Congress. House. Committee on Ways and Means. Subcommittee on Social Security, 1999      *Public Finance and Public Policy in the New Century* Sijbren Cnossen, Hans-Werner Sinn, 2003 The 16 essays in this book were written to celebrate the 90th birthday of Richard Musgrave and to commemorate the tenth anniversary of CES the Center for Economic Studies at the University of Munich Musgrave is considered to be a founding father of modern public economics He belongs to the intellectual tradition that views government as an instrument that can be used to correct market failure and to establish the society that people want Although his work fits within the individualistic framework of modern economics he also draws on principles of moral philosophy      *Social Security Investment in the Securities Markets* United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs. Subcommittee on Securities, 1998      **Alternatives for Welfare Policy** Torben M. Andersen, Per Molander, 2003-08-21 Demographic change and increasingly international markets are putting severe pressure on developed welfare states in the OECD countries The contributors to this book assess the magnitude of these challenges and discuss in depth and in concrete terms what policy options are open to meet them Looking at public service production social insurance tax policy and debt policy they examine the main costs and benefits associated with an extensive welfare state and ask whether the same objectives can be reached with a welfare regime that is less costly They also discuss whether the organization of the welfare state is capable of meeting future challenges facing a changing society This rigorous analysis draws on empirical material from OECD countries with a focus on the Scandinavian countries      **Impacts of the Current Social Security System** United States. Congress. House. Committee on Ways and Means. Subcommittee on Social Security, 1999      **Social Security Reform** United States. Congress. Senate. faces and how it differs from that of the United States This timely volume will significantly enrich the debate on pension reform worldwide Public Papers of the Presidents of the United States, George W.
