Gary Westfahl

Strange Odybey A Hitchhikers Guide To The Psychic World:

Strange Odyssey Norman R. Bailey, 2010 Strange Odyssey takes New Age spirituality and gives it a whole new spin. Instead of examining religious spirituality, it follows the more individual and personal spiritual journey that the author Norm Bailey took while traveling throughout the United States and Europe. He shares his experiences, sometimes humorous and playful, sometimes profound and honest, in clear prose reminiscent of a travel journal. Strange Odyssey covers the spectrum of the spiritual world, including conversations with guides, healing, and powerful prayers, inexplicable occurrences, and the releasing of spirits. Forthcoming Books Rose Arny, 2002-04 **Subject Guide to Books in Print**, 1991 **Science Fiction Literature through History** Gary Westfahl, 2021-07-19 This book provides students and other interested readers with a comprehensive survey of science fiction history and numerous essays addressing major science fiction topics, authors, works, and subgenres, written by a distinguished scholar. This encyclopedia deals with written science fiction in all of its forms, not only novels and short stories but also mediums often ignored in other reference books, such as plays, poems, comic books, and graphic novels. Some science fiction films, television programs, and video games are also mentioned, particularly when they are relevant to written texts. Its focus is on science fiction in the English language, though due attention is given to international authors whose works have been frequently translated into English. Since science fiction became a recognized genre and greatly expanded in the 20th century, works published in the 20th and 21st centuries are most frequently discussed, though important earlier works are not neglected. The texts are designed to be helpful to numerous readers, ranging from students first encountering science fiction to experienced scholars in the field. **Sense of Wonder** Leigh Grossman, 2011-12-20 A survey of the last 100 years of science fiction with representative stories and illuminating essays by the top writers, poets, and scholars, from Edgar Rice Burroughs and Samuel Butler to Robert A. Heinlein and Jack Vance, from E. E. Doc Smith and Clifford D. Simak to Ted Chiang and Charles Stross and everyone in between. More than one million words of classic fiction and essays. **On Cassette**, 1991 *The Road to Strange* Michael Brein, 2021-10-15 MORE TALES OF UFOS THE PARANORMAL *The Road to Strange* A Psychic Reader in this final volume of *The Road to Strange* series, we include even more tales of the weird and the bizarre. Following in the spirit of John Keel and other Fortean writers, Michael Brein continues the tradition of collecting the best of even more startling and amazing true tales of UFOs and aliens, the paranormal, and high strangeness from nearly 2,000 interviews with people he has encountered in his travels all over the world. Maintains Michael, if but some of these tales are true, as plenty of them doubtlessly must be, what are we to make of it all? Indeed, in this fourth and final book of *The Road to Strange* series, Michael Brein presents even more compelling cases of the strange that force us to consider that we may just need to expand our paradigms after all, to incorporate truths that may be way beyond our current understanding. A Psychic Reader also contains a few surprise exclusive interviews granted to Michael by some of UFOlogy's all-time greats, including Stanton T. Friedman, Dr. Richard F. Haines, Linda M. Howe, Dr. J. Allen

Hynek Dr Bruce Maccabee and others In this final walk along The Road to Strange we examine an expanded collection of tales of UFOs the paranormal and the strange with an in depth look at even more genres of such subjects We examine in detail what more we can learn from an expanded look at even more true tales of the truly strange and the unknown In this book you ll find some very convincing true reports including a wide variety of personal accounts of the paranormal and the strange including UFOs and aliens ghosts and hauntings synchronicity miracles and healings the mystical and spiritual d j vus past lives and reincarnation crop circles macumba and black magic premonitions and precognitions out of body and near death experiences encounters with bigfoot and cryptids telepathy mind over matter animal communication and much more And true to form Dr Michael Brein dons his psychologist UFOlogist and parapsychologist hats as he gives his expert and often creative and provocative commentary after each and every account in A Psychic Reader in his best attempt to increase our knowledge understanding and perspectives of these truly perplexing and strange vagaries of human experience
