information see <http://www.omep.net> The idea of carrying out a research project internationally was born at the OMEP's World Congress in Melbourne Australia 2004 All member countries were invited and 10 countries decided to participate of which three have withdrawn during the process The reason for this might be that in these countries only one person was working with the project while other seven countries have been working in a team of two or more persons The countries that have carried out research and contributed to this book with a chapter each are Australia Chile China Japan New Zealand Sweden and USA Wisconsin For more information about the participating countries and their corresponding addresses see Appendix I This book project started in Melbourne with a discussion about what is general in early childhood education globally and what is culturally specific The discussion was inspired by one of the keynote speakers Nazhat Shameem 2004 judge in the supreme court in Fiji when she said If we all think we are so different and specific in each culture the role of human rights has no value anymore We formulated three questions
