The Limits Of Scripture Vivekanandas Reinterpretation Of The Vedas

Swami Dayanand Bharati

The Limits Of Scripture Vivekanandas Reinterpretation Of The Vedas:

The Limits of Scripture Anantanand Rambachan, 1994-01-01 Hailed as one of modern India's cultural heroes Swami Vivekananda 1863-1902 has been credited not only with interpreting Hinduism to the west but with interpreting it to India itself. Despite his pervasive influence, critical assessments and attempts to demythologize Vivekananda have been rare and rarer still are historical and hermeneutical clarifications of his work. *The Limits of Scripture* offers a close examination of Vivekananda's understanding of the authority of the Vedas and its relationship to anubhava, personal experience. Beginning with an analysis of western influences and Hindu responses in the nineteenth century, Anantanand Rambachan moves on to a careful explication of Vivekananda's understanding of the Vedas, the nature and scope of their authority, and the hermeneutical principles employed by him in his approach to the texts. Throughout the discussion, the author also clarifies the generally overlooked distinctions between Vivekananda's view of anubhava as the source of liberating knowledge and that of Sankara ca. 788-820, the principal systematizer and exponent of the Advaita tradition, who argued for the Vedas as the authoritative source of this knowledge. The task of critically distinguishing Sankara and Vivekananda has not been thoroughly accomplished elsewhere and is crucial for understanding religious and philosophical change in modern Indian thought. In addition, this work evaluates the coherence and consistency of Vivekananda's reinterpretations, drawing attention to important problems in his claim for the supremacy of personal experience, his arguments for many paths to the same goal, and his attempts to reconcile the insights of Hinduism with the methods and findings of science. In undertaking this assessment and analysis, *The Limits of Scripture* makes a real contribution to the understanding of Vivekananda's legacy, Indian religions, and the wider study of religion. **BOOK JACKET Title Summary field provided by Blackwell North America Inc. Essays in Hindu Theology Anantanand Rambachan, 2019-11-05 This work offers a series of theological explorations of themes not usually addressed in standard treatments of the Hindu tradition. Rambachan's retrieval of these distinctive insights of Hindu theology has implications that extend across the world's religions and that touches upon key areas of mutual interest and concern. Beginning with a general introduction to the Hindu theological tradition, the book examines several key issues in Hindu theology and its engagement with contemporary religious, social, political, and interfaith questions, including the theological methods employed in the study of Hinduism, the discernment of vocation, the theological grounds for social justice in the Hindu tradition, religion and nationalism, violence and non-violence, theological resources for interreligious dialogue especially among Hindus and Christians, hospitality and openness to the stranger, and spirituality and holiness. In exploring these issues, this study draws deeply from Hindu authoritative sources but does not limit itself to description. Each chapter is also a work in constructive theology, offering an interpretation of the Hindu tradition appropriate for life in our contemporary world. *Essays in Hindu Theology* will be of great interest not only to theologians and scholars but to all who are invested in interreligious understanding and theological engagements with modern challenges. *Religion for*

a Secular Age Thomas J. Green, 2016-04-14 Religion for a Secular Age provides a transnational history of modern Vedānta through a comparative study of two of its most important exponents Friedrich Max Müller 1823-1900 and Swami Vivekananda 1863-1902. This book explains why Vedānta's appeal spanned the ostensibly very different contexts of colonial India and Victorian Britain and America and how this ancient form of thought was translated by Müller and Vivekananda into a modern form of philosophy or religion. These religiously committed men attempted to reconcile religion with modernity by appealing to Advaita, literally non-dualistic Vedānta's monistic interpretation of reality. The scientific study of religion allegedly demonstrated the evolutionary superiority of Vedānta and the possibility of religion's survival in the light of modern science. They believed Vedānta could also provide the religious basis for moral engagement in this world even as the hold of orthodox Christianity and traditional Hinduism appeared to be weakening. Vedānta thus served as a way of articulating a form of religion suitable for a secular age, religion which has embraced modern forms of thought while breaking away from creeds, scriptures and institutions to thrive in the spheres of public debate of London, Calcutta and New York. *Swami Vivekananda*

Narasimha P. Sil, 1997-03 The book also takes a hard look at his universally acknowledged reputation as a hypercosmological renouncer who championed the causes of the poor and the downtrodden and thus exemplified the doctrines of socialism at their finest. Sil is the first scholar to critically examine Vivekananda's attitude toward women in general and to probe into his experience with Margaret Noble, Sister Nivedita in particular and he is the first author to provide a detailed analysis of Vivekananda's popularity as a preacher and lecturer.

