Daniela Dueck

Strabos Cultural Geography:

Strabo's Cultural Geography Daniela Dueck, Hugh Lindsay, Sarah Potheary, 2005-12-22 Strabo of Amasia a Greek geographer of the Augusto Tiberian period observed the Roman world of his time He collected his observations in his magnum opus the Geography which he described as a Kolossourgia a colossal statue of a work This term reflects not only the work s size in seventeen books but also its multi faceted nature composed of many different elements like the detailing on a statue In this 2005 volume an international team of Strabo scholars explores those details discussing the cultural political historical and geographical questions addressed in the Geography The collection offers a number of different approaches to the study of Strabo from traditional literary and historical perspectives to newer material and feminist readings These diverse themes and approaches inform each other to provide a wide ranging exploration of Strabo s work making the book essential reading for students of ancient history and ancient geography

The Routledge Companion to Strabo Daniela Dueck, 2017-03-16 The Routledge Companion to Strabo explores the works of Strabo of Amasia c 64 BCE c CE 24 a Greek author writing at the prime of Roman expansion and political empowerment While his earlier historiographical composition is almost entirely lost his major opus of the Geography includes an encyclopaedic look at the entire world known at the time numerous ethnographic topographic historical mythological botanical and zoological details and much more This volume offers various insights to the literary and historical context of the man and his world The Companion in twenty eight chapters written by an international group of scholars examines several aspects of Strabo s personality the political and scholarly environment in which he was active his choices as an author and his ideas of history and geography This selection of ongoing Strabonian studies is an invaluable resource not just for students and scholars of Strabo himself but also for anyone interested in ancient geography and in the world of the early Roman Empire

Homer in Wittenberg William P. Weaver, 2022-10-20 Homer in Wittenberg draws on manuscript and printed materials to demonstrate Homer s foundational significance for educational and theological reform during the Reformation in Wittenberg In the first study of Melanchthon s Homer annotations from three different periods spanning his career and the first book length study of his reading of a classical author William Weaver offers a new perspective on the liberal arts and textual authority in the Renaissance and Reformation Melanchthon s significance in the teaching of the liberal arts has long been recognized but Homer s prominent place in his educational reforms is not widely known Homer was instrumental in Melanchthon s attempt to transform the university curriculum and his reforms of the liberal arts are clarified by his engagements with Homeric speech a subject of interest in recent Homer scholarship Beginning with his Greek grammar published just as he arrived in Wittenberg in 1518 and proceeding through his 1547 work on dialectic Homer in Wittenberg shows that teaching Homer decisively shaped Melanchthon s redesign of grammar logic and rhetoric Melanchthon embarked on reforming the liberal arts with the ultimate objective of reforming theological education His teaching of Homer illustrates the philosophical principles behind his use of

well known theological terms including sola scriptura law and gospel and loci communes Homer's significance extended even to a practical theology of prayer and Wittenberg scholia on Homer from the 1550s illustrate how the Homeric poem could be used to exercise faith as well as literary judgment and eloquence **From Rome to Constantinople** Hagit Amirav, R. B. ter Haar Romeny, 2007 Collection of articles arranged in 5 subsections Historiography and rhetoric Christianity in its social context art and representation Byzantium and the workings of the empire and late antiquity in retrospect **Strabo's Geography** Strabo, 2024-06-11 A lively new translation of Strabo's complete Geography an encyclopedic guide to the ancient world of the first century CE connecting it with the world of the twenty first century Strabo's Geography is an encyclopedic description of the ancient world as it appeared to a contemporary observer in the early Roman empire Information about taming elephants collecting saffron producing asphalt and practicing yoga is found alongside accounts of prostitution volcanic activity religious festivals and obscure eastern dynasties all set against the shifting backdrop of political power in the first century CE Traveling around the Mediterranean Strabo gathered knowledge of places and people supplementing his firsthand experiences with an immense amount of reading to create a sweeping chronicle that attempts to answer the implicit questions Who are we and Where do we come from Sarah Pothecary's new translation of Strabo's complete Geography makes this important work more accessible relevant and enjoyable than ever before Conveying the informal lively and almost journalistic style of Strabo's Greek this translation connects the ancient and modern worlds by providing modern names and maps for places mentioned in the text a generous page layout and marginal notes allowing readers to appreciate Strabo's work directly and immediately The result mimics what Strabo was doing two thousand years ago relating the rapidly changing present of his original readers to their own ancient past A remarkably modern translation of a revealing window on the ancient world this is essential reading for anyone interested in how we look at both antiquity and the world today

