Sins Of New York:

Sins of New York Edward Van Every, 1970-06-01 Sins of New York Milton Crane, 1950 **The Seven Deadly Sins** Stanford M. Lyman, 1989 A study of sloth lust anger pride envy gluttony and greed **The Seven Deadly Sins** David A. Salomon, 2019-03-22 This volume looks at the history of the idea of sin as it has influenced and shaped Western culture Emphasis is placed on an inter and cross disciplinary approach The word sin has come to transcend the theological and enter the common parlance in both media and society This book is an examination of that idea It discusses how the concept of sin evolved through the Middle Ages and into the modern era From religion to politics and from the bedroom to the boardroom a more complete understanding of the history of sin will assist the modern reader in a wide variety of fields This book builds on the work of Gregory the Great to explain each of the so called seven deadly sins pride lust anger gluttony avarice envy and sloth Each chapter provides a close look at the origins and history of that individual sin concluding with a section on contemporary applications of the idea and a case study The central argument is that the concept of sin has been integral to the development of Western society including not only political and religious history but also in extensive aspects of popular culture in the twenty first century The broader but significant issue of intention versus action permeates the study *A History of Sin* John Portmann, 2007-05-25 Traces changing conceptions of sin through history and analyzes the role that sin and our understanding of it plays society *The Seven Deadly Sins in the Work of Dorothy L. Sayers* Janice Brown, 1998 An examination of the work of Dorothy L Sayers beginning with her early poetry and moving through her fiction to her dramas essays and lectures It illustrates how Sayers used popular genres to teach about sin and redemption and how she redefined the seven deadly sins for the 20th century **Sin: A Guide for the Perplexed** Derek R. Nelson, 2011-07-28 An upper level introduction to the doctrine and understanding of sin in modern theology *The Fall and Sin* Marguerite Shuster, 2004 The devastating evils of recent history have brought about renewed interest in the Christian doctrine of sin This volume explores with fresh insight and great seriousness the contemporary plausibility meaning and relevance of the biblical understanding of the Fall and its effects Marguerite Shuster argues that certain aspects of the traditional doctrine of the Fall including the belief that it took place in time and space cannot simply be set aside without serious consequences for our doctrine of God and our understanding of human identity dignity and responsibility She explores the nature and extent of sin and examines such problematic issues as degrees of sin and culpability Despite the seriousness with which Shuster treats these topics her discussion is not despairing but instead points to the redemption that God has accomplished in Christ Filled with contemporary allusions and completed with model sermons on the Fall and sin this volume is one of the best available studies of this key Christian doctrine **In Defense of Sin** John Portmann, 2003-03-07 Intriguing and occasionally unsettling In Defense of Sin is a refreshingly frank exploration of some real facts of life Portmann gathers an on target collection of great writers on transgressions large and small Read about defenses for promiscuity greed deceit gossip lust breaking the golden

Bringle,2016-03-11 The world has changed since the early Christian theologians named envy as one of the seven deadly sins but it seems that the human heart has stayed much the same Envy Exposing a Secret Sin by Mary Louise Bringle finds that what once was viewed as destructive to the soul is now desirous From the Texas woman who tried to kill the mother of her daughter s rival for a position on the cheerleading squad to the market s use of envy to sell everything from cars to cat food the green eyed monster is alive and well Perhaps the only thing that s changed is our attitude to envy In this illuminating and lively volume Bringle examines the evolution of envy from something to be avoided to something to be achieved Drawing on a variety of sources from Gregory the Great to Cinderella from Hieronymous Bosch to Vogue magazine she explores ways to avoid the dangers of envy by reminding us of the ancient cure for this disease of the soul gratitude Glittering Vices