The Bloomsbury Research Handbook of Vedānta Ayon Maharaj, 2020-05-28 This handbook brings together a distinguished team of scholars from philosophy, theology and religious studies to provide the first in-depth discussion of Vedānta and the many different systems of thought that make up this tradition of Indian philosophy. Emphasizing the historical development of Vedantic thought, it includes chapters on numerous classical Vedantic philosophies as well as the modern Vedantic views of Sri Ramakrishna, Sri Aurobindo and Romain Rolland. The volume offers careful hermeneutic analyses of how Vedantic texts have been interpreted and it addresses key issues and debates in Vedānta including religious diversity, the nature of God and the possibility of embodied liberation. Venturing into cross-philosophical and cross-cultural territory, it also brings Vedānta into dialogue with Śaiva Nondualism as well as contemporary Western analytic philosophy. Highlighting current scholarly controversies and charting new paths of inquiry, this is an indispensable research guide for anyone interested in the past, present and future of

Vedanta and Indian philosophy **The Advaita Worldview** Anantanand Rambachan, 2012-02-01 2007 CHOICE Outstanding Academic Title In this book Anantanand Rambachan offers a fresh and detailed perspective on Advaita Vedanta Hinduism's most influential and revered religious tradition Rambachan who is both a scholar and an Advaitin attends closely to the Upanisads and authentic commentaries of Sankara to challenge the tradition and to reconsider central aspects of its current teachings His reconstruction and reinterpretation of Advaita focuses in particular on the nature of brahman the status of the world in relation to brahman and the meaning and relevance of liberation Rambachan queries contemporary representations of an impersonal brahman and the need for popular hierarchical distinctions such as those between a higher para and lower apara brahman Such distinctions Rambachan argues are inconsistent with the non dual nature of brahman and are unnecessary when brahman's relationship with the world is correctly understood Questioning Advaita's traditional emphasis on renunciation and world denial Rambachan expands the understanding of suffering duhkha and liberation moksha and addresses socioeconomic as well as gender and caste inequalities Positing that the world is a celebrative expression of God's fullness this book advances Advaita as a universal and uninhibited path to a liberated life committed to compassion equality and justice **Christians Meeting Hindus** Bob Robinson, 2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines both descriptive detail of the actual encounter and critical theological analysis of the strengths and weakness of the dialog model The Integrity of the Yoga Darśana Ian Whicher, 1998-01-01 Maintains that the Yoga Sutras do not advocate abandonment of the world but rather support a stance that enables one to live more fully in the world without being enslaved by worldly identification **Hindu Mission, Christian Mission** Reid B. Locklin, 2024-05-01 For some four hundred years Hindus and Christians have been engaged in a public controversy about conversion and missionary proselytization especially in India and the Hindu diaspora Hindu Mission Christian Mission reframes this controversy by shifting attention from conversion to a wider interreligious study of mission as a category of thought and practice Comparative theologian Reid B Locklin traces the emergence of the nondualist Hindu teaching of Advaita Vedānta as a missionary tradition from the eighth century to the present day and draws this tradition into dialogue with contemporary proposals in Christian missiology As a descriptive study of the Chinmaya Mission the Ramakrishna Mission and other leading Advaita mission movements Hindu Mission Christian Mission contributes to a growing body of scholarship on transnational Hinduism As a speculative work of Christian

comparative theology it develops key themes from this engagement for a new interreligious theology of mission and conversion for the twenty first century and beyond
