous flow between interior and exterior The Tierra Patagonia Hotel which Zegers associates with the poetic word viento wind emerges beside craggy mountains and the glistening Lake Sarmiento at the entrance of the Torres del Paine National Park with stunning views of the Patagonia wilderness Zegers proposes a different approach toward architecture in an expressive search intimately related to Chile its territory landscape and traditions The large format book is specially printed with a fifth color throughout In the Light of Contradiction Roberta Ann Quance, 2017-07-05 In 1926 as a young man of 28 with a growing reputation as an oral poet Federico Garcia Lorca 1898 1936 toyed with the idea of proving his worth in writing by bringing out a boxed set of three volumes of his verse Because the Suites Canciones and the Poema del cante jondo eventually came out singly in the case of the Suites posthumously readers have not always realised that they formed a single body of work one which Lorca himself was surprised to note has una rarísima unidad an odd unity of aims and accomplishment This is poetry which takes up the question of desire in progressively depersonalizing ways and shows modernism coming into being Through renunciation by cutting away the personal and the taboo Lorca created a poetry that like no other in Europe stood between the avant garde

and oral traditions making their contradictions his truth Roberta Ann Quance is Senior Lecturer in Spanish at Queen's University Belfast
