Social Visions Of The Hebrew Bible A Theological Introduction

Gerald R. McDermott

Social Visions Of The Hebrew Bible A Theological Introduction:

The Social Visions of the Hebrew Bible J. David Pleins,2001-01-01 J David Pleins presents a sociological study of the Hebrew Bible seeking to uncover its social vision by examining biblical statements about social ethics He does this within the framework provided by Israel s social institutions the social locations of its actors and the historical struggles for power and survival that are reflected in the transmission of the texts *Biblical Exegesis, Third Edition* John H. Hayes,Carl R. Holladay,2007-03-19 John Hayes and Carl Holladay have thoroughly revised and expanded this best selling textbook adding new chapters on emerging methods of interpretation and the use of computer technology for exegesis All bibliographies have been updated and Scripture has been converted to the NRSV This new edition retains the features of the early editions a minimum of technical terms solid introductory guidelines in exegetical methods and a valuable presentation of exegetical theory and practice It is ideal for general introductory exegesis courses introductions to the Old and New Testaments and introduction to preaching as well as for pastors and lay leaders **The Zondervan Encyclopedia of the Bible, Volume 5** Merrill C. Tenney,2010-08-10 Revised edition Volume 5 of 5 The Zondervan Encyclopedia of the Bible has been a classic Bible study resource for more than thirty years Now thoroughly revised this new five volume edition provides up to date entries based on the latest scholarship Beautiful full color pictures supplement the text which includes new articles in addition to thorough updates and improvements of existing topics Different viewpoints of scholarship permit a wellrounded perspective on significant issues relating to doctrines themes and biblical interpretation The goal remains the same to provide pastors teachers students and devoted Bible readers a comprehensive and reliable library of information More than 5 000 pages of vital information on Bible lands and people More than 7 500 articles alphabetically arranged for easy reference Hundreds of full color and black and white illustrations charts and graphs 32 pages of full color maps and hundreds of black and white outline maps for ready reference Scholarly articles ranging across the entire spectrum of theological and biblical topics backed by the most current body of archaeological research 238 contributors from around the world Old Testament Ethics for the People of God Christopher J. H. Wright,2013-01-30 Nothing confuses Christian ethics quite like the Old Testament Christopher Wright examines a theological social and economic framework for Old Testament ethics exploring themes in relation to contemporary issues economics the land and the poor politics and a world of nations law and justice society and culture and the way of the individual Like an Everlasting Signet Ring Bradley C. Gregory,2010 This work explores the theological and social dimensions of generosity in the book of Sirach and contextualizes them within the culture and thought of Second Temple Judaism Ben Sira s understanding of generosity is intertwined with issues of justice and its breakdown in his own socio economic environment Ben Sira believes that giving generously is an essential part of a Wisdom Torah ethic of mercy By relieving the plight of the poor the generous person imitates God s own special care for the poor and will receive future blessings in return **He Has Shown You What is Good** H G M Williamson,2012-02-23 Can the Old

Testament provide relevant principles for modern concepts of social justice Today citing our human rights is used as recourse for anything and everything Excessive use has corrupted a defining ideal of mankind Williamson explores the meaning of Old Testament justice to discover its significance for us today Concentrating on social justice he unearths the value and relevance of the phrase justice and righteousness Tracing this phrase and its context within and without the pages of Scripture Williamson elaborates an argument that passes from Abraham to Amos He expounds a biblical ideal that he argues is not rooted in the legalistic Law of Moses or necessarily an idealized history but is a concept that is fluid constructed in an organic appreciation for natural law Williamson has written an engaging and highly articulate book that exposes the relevance of the Old Testament as a blueprint for a way of life a mode of living that developed in accordance with the existence of the ancient Israelite The ideal maintained a form as derived from natural law that was applicable to all creeds and ranks and therefore is potentially relevant for us today

Righteousness in the Book of Proverbs Sun Myung Lyu, 2012 This study brings insights from character ethics in addition to the much discussed biblical scholarship on social justice in order to elucidate the concept of righteousness present in the book of Proverbs The author's choice of Proverbs as a wisdom text in relation to the concept of righteousness reflects the realization that previous scholarship has not dealt with righteousness as a concept in its own right but as a corollary to the issue of social justice Like character ethics Proverbs use its depiction of the righteous person as its prominent pedagogic device of moral discourse In other words instead of offering abstract statements about morality Sun Myung Lyu portrays the life of the righteous person as the paradigm of moral life which is pregnant with numerous realizations into specific actions befitting diverse life situations What the righteous person embodies is righteousness the character in toto which encompasses yet transcends specific virtues and actions After presenting a comparative study of Proverbs with the Psalms and the ancient Egyptian wisdom texts the author concludes that despite many similarities and parallels Proverbs still stands out in its strong emphasis on character formation and internalization of virtues as foundations of morality in general and righteousness in particular

