

# SOCIAL STRUCTURES

social structures in sociology are the relationships or interactions between groups of different people in a society.

## IN SOCIOLOGICAL ANALYSIS

The analysis of social structures often occurs on three levels:

1. **Macro analysis** – looks at broad categories and systems like large populations and groups like entire countries or economic systems.
2. **Meso analysis** – studies communities or certain groups in a society.
3. **Micro analysis** – observes patterns and collects data from smaller groups like families, or individuals (DeCarlo, 2018).

## EXAMPLES

- 1 Nations
- 2 Economies
- 3 Racial groups
- 4 Religions
- 5 Legal systems
- 6 Political parties

**Government-supported Research International Affairs; Research Completed and in Progress July 1969-June 1970** Allan E. Suchinsky, United States State Government, 1971 The document describes current research projects those initiated in progress and completed during fiscal year 1970 in the social and behavioral sciences dealing with international affairs foreign areas and United States foreign policy for the use primarily of research officers throughout the Government The research descriptions are arranged by subject matter with cross references as appropriate at the end of each section Author Anthropology and Political Science

Myron J. Aronoff, Jan Kubik, 2013 What can anthropology and political science learn from each other The authors argue that collaboration particularly in the area of concepts and methodologies is tremendously beneficial for both disciplines though they also deal with some troubling aspects of the relationship Focusing on the influence of anthropology on political science the book examines the basic assumptions the practitioners of each discipline make about the nature of social and political reality compares some of the key concepts each field employs and provides an extensive review of the basic methods of research that bridge both disciplines ethnography and case study Through ethnography participant observation reliance on extended case studies and the use of anthropological concepts and sensibilities a greater understanding of some of the most challenging issues of the day can be gained For example political anthropology challenges the illusion of the autonomy of the political assumed by political science to characterize so called modern societies Several chapters include a cross disciplinary analysis of key concepts and issues political culture political ritual the politics of collective identity democratization in divided societies conflict resolution civil society and the politics of post Communist transformations
