History and Speculative Fiction John L. Hennessey, 2023-12-14 This open access book demonstrates that despite different epistemological starting points history and speculative fiction perform similar work in making the strange familiar and making the familiar strange by taking their readers on journeys through space and time Excellent history like excellent speculative fiction should cause readers to reconsider crucial aspects of their society that they normally overlook or lead them to reflect on radically different forms of social organization Drawing on Gunter Fur's postcolonial concept of concurrences and with contributions that explore diverse examples of speculative fiction and historical encounters using a variety of disciplinary approaches this volume provides new perspectives on colonialism ecological destruction the nature of humanity and how to envision a better future

Stories and Society Dennis Butts, 1992-07-01 Children's literature is increasingly exposed to critical debate in England and America There are indeed a number of histories and surveys of children's literature but few works exist which discuss the contexts ideologies and narrative structures of children's stories in a serious and detailed manner or examine particular case histories to see how the different forces interact This is what this collection of essays attempts to do The topics range from Little Women to Winnie the Pooh and from story forms such as The Adventure Story to Fantasy

The Fiction Writer's Guide to Alternate History Jack Dann, 2023-07-13 A comprehensive guide to the speculative sub genre of alternate history fiction this book maps the unique terrain of this vibrant mode of storytelling and then explains how to write it First giving a concise conceptual overview and the critical tools to differentiate the different forms of counterfactual fiction Jack Dann lays out the tricks of the trade such as Heinlein-ing how to create recognizable divergent points and how to employ paratextual elements and layering to overcome readers' unfamiliarity with invented counterfactual events and cultures Alongside this Dann takes you step by step through a complete short story to demonstrate line by line how alternative history fiction works As well as Dann's exacting methodology for writing professional quality alternate history stories this book also features a live on the page Q & A with some of the most esteemed alternate history writers working today including Kim Stanley Robinson John Birmingham and Lisa Goldstein among many others who will

detail their own particular hacks theories processes methods and strategies Combining extensive and deep knowledge of the field with accessible writing advice this is the ultimate guidebook to the broad and complex sub genre of counterfactual and alterative history fiction

Science Fiction and the Historical Novel Ian P. MacDonald,Kate Polak,2024-09-16 If you woke to realize that you could rewrite your yesterday without knowing the kind of tomorrow it would grant you would you do it Are the authors of our destiny working with an outline or spit balling confusing plotlines Since the past changes possible futures to what alighting butterfly should we pay the most heed This book explores the liminal space between speculative fiction and the historical novel Staged as a transnational multicultural conversation it takes up a call originally made by Fredric Jameson in *Archaeologies of the Future* wherein he describes that flashpoint between speculative and historical genres as the symptom of a mutation in our relationship to historical time itself Drawing together postcolonial feminist cultural Indigenous and cognitive approaches *Science Fiction and the Historical Novel* asks what the past can offer a future oriented world and how the future can be imagined in relation to a past that seeks narratives of inevitability rather than possibility Engaged with the idea of the past as a model for the future authors in this volume probe the extent to which historical scripts delimit possibilities and how authors engaged with the practice of alternative pasts rewrite potentialities in the present

Stories, Meaning, and Experience Yanna B. Popova,2015-06-26 This is a book about the human propensity to think about and experience the world through stories Why do we have stories How do stories create meaning for us and How is storytelling distinct from other forms of meaning making are some of the questions that this book seeks to answer Although these and other related problems have preoccupied linguists philosophers sociologists narratologists and cognitive scientists for centuries in *Stories Meaning and Experience* Yanna Popova takes an original interdisciplinary approach situating the study of stories within an enactive understanding of human cognition Enactive approaches to consciousness and cognition foreground the role of interaction in explanations of social understanding which includes the human practices of telling and reading stories Such an understanding of narrative makes a decisive break with both text centred approaches that have dominated structuralist and early cognitivist views of narrative meaning as well as pragmatic ones that view narrative understanding as a form of linguistic implicature The intersubjective experience that each narrative both affords and necessitates the author argues serves to highlight the active yet cooperative and communal nature of human sociality expressed in the numerous forms of human interaction of which storytelling is one

Old Stories Retold G. Andrew Stuckey,2010-01-01 *Old Stories Retold* delves into intertextual resonances cultivated with traditional literature in modern Chinese fiction from both the mainland and Taiwan These resonances develop alternative historical sensibilities which reveal the effects of modernization on Chinese culture