Puzzling Portraits A.J. Culp, 2013-07-08 How are we to see the Old Testament's characters typically a tangle of both virtue and vice as models for our own ethical living It is clear that Scripture intends for us to embody some qualities while eschewing others and at times these are immediately obvious David's wholehearted pursuit of God is admirable while his adultery with Bathsheba and murder of Uriah are deplorable But more often than not we are left with shades of gray not really knowing whether the narrator approves disapproves or is indifferent to the behavior of these characters The present work seeks to address this issue situating itself at the fault line of the problem character portrayal It argues that often what we take to be the narrator's silence about a character is not silence at all rather the narrator is simply speaking in ways that we are not attuned to By becoming attuned to the voice of biblical narrative and by understanding its role in ethics therefore we are better able to understand the characters as resources for our own ethics This work develops its ideas by leveraging pertinent literary and

ethical models which are then trained upon a particular case in point the Gideon account in Judges 6 8 The Theology of the Land in Amos 7-9 Robert Khua Hnin Thang,2014-10-14 In the book of Amos the language about land is used extensively including terms and ideas such as Zion YHWH s bringing of Israel into the land references to various sanctuaries and places harvest and famine the relationship between the northern kingdom and Judah and references to the land of other nations However this subject of the land has never been studied as a theological topic in its own right but only as part of other themes This work follows a synchronic reading of Amos and employing textual literary and historical criticism the author carries out a careful theological analysis of the land Although the findings are set in the context of the entire book of Amos the study focuses on chapters 7 9 to explore the topic with closer detail **The Oxford Handbook of Evangelical**

Theology Gerald R. McDermott,2013-12 This volume surveys the state of the discipline on topics of greatest importance to evangelical theology The authors critically assess the state of the question from both classical and evangelical traditions and propose a future direction for evangelical thinking on the subject R sum de l diteur **The Mission of God** Christopher J. H. Wright,2025-10-21 Tackle Key Questions from the Past Two Decades in this Fully Updated Edition Engage with the latest scholarship on the biblical theology of mission and missional hermeneutics with Christopher J H Wright s classic text now fully revised and updated Most Christians would agree that the Bible provides a basis for mission But Christopher Wright boldly maintains that there is a missional basis for the Bible itself The entire Bible is generated by and is all about God s mission In order to understand the Scriptures we need a missional hermeneutic an interpretive perspective in sync with the beating heart of its great mission Wright gives us a new hermeneutical perspective on Scripture through an understanding of Who God is What he has called his people to be and do How the nations fit into God s mission In this revised edition of The Mission of God Wright extends his classic discussion to consider the ways that the conversation on missional hermeneutics has developed since its original publication With fully updated citations and additional chapters focused on gospel centered holistic mission and on the issue of election and supersessionism this new edition addresses the questions criticisms and insights that have emerged during the intervening two decades God s mission is to reclaim the world and God s people have a designated role to play Whether you re a pastor scholar or student The Mission of God will benefit your understanding of how the Bible shapes the story and purpose of God s people **Am I Still My Brother's Keeper?** Robert

Wafawanaka,2012-04-05 What does the Bible say about poverty and our responsibility toward the poor This book examines the concept of brother s keeper in both the ancient Near East and the biblical world Wafawanaka contends that biblical Israel failed to play the rightful role of brother s keeper and claims that we too have strayed from this responsibility Am I Still My Brother s Keeper reveals what we can learn about poverty from a biblical context and how we might appropriate those insights to fight poverty in our own communities Beginning with the biblical mandate in Deuteronomy 15 Wafawanaka surveys the Hebrew Scriptures and challenges those with power and resources to reevaluate their response to the poor

Failure to revisit the notion of brother's keeper threatens to create a society that is increasingly disenfranchised and unjust. A glance at our world in light of biblical history suggests that poverty is an endemic global problem that requires a radical global solution. *The Discourse of Wealth And Poverty in the Book of Proverbs* Timothy J. Sandoval, 2006. The Discourse of Wealth and Poverty in the Book of Proverbs includes a discussion of proverbs and metaphor, reviews previous studies of wealth and poverty in Proverbs, offers in-depth analyses of particular passages in Proverbs and suggests a possible social historical setting for the book. *Understanding Old Testament Ethics* John Barton, 2003-01-01. Written by one of the world's most widely respected biblical scholars, this volume sets out detailed recommendations for the future of the discipline.