Environmental Thought in the Graeco-Roman World Orietta Dora Cordovana, 2024-09-23 The debate that has arisen around the concept of the Anthropocene forms the basis of this book It investigates certain forms of environmental interrelation and ecological sensitivity in the Graeco Roman world The notions of environmental depletion exploitation and loss of plant species and the ancients knowledge of species diversity are the main cores of the research The aim is to interrogate historical sources and diverse evidence and to analyse political and socioeconomic structures according to a reading focused on possible antecedents cultural prodromes alignments of thought or divergencies with respect to major modern environmental problems and current ecological conceptualisations As a result sustainable behaviour biodiversity and its practical uses can also be identified in ancient societies In the context of environmental studies this contribution is placed from the perspective of a historian of antiquity with the aim of outlining the *forma mentis* and *praxis* of the ancients with respect to specific environmental issues Ancient civilizations always provided ad hoc solutions for specific emergencies but never developed a comprehensive ecological culture of environmental protection as in modernity *The Oxford Handbook*

of Greek and Roman Mythography R. Scott Smith, Stephen M. Trzaskoma, 2022 Offers the first comprehensive survey of mythographical impulses and output from the archaic period up to late antiquity with further essays tracing the influence of mythography into the western Medieval Byzantine and Renaissance traditions Features essays on the intersection of mythography and other intellectual pursuits including ancient art and education Includes contributions from both established scholars and emerging voices Book jacket

Rome, a City and Its Empire in Perspective: The Impact of the Roman World through Fergus Millar's Research Stéphane Benoist, 2012-05-25 Fergus Millar's works have renewed our approach of the Roman world He had studied the functioning of the Roman Empire in the perspective of the Emperor's activities from Augustus to Constantine as well as the Republic during the last two centuries BC in order to revalue the people within the institutions and finally the Near East from Augustus to Constantine and then to the Muslim conquest He uses to be engaged with the whole evidence literary epigraphic papyrological juridical and archaeological that he examines closely with revived view points Distinguished and younger scholars have dealt during a seminar with the main aspects of Millar's research its reception and the reactions it has raised and proposed surveys about current inquiries as well as perspectives for future studies

The Children of Herodotus Jakub Pigoń, 2008-12-18 This book consists of 22 papers originally presented during the conference on ancient historical writing held in May 2007 in Wrocław Poland The authors are classical historians and philologists from academic institutions in Austria Finland France Germany Israel Poland the United Kingdom and the United States The collection responds to a growing interest among classical scholars in historiography and such related genres as ethnography and biography The focus of the volume is on the one hand on the ancient historians methods of approaching the external world especially a non Greek or non Roman world and on the other on the political dimension of historical writing especially of Roman imperial historiography There are also papers devoted to pointing and defining links between historiography and other literary genres such as epic or novel Much attention is given to classical Greek historiography Herodotus Thucydides Xenophon but other authors and periods are also discussed The book is addressed to classical scholars historians of historiography and anyone interested in ancient world With a view to a non specialist reader all Greek and most Latin quotations are translated

A Companion to Greek Literature Martin Hose, David Schenker, 2020-02-11 A Companion to Greek Literature presents a comprehensive introduction to the wide range of texts and literary forms produced in the Greek language over the course of a millennium beginning from the 6th century BCE up to the early years of the Byzantine Empire Features contributions from a wide range of established experts and emerging scholars of Greek literature Offers comprehensive coverage of the many genres and literary forms produced by the ancient Greeks including epic and lyric poetry oratory historiography biography philosophy the novel and technical literature Includes readings that address the production and transmission of ancient Greek texts historic reception individual authors and much more Explores the subject of ancient Greek literature in innovative ways
