# Social Security In Global Perspective

**RJ Alexander**

## **Social Security In Global Perspective:**

**Social Security in Global Perspective** John E. Dixon,1999-07-30 Describes and evaluates the social security systems in 172 countries     How social security works Paul Spicker,2011-01-19 How social security works is an introduction to the much misunderstood system of benefits in Britain The book is an accessible broadly based and sometimes controversial text which can help readers to make sense of the system in practice It explains the guiding principles outlines the social context considers the development and political dimensions of benefits and reviews how the system operates now There are detailed discussions of the types of benefit and the contingencies covered by the benefits system Paul Spicker examines whether the system offers value for money how it could be simplified and how it can be improved The book will be useful to students on undergraduate and professional courses but beyond that it will appeal to policy makers practitioners and a broader general readership     **Global Perspectives of Occupational Social Work** Paul Maiden,2013-04-03 Explore the history and

practice of social work around the world This fascinating book presents a broad international survey of the development and current practices of occupational social work Covering seven countries around the world Global Perspectives of Occupational Social Work offers a unique cross cultural perspective on issues of interest to social workers everywhere From India to Ireland issues of training sexual harassment and workplace health and safety are remarkably similar and intriguingly varied Global Perspectives of Occupational Social Work describes the evolution of social work in factories and later in offices When industrialization brought women into factories owners hired nurses or governesses to guard chaperone and advise the young women in their employ Since then occupational social work has sought to keep a balance between the interests of management and workers In addition to discussing history and professional development Global Perspectives of Occupational Social Work reveals the way professionals like you handle the same situations you face every day including the shift toward privatization corporate restructuring and downsizing developing alcohol and substance abuse interventions creating employee assistance programs racism and sexism in the workplace HIV AIDS and other health problems workplace violence Covering Australia India Germany Ireland South Africa Israel and the US Global Perspectives of Occupational Social Work is a major contribution to the professional literature Not only will this book increase international awareness it may supply you with unique perspectives and fresh strategies for solving the problems your colleagues in Jerusalem and Pretoria also face

**Contractualisation of Family Law - Global Perspectives** Frederik Swennen,2015-07-06 This volume presents global and comparative perspectives on the perpetual pendular movement of family law between status and contract It contributes to the topical academic debate on family law exceptionalism by exploring the blurred lines between public law private law and family law and sheds light on the many shades of grey that exist The contributions focus on both substantive and procedural family law on parents and children and on life partners with particular attention for contractual arrangements of family formations and of conflict resolution The hypothesis underlying all contributions was the trend towards

contractualisation of family law A convergent research outcome resulting from the comparison of national reports was the ambivalent position of family law in legal systems worldwide That comparison shows that whereas family law is clearly moving towards contract with regard to old family formations the contrary is true for new family formations The movement towards contract is rarely considered to be contractualisation pur sang with civil effect The movement towards status finally does not necessarily witness family law exceptionalism vis vis private law in view of the increasing State interventionism in private law relations in general In sum as the volume shows the high permeability of the demarcations between the State the family and the market impedes a categorial approach This volume is based on the general and selected national reports on the topic Contractualisation of Family Law that were presented at the XIXth International Congress of Comparative Law in Vienna in July 2014

**Social Problems in Global Perspective** Ronald M. Glassman, William H. Swatos, Jr., Barbara J. Denison, 2004-11 The global high tech economy has generated a technological and scientific productive miracle But along with the miracle has come problems This important book provides a detailed account of some of these problems

**The Informal Economy in Global Perspective** Abel Polese, Colin C. Williams, Ioana A. Horodnic, Predrag Bejakovic, 2017-04-18 This book critically engages with how formal and informal mechanisms of governance are used across the world Specifically it analyzes how the governance mechanisms of formal institutions are questioned challenged and renegotiated through informal institutions Whilst there is an emerging body of scholarship focusing on informal practices this is scattered across a number of disciplines This edited collection by contrast fosters a dialogue on these issues moving away from monodisciplinary and normative methodologies that view informal institutions and practices simply as temporary economic phenomena In doing so the authors provide a wider understanding of how governance is composed of both the formal and the informal which complement each other but are also constantly in competition This novel approach will appeal to social scientists economists policy makers practitioners and anyone else willing to widen their understanding of how governance works

American Political Economy in Global Perspective Harold L. Wilensky, 2012-02-29 This book is a guide to claims about the proper role of government and markets in a global economy Moving between systematic comparison of 19 rich democracies and debate about what the United States can do to restore a more civilized egalitarian and fair society Harold L. Wilensky tells us how six of these countries got on a low road to economic progress and which components of their labor crunch strategy are uniquely American He provides an overview of the impact of major dimensions of globalization only one of which the interaction of the internationalization of finance and the rapid increase in the autonomy of central banks undermines either national sovereignty or job security labor standards and the welfare state Although Wilensky views American policy and politics through the lens of globalization he concludes that the nation state remains the center of personal identity social solidarity and political action He concentrates on what national differences mean for the well being of nations and their people Drawing on lessons from abroad and from America's own past successes Wilensky shows how we

can reverse our three decade decline He argues that in order to get off the low road we must overcome the myths of moderation the rise of the independent voter and a rightward shift of the electorate He specifies a feasible domestic agenda that matches majority sentiments in all rich democracies Re-Examining EU Policies from a Global Perspective Monica

