Story Number 2 For Children Under Three Years Of Age

E. Jayne White, Carmen Dalli

Story Number 2 For Children Under Three Years Of Age:

Picturebooks Evelyn Arizpe, Maureen Farrell, Julie McAdam, 2014-10-14 The picturebook is now recognized as a sophisticated art form that has provided a space for some of the most exciting innovations in the field of children's literature. This book brings together the work of expert scholars from the UK, the USA and Europe to present original theoretical perspectives and new research on picturebooks and their readers. The authors draw on a variety of disciplines such as art and cultural history, semiotics, philosophy, cultural geography, visual literacy, education and literary theory in order to revisit the question of what a picturebook is and how the best authors and illustrators meet and exceed artistic, narrative and cultural expectations. The book looks at the socio-historical conditions of different times and countries in which a range of picturebooks have been created, pointing out variations but also highlighting commonalities. It also discusses what the stretching of borders may mean for new generations of readers and what contemporary children themselves have to say about picturebooks. This book was originally published as a special issue of the *New Review of Children's Literature and Librarianship*.

Under-three Year Olds in Policy and Practice E. Jayne White, Carmen Dalli, 2016-10-19 The first book in the series *Policy and Pedagogy with Under three year olds*, Cross-Disciplinary insights and innovations establishes a path for the much-needed examination of the experiences of infants and toddlers in contemporary educational settings across the globe. Bringing together internationally renowned scholars in the field, it starts a series of discussions about the positioning of under three year olds in contemporary practice and policy contexts. It takes an in-depth look at what this means for our understanding of under three year olds and those who share their worlds. Featuring some of the most important contemporary topics in this pedagogical domain such as care, well-being, belonging, professionalism and status, the contributors offer a kaleidoscope of perspectives for contemplating the new normality of very young children living their lives in group-based early childhood settings and what gives rise to their current realities. It also explores some important policy directions and trends.

Ionesco Richard Coe, 2023-02-14 First published in 1971, *Ionesco* is a study of the plays written by the absurdist playwright Eugene Ionesco. Eugene Ionesco's play *La Cantatrice Chauve* first presented in 1950 established him as one of the most provocative leaders of post-war Theatre of the Absurd. By 1970, his work had been performed by leading actors and companies all over the world. The author attempts to understand this enigmatic playwright and his plays while trying to explore the reasons behind his quick popularity. This book will be of interest to students of literature, drama, philosophy and history.
