This book attempts a general history of the anti foreign spirit that I have defined as nativism It tries to show how American nativism evolved its own distinctive patterns how it has ebbed and flowed under the pressure of successive impulses in American history how it has fared at every social level and in every section where it left a mark and how it has passed into action Fundamentally this remains a study of public opinion but I have sought to follow the movement of opinion wherever it led relating it to political pressures social organization economic changes and intellectual interests from the Preface taken from back cover      *Madam How and Lady Why; Or, First Lessons in Earth Lore for Children* Charles Kingsley,2023-08-29