Raileanu-Szeles,2013-11-21 New perspectives and analyses of key European policies through their past successes and failures present challenges such as the global financial crisis and future developments This book captures a critical turning point in the functioning of European policies and highlights the necessity of quick adjustments for critical new global developments **The Routledge Handbook of Global Perspectives on Homelessness, Law & Policy** Chris

Bevan,2024-06-06 This handbook provides a comprehensive global survey and assessment of the law and policy relating to homelessness prevention Homelessness is regarded internationally as one of the most pressing issues facing humanity and one of the greatest social challenges of our times This has been further amplified as a result of the Covid 19 pandemic Across the globe there is an enormous divergence in both experiences of and responses to homelessness from governments and state actors This handbook examines how different jurisdictions from across all five continents of the world have encountered framed and responded to homelessness Written by expert scholars and leaders in their field the book engages in a multidisciplinary and comparative analysis of homelessness as an issue of acute social concern Understandings of homelessness are geographically culturally and historically situated making analysis of each jurisdiction s approach by a national expert deeply insightful The collection examines legal and extra legal policy interventions targeted at reducing or preventing homelessness from across the globe Drawing on diverse perspectives differing cultures and welfare regimes it thus constitutes a timely evaluation of current approaches to homelessness internationally This book will appeal to students and scholars of homelessness sociology social policy anthropology and urban sociology as well as international and national policymakers **International Cooperation in Social Security** Ive Marx,Bea Cantillon,2005

Some commentators have predicted that the developed welfare states may have to cut back on social protection in the face of international economic competition Concerns have also been expressed about social dumping and a race to the bottom This book addresses the following issues What does theory tell us about such claims Is there empirical evidence pointing to any form of social dumping Are welfare states converging What kind of international cooperation if any is necessary to safeguard developed welfare states while at the same time enhancing social protection in the less developed ones What can be learned from existing models of cooperation within federal states within the European Union and between other international organisations *Global Perspectives on Social Work in Transition* Norby Paul,Joyashree Dey,2025-08-11

Mit Perspektiven aus 8 L ndern behandelt dieses Buch ein vielf ltiges Spektrum von Themen die f r die aktuelle internationale Sozialarbeit von Bedeutung sind Die Autor innen veranschaulichen und diskutieren Praktiken der Sozialarbeit und ihre Anpassungsf higkeit in der Zeit nach der Covid 19 Pandemie in ihren jeweiligen Kontexten Forschungsbasierte berlegungen sowohl aus der

Wissenschaft als auch aus der Praxis werden miteinander verwoben um dort Orientierung zu bieten wo traditionelle Formen der Sozialen Arbeit in Frage gestellt werden Ziel des Buches ist es den Leserinnen und Lesern die Möglichkeit zu geben sich mit den Implikationen der heutigen Herausforderungen auseinanderzusetzen und zukunftsorientiert zu handeln *Social Welfare in Global Context* James Midgley, 1997-03-26 James Midgley provides a broad overview of social welfare outlining key institutions terminology historical research and approaches He also details reasons for the existence of international social welfare and the challenges that arise from it The author includes an important section on applied international social welfare that addresses the concerns of practitioners concerns that have been neglected in much of the literature in the field An entire section of the book is devoted to issues of social work practice social development the activities of international agencies and their collaborative efforts While practical application is an important focus of the book several chapters deal with key theoretical debates in the field The author also includes descriptive chapters that provide comprehensive accounts of world social conditions and social welfare institutions As a textbook on international social welfare *Social Welfare in Global Context* is primarily intended for students and practitioners of social work social administration and social policy But it is also relevant for students of sociology public policy and economics **Policy Transfer in Global Perspective** Mark

Evans, 2017-07-05 The world of public policy is becoming increasingly small due to dramatic changes in global communications political and economic institutional structures and to nation states themselves This book evaluates the implications of these changes and challenges for both the study and the practice of policy transfer and provides a unique understanding of the relationship between systemic globalizing forces and the increasing scope and intensity of policy transfer activity It provides an explanation of policy transfer as a process of organizational learning an insight into how and why such processes are studied by policy scientists an evaluation of its use by policy practitioners and the first published collection of policy transfer case studies between developed countries from developed to developing countries and from developing countries **Global Perspectives on the Strategic Role of Marketing Information Systems**

