Strange Rebirth:

The Strange Death of Moral Britain Christie Davies, 2017-09-08 In the last half of the twentieth century a once respectable and religious Britain became a seriously violent and dishonest society one in which person and property were at risk family breakdown ubiquitous and drug and alcohol abuse rising The Strange Death of Moral Britain demonstrates in detail the roots of Britain's decline It also shows how a society strongly Protestant in both morality and identity became one of the most secular societies in the world The culture wars about abortion capital punishment and homosexuality that have convulsed the United States have little meaning in Britain where there is neither a moral majority nor an indigenous emphasis on rights In the period when Britain had a strong national and religious identity defense of this identity led to legal persecution of male homosexuals As Britain's identity crumbled homosexuality ceased to be an important issue for most people Similarly all the pressing questions on abortion capital punishment and homosexuality were settled permanently on a purely utilitarian basis in Britain where all sources of moral argument are weak The ending of the death penalty marked the decline of the influence of the official hierarchies of church and state the Church of England the armed forces and their representative the Conservative Party The Strange Death of Moral Britain is a study of moral change secularization loss of identity and the growth of deviant behavior in Britain in the twentieth century Based on detailed scholarship it is a tightly argued and clearly written volume that will be of interest to scholars of religious studies and British social history Just Watch Me John English, 2010-09-07 This magnificent second volume written with exclusive access to Trudeau's private papers and letters completes what the Globe and Mail called the most illuminating Trudeau portrait yet written sweeping us from sixties Trudeaumania to his final days when he debated his faith His life is one of Canada's most engrossing stories John English reveals how for Trudeau style was as important as substance and how the controversial public figure intertwined with the charismatic private man and committed father He traces Trudeau's deep friendships with women especially many of them talented artists like Barbra Streisand and bitter enmities his marriage and family tragedy He illuminates his strengths and weaknesses from Trudeaumania to political disenchantment from his electrifying response to the kidnappings during the October Crisis to his all important patriation of the Canadian Constitution and his evolution to influential elder statesman

Labour's Antisemitism Crisis David Renton, 2021-08-16 Between 2015 and 2020 the Labour Party was riven by allegations that the party had tolerated antisemitism For the Labour right and some in the media the fact that such allegations could be made was proof of a moral collapse under Jeremy Corbyn's leadership Sections of the left meanwhile sought to resist the accusations by claiming that the numbers of people accused of racism were few that the allegations were an orchestrated attack and that those found guilty were excluded from the party This important book by one of Britain's leading historians of anti fascism gives a more detailed account than any yet published of what went wrong in Labour Renton rejects those on the right who sought to exploit the issue for factional advantage He also criticises those of his comrades on

the left who were ignorant about what most British Jews think and demonstrated a willingness to antagonise them This book will appeal to anyone who cares about antisemitism or left wing politics

Pub Philip Howell, 2025-01-09 *Object Lessons* is a series of short beautifully designed books about the hidden lives of ordinary things The pub is an English institution Yet its history has been obscured by myth and nostalgia In this unique book Philip Howell takes the public house as an object or rather as a series of objects he takes the pub apart and examines its constituent elements from pub signs to the bar staff to the calling of time But *Pub* also explores the hidden features of the pub such as corporate control cultural acceptance and exclusion and the role of the pub in communities

Do You Feel it Too? Nicoline Timmer, 2010 *Do You Feel It Too* explores a new sense of self that is becoming manifest in experimental fiction written by a generation of authors who can be considered the heirs of the postmodern tradition It offers a precise in depth analysis of a new post postmodern direction in fiction writing and highlights which aspects are most acute in the post postmodern novel Most notable is the emphatic expression of feelings and sentiments and a drive toward inter subjective connection and communication The self that is presented in these post postmodern works of fiction can best be characterized as relational To analyze this new sense of self a new interpretational method is introduced that offers a sophisticated approach to fictional selves combining the insights of post classical narratology and what is called narrative psychology Close analyses of three contemporary experimental texts *Infinite Jest* 1996 by David Foster Wallace *A Heartbreaking Work of Staggering Genius* 2000 by Dave Eggers and *House of Leaves* 2000 by Mark Danielewski provide insight into the typical problems that the self experiences in postmodern cultural contexts Three such problems or symptoms are singled out and analyzed in depth an inability to choose because of a lack of decision making tools a difficulty to situate or appropriate feelings and a structural need for a we a desire for connectivity and sociality The critique that can be distilled from these texts especially on the perceived solipsistic quality of postmodern experience worlds runs parallel to developments in recent critical theory These developments in fiction and theory both signal in the wake of poststructural conceptions of subjectivity a perhaps much awaited turn to the human in our culture at large today

In the Land of Invisible Women Qanta Ahmed MD,2008-09-01 A strikingly honest look into Islamic culture in particular women and Islam and what it takes for one woman to recreate herself in the land of invisible women Unexpectedly denied a visa to remain in the United States Qanta Ahmed a young British Muslim doctor becomes an outcast in motion On a whim she accepts an exciting position in Saudi Arabia This is not just a new job this is a chance at adventure in an exotic land she thinks she understands a place she hopes she will belong What she discovers is vastly different The Kingdom of Saudi Arabia is a world apart a land of unparalleled contrast She finds rejection and scorn in the places she believed would most embrace her but also humor honesty loyalty and love And for Qanta more than anything it is a land of opportunity Very few Islamic books for women give a firsthand account of what it's like to live in a place where Muslim women continue to be oppressed and treated as inferior to men But if you want to learn more about the Islamic culture in an unflinchingly real way this book is for you In this stunningly written book a Western trained Muslim doctor brings alive what it means for a woman to live in the Saudi Kingdom I've rarely experienced so vividly the shunning and shaming racism and anti-Semitism but the surprise is how Dr Ahmed also finds tenderness at the tattered edges of extremism and a life changing pilgrimage back to her Muslim faith Gail Sheehy

Words from Abroad Katja Garloff,2005-09-01 Examines the responses of German Jewish writers to the geographical and cultural displacement that is one of the lasting consequences of the Holocaust When Paul Celan was charged with plagiarism in 1960 the ensuing public debate in West Germany threw the poet into a major personal crisis even though most German critics immediately came to his defense This crisis coincided with a transformative moment in the history of Holocaust remembrance its first generational reimagining in the wake of a number of highly publicized criminal trials Words from Abroad takes its lead from this disjunction between public ritual and private crisis to chart the emergence of a new literary diaspora examining German Jewish writers who were dislocated in the course of World War II and began rewriting their own displacement more than a decade after the war The idea of diaspora had ceased to be a constructive element of Jewish culture in Germany during the nineteenth century process of emancipation and assimilation though this book argues that it becomes crucial in articulating the possibility of German Jewish identity after the Holocaust Along with the works of Paul Celan Words from Abroad examines selected German Jewish writers such as Peter Weiss and Nelly Sachs The study of these authors is framed by theoretical reflections on the play of distance and proximity in German Jewish intellectuals after the Holocaust including Theodor W Adorno Jean Améry and Günther Anders Drawing on postcolonial theory diaspora studies trauma theory and psychoanalytical theory author Katja Garloff offers an original and nuanced reading of the way in which these writers in the wake of the Holocaust experienced and variously created a vision of dispersion as both traumatic and productive Words from Abroad is an important tool in investigating the works of these German Jewish writers

and thinkers but it is also a contribution to the interdisciplinary scholarship on trauma and displacement itself
