Social Foundations Of The Mass Media:

Social Foundations of the Mass Media Walter M. Brasch, Dana R. Ulloth, 2001 Social Foundations of the Mass Media is a historical examination of the intellectual debate over the extent of permissible freedom that should be allowed for the expression and discussion of conflicting ideas The treatment begins with the ancient Egyptian concepts extends through Middle Eastern writings treats the Inquisition and concludes with modern concepts in the United States Both the church and the state have long desired to repress dissident opinion fearing that their authority would be undermined They have used persecution laws the courts and public opinion to try to impose their ideas upon an unwilling population Thinkers from Aristotle to Zechariah Chafee Jr the renowned legal scholar at Harvard University and Hugo Black former Associate Justice of the Supreme Court of the United States have had much to say about the role of journalists writers and dissidents Each of their ideas and those of many others appear in the Social Foundations of the Mass Media The debate will continue well into the future but the issues that have been raised over the centuries remain central to the debate today Mass Media James B. Martin, 2002 Mass media has become an integral part of the human experience News travels around the world in a split second affecting people in other countries in untold ways Although being on top of the news may be good at least for news junkies mass media also transmits values or the lack thereof condenses complex events and thoughts to simplified sound bites and often ignores the essence of an event or story The selective bibliography gathers the books and magazine literature over the previous ten years while providing access through author title and subject indexes *Sociological Foundation of Education* Srinibas Bhattacharya, 2006 From The Dawn Of Civilization Man Has Been Marching In Search Of Wisdom Various Experiments Are Projected Through Education So That Humanity Happiness And Harmony Be Wedded Together Education Is Indispensable For Making Life And Living Meaningful And Purposive Its Significance Cannot Be Fully Appreciated Unless It Is Looked At In Proper Perspectives Philosophical Sociological And Psychological The Sociological Foundation Of Education Has Added A New Dimension To Education As An Interdisciplinary Approach Man Not Only Lives In A Society He Grows And Functions In A Social Context And Various Factors Contribute To The Growth Of An Individual Sociology Which Involves The Study Of Society Social Process And Social Change Is A Growing Science Education Can Hardly Be Separated From Society And So From Sociology School Is A Miniature Society And What Happens In A Society Also Happens In A School Situation Like Parents In A Family Teachers Take Important Roles In A School Culture Occupies A Significant Place In A Society A Community Cannot Grow Without Culture Similarly A Society Cannot Survive Without Culture As In Every Dynamic Society There Are Problems So In Every School There Are Typical Situations Teacher Has A Distinct Role As A Social Worker And Community Member Obviously Of All The Foundations Of Education The Sociological Basis Has A More Practical Bearing On Day To Day Living In The Present Book An Attempt Has Been Made To Analytically Deal With Education In Relation To Social Environment Culture Social Control Social Stratification And Social Mobility Social Change And National Integration In

studies sociology and other related disciplines **Mass Media in Sub-Saharan Africa** Louise M. Bourgault,1995-06-22
 Mass Media in Sub Saharan Africa analyzes how historical political economic social cultural and stylistic factors have shaped media products in African radio television and newspapers Bourgault investigates three principal influences the pre colonial legacy of the oral tradition the presence of an alienated managerial class and the domination of African nations by systems based on political patronage The first two chapters provide the theoretical framework Subsequent chapters look at the management of the electronic media radio and television broadcasting in content and practice the history of print media and the discourse style found in the press This work provides a wealth of historical information on media systems particularly those of the former anglophone and francophone countries together with recent developments in satellite communication small systems technology and the current move toward decentralization and privatization Bourgault also considers the political shifts affecting Africa in the 1990s and offers a radical blueprint for more responsive and informative media in the sub Saharan area **Mass Media Effects Research** Raymond W. Preiss,2007 Publisher description **The Structure of Schooling** Richard Arum,Irene R. Beattie,Karly Ford,2015 This comprehensive reader in the sociology of education examines important topics and exposes students to examples of sociological research on schools Drawing from classic and contemporary scholarship the editors have chosen readings that examine current issues and reflect diverse theoretical approaches to studying the effects of schooling on individuals and society Freedom of the Press in China Yi Guo,2025-10-01 Western commentators have often criticized the state of press freedom in China arguing that individual speech still suffers from arbitrary restrictions and that its mass media remains under an authoritarian mode Yet the history of press freedom in the Chinese context has received little examination Unlike conventional historical accounts which narrate the institutional development of censorship and people s resistance to arbitrary repression Freedom of the Press in China A Conceptual History 1831 1949 is the first comprehensive study presenting the intellectual trajectory of press freedom It sheds light on the transcultural transference and localization of the concept in modern Chinese history spanning from its initial introduction in 1831 to the establishment of the People s Republic of China in 1949 By examining intellectuals thoughts common people s attitudes and official opinions along with the social cultural factors that were involved in negotiating Chinese interpretations and practices in history this book uncovers the dynamic and changing meanings of press freedom in modern China Advances in Foundational Mass Communication Theories Ran Wei,2018-02-02 Providing leading edge perspectives on the legacy theories of mass media and society this collection advances the foundational theories of mass communications which have sustained the field of study over the past fifty years Many of these contributions were originally published as a Deutschmann Scholarly Essay in the Mass Communication and Society journal and together they comprise a remarkable source of knowledge equipped to lead mass communications theory through the emergence of new technologies and the evolution of communications in the 21st century Moreover the contributions gathered in this volume

