

# BEYOND THE PAGE:

## EXPLORING THE SOCIO-CULTURAL PERSPECTIVE OF LITERACY

### Create Connections

Create connections between school and home:

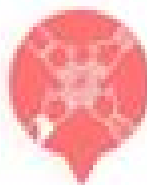

**What might this look like?**

**Involve families** in literacy activities (e.g. inviting them into school for literacy activities)

**Encouraging parents to read** with their children (e.g. choosing materials which their children enjoy, even things like scripts or computer games)

Recognising the value of **home language & culture** in supporting literacy development.

### Value the Diversity

Recognise and value the diverse backgrounds in the classroom:

**What might this look like?**

**Acknowledge, learn, and appreciate** that students come from different cultural, linguistic, and socio-economic backgrounds.

Create a classroom environment that **respects and values each student's identity** and align learning of literacy with this (e.g., incorporate different learning styles).

### Classroom Culture

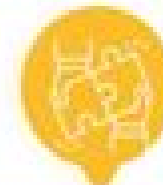

Foster a positive classroom culture:

**What might this look like?**

Create a classroom culture that **values and encourages literacy**, and where all students feel safe and supported.

Set high expectations for literacy achievement, provide opportunities for students to share their ideas and perspectives, and create a **supportive and inclusive learning environment**.

### Collaboration

Provide opportunities for student collaboration:

**What might this look like?**

Allow students the opportunity to **learn from each other's** perspectives and experiences.

**Create opportunities for students to work together** in groups, share their ideas, and learn from one another (for example, using drama, role play, or information exchange activities)

Improving socio-cultural perspectives towards literacy requires a commitment to creating a culturally responsive & inclusive learning environment that values & respects diversity. By incorporating these into teaching practices, we can help all students develop the literacy skills they need to succeed.