Ethical and Unethical in the Old Testament Katharine J. Dell, 2010-09-02. This volume is interested in what the Old Testament and beyond Dead Sea Scrolls and Targum has to say about ethical behaviour through its characters through its varying portrayals of God and humanity in mutual dialogue and through its authors. It covers a wide range of genres of Old Testament material such as law, prophecy and wisdom. It takes key themes such as friendship and the holy war tradition and it considers key texts. It considers authorial intention in the portrayal of ethical stances. It also links up with wider ethical issues such as the environment and human engagement with the dark side of God. It is a multi-authored volume but the unifying theme was made clear at the start and contributors have worked to that remit. This has resulted in a wide-ranging and fascinating insight into a neglected area but one that is starting to receive increased attention in the biblical area.

The Bible and the American Future Robert Jewett, Wayne Alloway, John G. Lacey, 2010-01-01. What does the Bible say about the American future? Does it contain an apocalyptic vision in which conflicts are to be resolved by war? Or does it contain a vision of coexistence under some system of conflict management? While both visions have biblical foundations, the apocalyptic alternative has dominated public discussion in the past generation. Most people are not even aware that another vision can be derived from the same Bible and that it transcends the usual definitions of liberal, conservative or evangelical politics. The essays in this book, written by distinguished scholars from various sectors of the theological spectrum, throw surprising new light on these questions. They were presented as lectures at an extraordinary theological conference sponsored by a large Methodist church in Lincoln, Nebraska, in October 2009. In contrast to the usual shouting matches between partisans, this conference and this book featured liberal and conservative Protestant and Catholic scholars who calmly unearthed new insights about the Bible's relevance for the future of America and the world. Readers will be astonished to see these differing viewpoints on the pages of a single book and even more amazed at the new common ground that is prepared by these fresh and profound furrows. **Wise Up!** Alyce M. McKenzie, 2018-05-22. *Wise Up!* invites the reader to step up to the divine customer service desk and exchange self-sufficiency, self-absorption, self-indulgence and self-protection for the four virtues of biblical wisdom: the fear of the Lord, faith, the listening heart, compassion, the cool spirit, self-discipline and the subversive voice, moral courage. An invaluable resource for personal devotion, small group study and sermon series.

Wise Up is a spiritual manual for navigating the twists and turns of an unpredictable life The author mines the riches of the Bible s wisdom literature from Proverbs Job Ecclesiastes and the short sayings of the synoptic Jesus The result is four guiding virtues that can keep our feet from stumbling on the journey to wisdom through the thorniest of paths McKenzie the author of several popular books for both clergy and laity places her profound knowledge of biblical wisdom in conversation with the absurdities pains and joys of our everyday lives She invites wisdom down from the pedestal to accompany the reader on his or her daily rounds Reading this book at the same time soothes the soul and troubles the conscience It deepens faith fires compassion cools destructive desires and nudges the sleeping conscience awake *The Social Roots of Biblical Yahwism*

Stephen L. Cook,2004 Sure to provoke discussion and debate as it offers a unique approach to some old and perplexing issues in the history of ancient Israel and its religion Cook s study is a bold new proposal for synthesizing the social history of Israel s religious traditions Among the many Yahwisms coexisting in ancient Israel was an initially small minority stream of theological tradition composed of geographically and socially diverse groups in northern and southern Israel These groups shared a religious commitment to a covenantal village based land oriented Yahwism that arose before the emergence of Israelite kingship It eventually rose to dominance and its theology provided robust resources for dealing with the Babylonian exile It thus came to occupy a prominent place in the present canon of the Hebrew Bible Cook combines detailed study of biblical texts with a carefully constructed social scientific method and body of data to argue for the early origins of biblical Yahwism This book is written to be accessible to lay readers and also of significant interest to Hebrew Bible students and specialists c From publisher s description *The Old Testament and Ethics* Joel B. Green,Jacqueline E. Lapsley,2013-12-03

The acclaimed Dictionary of Scripture and Ethics DSE written to respond to the movement among biblical scholars and ethicists to recover the Bible for moral formation offered needed orientation and perspective on the vital relationship between Scripture and ethics This book by book survey of the Old Testament features key articles from the DSE bringing together a stellar list of contributors to introduce students to the use of the Old Testament for moral formation It will serve as an excellent supplementary text The stellar list of contributors includes Bruce Birch Mark Boda William Brown Stephen Chapman Daniel Harrington and Dennis Olson *Women, Ideology and Violence* Cheryl Anderson,2006-01-01 Cheryl Anderson examines the laws relating to women that are found in the Book of the Covenant and the Deuteronomic law She argues that the laws can be divided into those that treat women similarly to men defined as inclusive laws and those that treat women differently exclusive laws She then suggests that the exclusive laws which construct gender as male dominance female subordination do not just describe violence against women but are inherently violent toward women As a non historical critique of ideology critical theory is used to offer analytical insights that have significant implications for understanding gender constructions in both ancient and contemporary settings

Reviewing **Social Visions Of The Hebrew Bible A Theological Introduction**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
