A Social History of France 1780-1914 Peter McPhee, 2017-03-03 This volume provides a lively and authoritative synthesis of recent work on the social history of France and is now thoroughly updated to cover the long nineteenth century from 1789 to 1914 Peter McPhee offers both a readable narrative and a distinctive coherent argument about this remarkable century and explores key themes such as Peasant interaction with the environment The changing experience of work and leisure The nature of crime and protest Changing demographic patterns and family structures The religious practices of workers and peasants The ideology and internal repercussions of colonisation At the core of this social history is the exercise and experience of social relations of power not only because in these years there were four periods of protracted upheaval but also because the history of the workplace of relations between women and men adults and children is all about human interaction Stimulating and enjoyable to read this indispensable introduction to nineteenth century France will help readers to make sense of the often bewildering story of these years while giving them a better understanding of what it meant to be an inhabitant of France during that turbulent time A Social History of France, 1789-1914 Peter McPhee, 2004

the social groups which make up French society and provides detailed analyses of their lifestyles and social relationships Part Three considers the influence of such key institutions as churches schools and the state Drawing on an exceptionally wide range of primary sources this is likely to be the definitive overview of French society for many years to come and will be of interest to researchers of French history and European history **Living the French Revolution, 1789-1799** P.

reads easily sometimes racily and Hugo's narrative power is never let down An almost flawless translation which brings the full flavour of one of the greatest novels of the nineteenth century to new readers in the twenty first William Doyle Times Literary Supplement The year's most interesting publication from Penguin Classics was a new translation by Christine Donougher of the novel we all know as Les Misérables You may think that 1 300 pages is a huge investment of time when the story is so familiar but no adaptation can convey the addictive pleasure afforded by Victor Hugo's narrative voice by turns chatty crotchety buoyant and savagely ironical it's made to seem so contemporary and fresh in Donougher's rendering that the book has all the resonance of the most topical state of the nation novel Telegraph Christine Donougher's seamless and very modern translation of Les Misérables has an astonishing effect in that it reminds readers that Hugo was going further than any Dickensian lament about social conditions The Wretched touches the soul Herald Scotland

Wine, Sugar, and the Making of Modern France Elizabeth Heath, 2014-10-09 This is an innovative study of how race and empire transformed French republican citizenship in the early Third Republic Elizabeth Heath integrates the histories of the wine producing department of Aude and the sugar producing colony of Guadeloupe to reveal the ways in which empire was integral to the Third Republic's ability to stabilize a republican regime that began to unravel in an age of economic globalization She shows how global economic factors shaped negotiations between local citizens and the Third Republic over the responsibilities of the Republic to its citizens leading to the creation of two different and unequal

forms of citizenship that became constitutive of the interwar imperial nation state and the French welfare state Her findings shed important new light on the tensions within republicanism between ideals of liberty and equality and on the construction of race as a meaningful social category at a foundational moment in French history
