Strangely Marked Metal:

The Pigheaded Soul Jason Guriel,2013-12-03 The Pigheaded Soul presents a series of witty intelligent and sometimes controversial essays in which talented newcomers and avowed masters alike find themselves within the literary crosshairs of acclaimed poet and critic Jason Guriel Guriel does not shy away from the negative review nor does he begrudge praise where praise is due He applauds the innovative and evocative rails against the lazy and the imprecise and critiques the hipster mentality of so called avant gardists who use the same tired tricks as shortcuts to perceived innovation But far from providing only reviews and critical readings The Pigheaded Soul serves up amusing insider anecdotes about the poetry community from intelligent examinations of inspiration and imagination to gonzo reportage of high profile and occasionally absurd literary events Wry engaging and astute Guriel writes with a confidence and panache that enlivens the often dry and dusty field of literary criticism

The Poetics of the Everyday Siobhan Phillips,2010 Wallace Stevens once described the malady of the quotidian lamenting the dull weight of everyday regimen Yet he would later hail that which is always beginning over and over recognizing if not celebrating the possibility of fresh invention Focusing on the poems of Wallace Stevens Robert Frost Elizabeth Bishop and James Merrill Siobhan Phillips positions everyday time as a vital category in modernist aesthetics American literature and poetic theory She eloquently reveals how through particular but related means each of these poets converts the necessity of quotidian experience into an aesthetic and experiential opportunity In Stevens Phillips analyzes the implications of cyclic dualism In Frost she explains the theoretical depth of a habitual middle way In Bishop s work she identifies the attempt to turn recurrent mornings into a ceremony rather than a sentence and in Merrill she shows how cosmic theories rely on daily habits Phillips ultimately demonstrates that a poetics of everyday time contributes not only to a richer understanding of these four writers but also to descriptions of their era estimations of their genre and ongoing reconfigurations of the issues that literature reflects and illuminates