Medina-Quintero, Jose Melchor, Sahagun, Miguel A., Alfaro, Jorge, Ortiz-Rodriguez, Fernando, 2023-05-08 A level of decision making is concerned with deciding the organization's objectives resources and policies A significant problem at this decision making level is predicting the organization's future and its environment as well as matching the organization's characteristics to that environment This process generally involves technology and knowledge from the market and clients In the current era the implementation of marketing information systems supported with AI techniques is crucial to being a unique opportunity to leverage marketing strategies with cutting edge technologies *Global Perspectives on the Strategic Role of Marketing Information Systems* communicates the recent advances in marketing information systems Covering topics such as digital entrepreneurship international business and micro and small enterprises this premier reference source is a cutting edge resource for marketers entrepreneurs business leaders and managers IT managers students and educators of higher

education librarians researchers and academicians      Global Perspectives in Workplace Health Promotion Wolf Kirsten, Robert Karch, 2012 Health Behavior Education Promotion      *Global Perspectives on Workers' and Labour Organizations* Maurizio Atzeni, Immanuel Ness, 2018-04-10 This book broadens the research on the underworld of precarious and not represented workers through a selection of original case studies from across the globe written by leading experts The book unveils the working conditions affecting this vast labour force that is so important to capital accumulation in the global age It also helps us to understand the forms and processes of organization that these groups of workers almost on an everyday basis put in place to improve their working conditions and lived experiences      **Global Perspectives in Health - Volume I** Boutros Pierre Mansourian, 2009-07-20 Global Perspectives in Health is a component of Encyclopedia of Biological Physiological and Health Sciences in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Global Perspectives in Health provides the essential aspects and with a myriad of issues of great relevance to our world such as Global Perspectives in Health Determinants of Health and Their Interactions Epidemiology Health and Disease in Populations Health Care Systems Ethical Issues in Health New Problems in Global Health These two volumes are aimed at the following five major target audiences University and College students Educators Professional practitioners Research personnel and Policy analysts managers and decision makers and NGOs      Global Perspectives on Recognising Non-formal and Informal Learning Madhu Singh, 2015-06-05 This book deals with the relevance of recognition and validation of non formal and informal learning education and training the workplace and society In an increasing number of countries it is at the top of the policy and research agenda ranking among the possible ways to redress the glaring lack of relevant academic and vocational qualifications and to promote the development of competences and certification procedures which recognise different types of learning including formal non formal and informal learning The aim of the book is therefore to present and share experience expertise and lessons in such a way that enables its effective and immediate use across the full spectrum of country contexts whether in the developing or developed world It examines the importance of meeting institutional and political requirements that give genuine value to the recognition of non formal and informal learning it shows why recognition is important and clarifies its usefulness and the role it serves in education working life and voluntary work it emphasises the importance of the coordination interests motivations trust and acceptance by all stakeholders The volume is also premised on an understanding of a learning society in which all social and cultural groups irrespective of gender race social class ethnicity mental health difficulties are entitled to quality learning throughout their lives Overall the thrust is to see the importance of recognising non formal and informal learning as part of the larger movement for re directing education and training for change This change is one that builds on an equitable society and economy and on sustainable development principles and values such as respect for others respect for difference and diversity exploration and dialogue      **Redefining Diversity and Dynamics of Natural Resources Management in**

**Asia, Volume 1** Ganesh Shivakoti,Ujjwal Pradhan,Helmi Helmi,2016-09-01 Redefining Diversity and Dynamics of Natural Resources Management in Asia Volumes 1 4 brings together scientific research and policy issues across various topographical area in Asia to provide a comprehensive overview of the issues facing the region Sustainable Natural Resources Management in Dynamic Southeast Asia Volume 1 pulls together regional experts in the field to look specifically at sustainability issues across the region to see what has been implemented what the impacts have been and what other options are available In the race to be a developed region many Southeast Asian countries have foregone natural resources through haphazard use As a result the people are faced with numerous environmental challenges particularly deforestation and forest degradation biodiversity loss and ecosystem degradation reduction in soil quality and decreases in the quantity of available water Community based forest management is the involvement of local communities in the protection conservation and management of public forests to prevent degradation through sustainable practices while still responding to the basic social and economic needs of local populations When the people who depend on forest resources for their livelihoods are jointly responsible for managing and protecting them they tend to do so in a more sustainable manner by focusing on the long term benefits rather than the immediate short term gains However when tenure rights are weak unclear or insecure or offer limited benefits people are incited in extracting more immediate benefits resulting in suboptimal forest management and the reduction of carbon stocks Features case studies that cover issues such as rising levels of deforestation forest degradation regional food security ecosystem degradation biodiversity loss conflicts over natural resource use water management issues and impacts on local communities Includes contributions from local researchers who are dealing with these issues first hand and on a daily basis Includes a comparative review on REDD implementation in different communities Focuses on sustainability issues across the region

**Global Perspectives on the Psychology of Terrorism** Chitadze, Nika,2022-09-16 The constant threat of terror leads to the destabilization of the political economic and social situation in the state Lack of confidence in personal safety contributes to the growth of anxiety fears and mental stress which negatively affects psychological health leading to the development of various psychosomatic disorders among the population Global Perspectives on the Psychology of Terrorism discusses the psychological aspects of terrorism including the determination of the main types of terrorism and the psychological characteristics of terrorists and terrorist groups It further speaks on the negative impact of terrorism on the mass consciousness as well as the ways to deal with stress in people exposed to the impact of terrorist attacks features of human behavior in extreme situations and methods of psychological support in times of crisis Covering topics such as state terrorism international security and cyberterrorism this premier reference source is an excellent resource for government officials sociologists representatives of mass media non governmental organizations politicians psychologists students and faculty of higher education librarians researchers and academicians
