Harold the Helicopter W. Awdry, 2008 Another tale from the Island of Sodor *Vietnam Helicopter Crew Member Stories* H.D Graham, 2014-02 This book is a collection of fascinating short stories photos and documents furnished by the heroic and courageous men that served as air or ground crew members in Vietnam The chopper units were located throughout Vietnam During the course of the war we lost at least 5 139 helicopter air crew members and at least 588 ground support crew members In fact the true number of helicopter air and ground crew members killed or missing in action will probably never be known Those crew members accounted for a large percentage of all the enemy killed during the war Those courageous men were American heroes then and will always be American heroes

A Pilot's Tale - Flying Helicopters in Vietnam William Heilman, 2008-04-01 The 60 s were a time of turmoil A war was raging in Southeast Asia and across the country on college campuses protests against the war were shutting down classes The country was divided The author recounts stories about becoming a helicopter pilot and flying two tours of duty in

Vietnam during this period **Heaven's Luck** Harold Hester,2001 *The Boy Who Would Be a Helicopter* Vivian Gussin PALEY,2009-06-30 How does a teacher begin to appreciate and tap the rich creative resources of the fantasy world of children What social functions do story playing and storytelling serve in the preschool classroom And how can the child who is trapped in private fantasies be brought into the richly imaginative social play that surrounds him The Boy Who Would Be a Helicopter focuses on the challenge posed by the isolated child to teachers and classmates alike in the unique community of the classroom It is the dramatic story of Jason the loner and outsider and of his ultimate triumph and homecoming into the society of his classmates As we follow Jason s struggle we see that the classroom is indeed the crucible within which the young discover themselves and learn to confront new problems in their daily experience Vivian Paley recreates the stage upon which children emerge as natural and ingenious storytellers She supplements these real life vignettes with brilliant insights into the teaching process offering detailed discussions about control authority and the misuse of punishment in the preschool classroom She shows a more effective and natural dynamic of limit setting that emerges in the control children exert over their own fantasies And here for the first time the author introduces a triumvirate of teachers Paley herself and two apprentices who reflect on the meaning of events unfolding before them
