Strange Parallels: Volume 1, Integration on the Mainland Victor Lieberman, 2003-05-26 This ambitious work has two novel goals to overcome the extreme fragmentation of early Southeast Asian historiography and to connect Southeast Asian to world history Combining careful local research with wide ranging theory Lieberman argues that over a thousand years each of mainland Southeast Asia's great lowland corridors experienced a pattern of accelerating integration punctuated by recurrent collapse These trajectories were synchronized not only between corridors but most curiously between the mainland as a whole much of Europe and other sectors of Eurasia He describes in detail the nature of mainland consolidation which was simultaneously territorial religious ethnic and commercial and dissects the mix of endogenous and external factors responsible Here then is a fundamentally original analysis not only of Southeast Asia but of the pre modern world

Strange Parallels: Volume 2, Mainland Mirrors: Europe, Japan, China, South Asia, and the Islands Victor Lieberman, 2003 Blending fine grained case studies with overarching theory this book seeks to rethink 1 000 years of Eurasian history

The Crisis of the 14th Century Martin Bauch, Gerrit Jasper Schenk, 2019-12-16 Pre modern critical interactions of nature and society can best be studied during the so called Crisis of the 14th Century While historiography has long ignored the environmental framing of historical processes and scientists have over emphasized nature's impact on the course of human history this volume tries to describe the at times complex modes of the late medieval relationship of man and nature The idea of teleconnection borrowed from the geosciences describes the influence of atmospheric circulation patterns often over long distances It seems that there were teleconnections in society too So this volume aims to examine man environment interactions mainly in the 14th century from all over Europe and beyond It integrates contributions from different disciplines on impact perception and reaction of environmental change and natural extreme events on late Medieval societies For humanists from all historical disciplines it offers an approach how to integrate

written and even scientific evidence on environmental change in established and new fields of historical research For scientists it demonstrates the contributions scholars from the humanities can provide for discussion on past environmental changes

From Mountain Fastness to Coastal Kingdoms John Deyell, Rila Mukherjee, 2019-08-09 Money is central to the functioning of economies yet for the pre modern period our knowledge of monetary systems is still evolving Until recently historians of the medieval world have conflated the use of coins with a high degree of monetization States without coinage were considered under monetized It is becoming more evident however that some medieval states used money in complex ways without using coinage Moneys of account supplanted coins wholly or in part But there is an imbalance of evidence coins survive physically while intangible forms of money leave little trace This has skewed our understanding Since coin usage has been well studied in the past these essays flesh out our consideration of societies that used money but struck no coins Absence or shortage of coining metals was not the causative factor some of these societies had access to metal supplies but still remained coinless Was this a strategic choice Does it reflect the unique system of governance that developed in each kingdom It is surely time to unravel this puzzle This book examines money use in the Bay of Bengal world using the case of medieval Bengal as a fulcrum Situated between mountains and the sea this region had simultaneous access to both overland and maritime trade routes How did such cashless economies function internally within their regions and in the broader Indian Ocean context This volume brings together the thoughts of a range of upcoming scholars and a sprinkling of their elders on these and related issues Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