contradict any critics who may claim the theories of the 20th century have outlived their usefulness for these prove to guide contemporary research as forcefully as ever in the digital era Validating the classic media theories across time and their various forms constitute the second focal section of this volume Finally senior media scholars offer their views on the future directions in which mass communication theories can be advanced

The Enduring Democracy Kenneth J. Dautrich, David A. Yalof, Christina E. Bejarano, 2020-01-07 This textbook explains the ideas institutions and interests that form American government and politics through historical evolution and contemporary debates It engages students with clear writing and informative visuals and provides a comprehensive overview of the American political system Meena Bose Hofstra University

The Enduring Democracy examines the current state of American politics through the lenses of American history and the nation's changing demographics This two pronged approach encourages students to place current issues and controversies into historical perspective and to think critically about how those issues and controversies are impacted by America's increasingly diverse population By analyzing and understanding the influences of historical context and demographics students can debate effectively with references use historical outcomes to predict for the future and create strong arguments based on what they know about fundamental changes in the political landscape The highly anticipated Sixth Edition frames the 2016 general election and 2018 midterm elections from the perspective of what they mean to college students so that they can see the relevance of American government in their daily lives This title is accompanied by a complete teaching and learning package Digital Option Courseware SAGE Vantage is an intuitive digital platform that delivers this text's content and course materials in a learning experience that offers auto graded assignments and interactive multimedia tools all carefully designed to ignite student engagement and drive critical thinking Built with you and your students in mind it offers simple course set up and enables students to better prepare for class Assignable Video with Assessment Assignable video available with SAGE Vantage is tied to learning objectives and curated exclusively for this text to bring concepts to life LMS Cartridge formerly known as SAGE Coursepacks Import this title's instructor resources into your school's learning management system LMS and save time Don't use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site

Development Errol A. Gibbs,Philip A. Grey,2011-06 Five Foundations of Human Development FFHD is a philosophical religious and practical discourse on human development based on the following five foundations Spiritual Moral Social Intellectual and Physical The authors proffer that human beings possess the capacity to rise to a higher state of civilization when we allow Spiritual Intelligence to underpin human intelligence as our capable guide The indomitable spirit within human beings that brought civilization out of the Dark Ages and into an Age of Enlightenment demonstrates our capacity to transcend moral hope and optimism for a better world with peaceful coexistence among individuals families and nations This book will help inform enlighten and empower individuals and leaders in such fields as engineering science religion politics the military and other great institutions to engender solutions to the myriad of unsolved problems of past centuries problems of the present and emerging problems of the future Problems such as wars genocide greed and the exploitation of human beings begin within our destructive spiritual nature and manifest in the physical nature Therefore solutions also lie in the spiritual realm as a counterbalance to the natural realm of human existence FFHD is a blueprint for human survival based on adherence to physical laws and spiritual laws that transcend a belief in an omnipotent all powerful omnipresent everywhere and omniscient all knowing being It will awaken the conscience to comprehend the life threatening issues that face humankind The solutions therefore cannot merely be left only to the educated elite the military forces and those in high public and private office The global significance of this book is that it informs a more communal view of our world It is the only perspective that will allow us to enter the global village prepared for the racial social cultural environmental and economic challenges that lie ahead **The Enduring Democracy** Kenneth J. Dautrich,David A. Yalof,Christina E.

Bejarano,2025-01-07 The Enduring Democracy Eighth Edition provides the essentials of American government with a focus on placing current issues and debates into a historical perspective By looking back students can better understand the

challenges and controversies characterizing American government today **Mass Media and Drug Prevention** William D. Crano, Michael Burgoon, Stuart Oskamp, 2001-11-01 This book tells the story of the mass media's potential in the war against drug abuse. It is based on scientific evidence on the use of media in health promotion and disease prevention. Past approaches, successes and failures alike are included to help enlighten future programs of research and practice. Advice about the logical steps that must be taken to help alleviate the crisis of drug abuse is featured throughout. The book will appeal to social scientists interested in persuasion and the media. Each chapter offers information to help the conscientious practitioner maximize persuasive effects of a mass mediated presentation.
